se estructura en cinco partes La primera comienza con algunas tesis sobre la revolución mundial de los años veinte la cual fue ante todo una revolución de la cultura política marcada por los movimientos sociales urbanos de masas y las revoluciones tecnológicas de las comunicaciones especialmente por la radiodifusión y el megáfono que fueron el marco de la aparición de la plaza pública y de los grandes caudillos teniendo en lo social como telón de fondo la gran crisis que se desata en 1929 y que apalancó el ascenso de las derechas mundiales Este proceso llevó al poder a algunos partidos fascistas en la Europa convulsionada de los años veinte y treinta y explica especialmente el fenómeno Mussolini Hitler y la irrupción de movimientos inspirados en el llamado nacionalismo nuevo cuya propuesta se inspira en las revoluciones de orden nuevo que son a su vez una respuesta directa al auge del socialismo de los movimientos obreros y las huelgas atribuido al triunfo de la revolución soviética de 1917 Para explicar la muy temprana radicalización de la confrontación verbal de las derechas en comparación con otros países donde la llegada de los discursos fascistas fue más atemperada y tardía en esta primera parte se propone desarrollar algunas tesis interpretativas sobre el proceso de construcción de la que hemos denominado revolución imaginada y su camino hacia la revolución frustrada el 9 de abril y La Violencia Se trata del proceso construido en los discursos políticos tanto liberales como conservadores Los liberales exaltando la República Liberal como una especie de panacea fundadora de la modernidad después de la noche oscura conservadora e imaginando en una hipérbole conocida como revolución en marcha grandes reformas que no lo eran tanto y que se frustraron con la caída de la República Liberal en 1946 Los conservadores denostando la República Liberal se alinearon como una alianza de liberales y comunistas que llevó al patrocinio de los movimientos sindicales y a la construcción de un gran complot revolucionario que como en la metáfora española se transformó en un plan secreto dirigido desde Moscú para destruir la república católica forjada desde la Constitución de 1886 con reformas anticatólicas contra el Concordato con el Vaticano la Ley de Tierras para despojar a los latifundios de los terratenientes y hacendados y el favorecimiento de las huelgas y el desorden de allí que había que restaurar el antiguo orden católico frente al poder oculto de la masonería el judaísmo internacional el liberalismo y el comunismo que Aliados eran los responsables de la destrucción de la patria del derrumbe del orden terrateniente y patronalista tradicional Habían llegado los mismos fantasmas que llevaron a Europa a la guerra mundial En la parte segunda y siempre como historias conectadas observamos rápidamente y como fundamento para comprender la contemporaneidad colombiana la República española con su propio drama y la fantástica emisión de series e imágenes al principio alrededor de la fiesta republicana multicolor del derrumbamiento pacífico de la monarquía luego alrededor de la traumática organización del gobierno de la reorganización de las derechas del Bienio negro de los grandes errores de la coalición republicana socialista de la experiencia de los Frentes Populares y de la crisis indefectible de la República que se hundió como un barco viejo y desvencijado en medio de la tempestad del ocaso del Occidente de la acción directa y de la violencia cotidiana que desataron las fuerzas desenfrenadas de la guerra mostrando cómo España se convirtió en una metáfora colombiana donde el discurso se traslapa sin que sean claros los umbrales entre lo

español y lo vern culo Rep blica Frente Popular rojos mata curas incendiarios de iglesias y asaltantes de conventos no se diferencian Liberales republicanos y comunistas son lo mismo en México Colombia o España De esta amalgama tampoco es ajena la guerra de los cristeros mexicanos y las reformas de Lázaro Cárdenas En las batallas retóricas el liberalismo es tratado como un gran enemigo universal En esta parte tercera que hemos nombrado como La renuncia a la democracia o el embrujo del Eje y es otra de las tesis buscamos demostrarlo a partir del desarrollo de la Guerra Civil Española y del avance de los partidos fascistas sobre varias democracias europeas algunos sectores predominantemente más no exclusivamente conservadores renunciaron a su vocación civilista y democrática Desde finales de los años veinte personajes de la vida política hacen referencia a Mussolini y a las derechas europeas algunas veces identificándose con estos fenómenos en ascenso hasta el punto de que un sector del Partido Conservador a veces disidente a veces oficialista se autoproclama y autodenomina vocero de las derechas y sus juventudes lanzaron sus autónomos movimientos nacionalistas al examinar las cosechas del discurso del nacionalismo nuevo y su entronización y la derechización de los demócratas ante el ascenso vertiginoso de los fascismos con su referente internacional en la formación del Eje Berlín Roma Tokio al que adhirió Madrid contra un supuesto complot comunista auspiciado por el liberalismo El Plan Moscú desarrolla con minucia un episodio revelador del clima político de un supuesto complot comunista en 1937 del que se imputaba participación directa al presidente López Pumarejo para apoderarse del gobierno como en España cuya prueba reina era un documento auténtico o apócrifo donde se dan instrucciones precisas para el desarrollo de dicha estrategia entre ellas la utilización de los gobiernos de López y Santos la toma de los sindicatos la financiación de tráfico de armas con moneda falsa y estrategias de combinación de todas las formas de lucha incluyendo el secuestro de dirigentes burgueses La cuarta parte titulada El discurso de la guerra mundial y la construcción del basilisco aborda cómo Laureano Gómez construye ese gran símbolo metálico para representar a sus grandes enemigos la masonería a veces desaparece por conveniencia y el judaísmo sobre todo después de la guerra mundial el comunismo y el liberalismo La quinta y última parte toma el título de la consigna que en 1934 lanzó Laureano Gómez en un artículo de prensa Nuestro deber es hacer prácticamente invivible el ambiente de la República analiza el deterioro creciente del clima político y la ascendente animosidad interpartidista que conducía a país hacia el abismo insosnable de La Violencia Tomando como punto de partida la frustración de la política de convivencia que produjo la masacre de Gachet y las consecuencias de estos sucesos se hace una reflexión sobre las vías por las que Colombia estaba autodestruyendo su sistema democrático
