Losin It:

Triksta Nik Cohn, 2009-03-12 Acclaimed music writer Nik Cohn's love of hip hop goes back to its beginnings and his love of New Orleans even further to when he passed through the Big Easy on tour with The Who and discovered a place with a magic that never failed to seize him On the surface he's the least likely candidate for a rap impresario But with his signature charm and passion he plunges headfirst into the wards clubs and projects of New Orleans opening up a world closed to most outsiders a journey into the heart of the hip hop dream and into larger question of racial identity in America Written before Hurricane Katrina struck and published here with an afterword that chronicles how Katrina altered the lives of those he met Triksta now stands as an elegy to a city its music and its people

Pieces of Stone John Vincent Stone, 2004-05-10 This book is a collaborative effort to enjoin the conscious and the subconscious A comparative notebook a confrontation between what I think I know and what I know I know The language used is uncomplicated It cuts to a chase that so needs to be pursued Needs to be uncovered without being drowned in layer after layer of impressives And even though purists may call my stuff simplistic I will accept that with open minds Minds who share how I feel Minds that might benefit from reading the constructive rants and positive raves of someone who thinks thoughts that we all have from time to time Thoughts that we're usually too busy to explore for one reason or another Some pieces were written as if talking to a friend because I feel if you enjoy it and we knew each other we would be friends This work has a literal consistency which defies unnecessary complication It is a small part of a lifetime so far of learning how to work and play well with others get a point across without being pointless and find the nuggets of wisdom in conversations with others explore them then reveal their own thoughts to them in a new format amazing us both in the process These are important tools in a World of so much talk with so little to say
