writing of female political prisoners in Spain focusing on six texts in particular the two volumes of *Círcel de mujeres* by Tomasa Cuevas *Desde la noche y la niebla* by Juana Do a R *quien por la libertad* by Angeles García Madrid *Abajo las dictaduras* by Josefa García Segret and *Aquello sucedi as* by Angeles Malonda All the texts share common themes such as describing the hunger and repression that all political prisoners suffered However the ideologically driven narratives of Communist women often foreground representations of resistance at the expense of exploring the emotional and intellectual struggle for survival that many women political prisoners faced in the aftermath of the Spanish Civil War This study nuances our understanding of imprisoned women as individuals and as a collective analysing how women political prisoners sought recognition and justice in the face of a vindictive dictatorship It also explores the women's response to the spirit of *convivencia* during the transition to democracy which once again threatened to silence them

[Living the Death of Democracy in Spain](#) Susana Belenguer, Ciaran Cosgrove, James Whiston, 2017-10-02 This volume brings together new interdisciplinary perspectives on the Spanish Civil War its victims its contentious ending and its aftermath In exploring the slow demise of the Spanish Republic and the course of the Civil War the authors have chosen to range in turn over cinematic literary and historical depictions of the era In addition reactions elsewhere in Europe to the Spanish conflict are examined the role of the International Brigades is looked at afresh the fate of children displaced during the Civil War is explored and the Spanish anarcho syndicalist movement is revisited The volume shows that to be any kind of soldier in the armies of the Republic or even to be seen as a Republican sympathiser was to become a non person in the new order in Spain under Franco and sets what supporters of the Republic had to endure within the wider European and international context of the period This book offers timely fresh insights into the failure of the Spanish Republic and into a society that tried in vain to unite its divided people during what was a seismic era in Spain's history This book was originally published as a special issue of *Bulletin of Spanish Studies*

Memories of Resistance Shirley Mangini, Shirley Mangini González, 1995-01-01 She discusses the factors that provoked the war and how they affected Spanish women both the visible women who during the turbulent 1920s and 1930s tried to become part of mainstream politics and the invisible women who came to the fore during the revolutionary years of the Second Spanish Republic from 1931 to 1936 and became activists in the protest against the military insurrection of 1936

[Latin American Literature in Transition 1930-1980: Volume 4](#) Amanda Holmes, Par Kumaraswami, 2022-12-08 *Latin American Literature in Transition 1930-1980* explores the literary landscape of the mid twentieth century and the texts that were produced during that period It takes four core areas of thematic and conceptual focus solidarity aesthetics and innovation war revolution and dictatorship metropolis and ruins and employs them to explore the complexity heterogeneity and hybridity of form genre subject matter and discipline that characterised literature from the period In doing so it uncovers the points of transition connection contradiction and tension that shaped the work of many canonical and non canonical authors It illuminates the conversations between genres literary movements disciplines and

modes of representation that underpin writing form this period Lastly by focusing on canon and beyond the volume visibilizes the aesthetics poetics politics and social projects of writing incorporating established writers but also writers whose work is yet to be examined in all its complexity

Deadly Embrace Sebastian Balfour, 2002-05-23 Combining military political cultural social and oral history Sebastian Balfour narrates for the first time the development of a brutalised interventionist army that played a crucial role in the victory of the Francoists in the Spanish Civil War Spain's new colonial venture in Morocco in the early twentieth century turned into a bloody war against the tribes resisting the Spanish invasion of their lands After suffering a succession of heavy military disasters against some of the most accomplished guerrillas in the world the Spanish army turned to chemical warfare and dropped massive quantities of mustard gas on civilians Dr Balfour exposes this previously closely guarded secret using evidence from Spanish military archives and from survivors in Morocco He also narrates the daily life of soldiers in the war as well as the self images and tensions among the colonial officers After looking at the motives that drove Moroccans to resist or cooperate with Spain the author describes the contradictory pictures among Spaniards of Moroccan collaborators and foes Finally he examines the Spanish colonial army's response to the Second Republic of 1931 1936 and its brutal march through Spain in the Civil War

QUOTES FROM PAUL PRESTON'S READERS REPORT This is a book of very considerable significance the work of a first rate historian working at his peak This is the most complete and wide ranging account to date of the Spanish involvement in Morocco and of the consequences of that involvement inside Spain itself written with a compelling blend of elegance and immediacy this is a major work one of which any historian would be proud

Past and Power: Public Policies on Memory. Debates, from Global to Local Jordi Guixé, Coromines, 2016-05-26 The public authorities have not successfully resolved the management of the traumatic memory of the wars dictatorships and massacres to which the European project was always intended to be a counterpoint The conflict of memories and the public discourses about the past are latent on ideological political and cultural levels However if in the past the conflict concerning memories tended to develop inside the borders of countries it has now leapt into the European arena This has also led to the confrontation and questioning of the great narratives established in the common memory especially with countries of the East joining the European Union Each community group or nation maintains common memories that do not always fit in or converge with a general overall account The origins of the UB Solidarity Foundation's European Observatory on Memories lie in these debates and through this book which includes the contributions of specialists in multiple disciplines and the speeches that were given at the first international symposium Memory and Power A Transnational Perspective it hopes to present some of the key challenges that this conflict of memories has in store for us in the present and in the future
