Racialized Visions Vanessa K. Valdés, 2020-12-01 As a Francophone nation Haiti is seldom studied in conjunction with its Spanish speaking Caribbean neighbors Racialized Visions challenges the notion that linguistic difference has kept the populations of these countries apart instead highlighting ongoing exchanges between their writers artists and thinkers Centering Haiti in this conversation also makes explicit the role that race and more specifically anti blackness has played both in the region and in academic studies of it Following the Revolution and Independence in 1804 Haiti was conflated with blackness Spanish colonial powers used racist representations of Haiti to threaten their holdings in the Atlantic Ocean In the years since white elites in Cuba the Dominican Republic and Puerto Rico upheld Haiti as a symbol of barbarism and savagery Racialized Visions powerfully refutes this symbolism Across twelve essays contributors demonstrate how cultural producers in these countries have resignified Haiti to mean liberation An introduction and conclusion by the editor Vanessa K Vald s as well as foreword by Myriam J A Chancy provide valuable historical context and an overview of Afro Latinx studies and its Performing Afro-Cuba Kristina Wirtz, 2014-06-05 Visitors to Cuba will notice that Afro Cuban figures and references are everywhere in popular music and folklore shows paintings and dolls of Santer a saints in airport shops and even restaurants with plantation themes In Performing Afro Cuba Kristina Wirtz examines how the animation of Cuba s colonial past and African heritage through such figures and performances not only reflects but also shapes the Cuban experience of Blackness She also investigates how this process operates at different spatial and temporal scales from the immediate present to the imagined past from the barrio to the socialist state Wirtz analyzes a variety of performances and the ways they construct Cuban racial and historical imaginations She offers a sophisticated view of performance as enacting diverse revolutionary ideals religious notions and racial identity politics and she outlines how these concepts play out in the ongoing institutionalization of folklore as an official even state sponsored category Employing Bakhtin's concept of chronotopes the semiotic construction of space time she examines the roles of voice temporality embodiment imagery and memory in the racializing process The result is a deftly balanced study that marries racial studies performance studies anthropology and semiotics to explore the nature of race as a cultural sign one that is always in process always shifting

economies that have historically shaped and continue to shape the cultures that practice them Exploring the way spirit possessions were framed both by material things including plantations the Catholic church the sea and the phonograph as well as by the legacy of slavery they offer a powerful new way of understanding the Atlantic world Secularisms in a Postsecular Age? José Mapril, Ruy Blanes, Emerson Giumbelli, Erin K. Wilson, 2017-02-24 This volume ethnographically explores the relation between secularities and religious subjectivities As a consequence of the demise of secularization theory we live in an interesting intellectual moment where the so called post secular coexists with the secular which in turn has become pluralized and historicized This cohabitation of the secular and post secular is revealed mainly through political dialectical processes that overshadow the subjective and inter subjective dimensions of secularity making it difficult to pinpoint concrete sites agents and objects of expression Drawing on cases from South America Africa and Europe contributors apply key insights from religious studies debates on the genealogies and formations of both religion and secularism They explore the spaces persons and places in which these categories emerge and mutually constitute one another Actas del XIII Congreso de Antropología de la FAAEE Varios autores, 2014-08-30 Actas del XIII Congreso de Antropolog a de la FAAEE realizado en Tarragona del 2 al 5 de septiembre de 2014 que re ne los textos presentdos en los veinti n simposios celebrados y muestran la amplitud y riqueza de los debates y los retos que caracterizan la Antropolog a del **La brujería cubana** Joel James Figarola, 2006 This book sets out to take apart the elements of abstract thinking siglo XXI that are found in Cuba's magical religious system Through an autochthonous philosophy the book explores the cause and culture behind some of Cuba s strongest spiritualist practices and beliefs Este libro se propone desentra ar los elementosdel pensamiento abstracto presentes en este sistema m gico religioso cubano en busca de lo que pudiera llamarse una filosof a Con los ancestros en la espalda Juan M.
