Larson, 2013-01-11 Coping With Loss describes the many ways in which people cope with the death of someone they love Most earlier books on bereavement have fallen into two categories distillations of the clinical experience of individual therapists or collections of chapters reporting the results of empirical studies Each category is valuable but has tended to serve a narrow group of readers practitioners with particular theoretical orientations or researchers in quest of the latest findings Coauthored by a leading research psychologist and an experienced therapist who specializes in bereavement education and intervention this book is different The authors weave together the strands of theory research and clinical wisdom into a seamless and readable narrative While they discuss previous work they also present new data never before published from one of the largest studies of bereaved people ever conducted the Bereavement Coping Project Unlike most studies to date which focused on only one type of bereaved group usually widows or widowers the Bereavement Coping Project examined the experiences of several different groups during the first 18 months after the death The groups included those who had lost a spouse a parent an adult sibling or a child and those who had lost their significant other to cancer or cardiovascular disease on one hand as opposed to the stigmatized disease of AIDS on the other The book begins with a critical overview of theories of bereavement succeeding chapters explore in depth the impact of specific types of loss the impact of particular coping strategies on recovery the impact of social supports and religion and the special cases of children and of people who seem to grow and change for the better after a loss A final chapter considers implications for intervention

with bereaved people Each chapter is richly illuminated with real life examples throughout and ends with a section called Voices in which bereaved people describe their various attempts to cope in their own words Insightful and informative

Lee,Wai Yee Choon,Chee Jen Chang,Jeff Guo,Paul Scuffham,2022-05-03 **Staging Loss** Michael Pinchbeck,Andrew Westerside,2018-11-11 This book locates and critically theorises an emerging field of twenty first century theatre practice concerned either thematically methodologically or formally with acts of commemoration and the commemorative With notions of memorial celebration temporality and remembrance at its heart and as a timely topic for debate this book asks how theatre and performance intersects with commemorative acts or rituals in contemporary theatre and performance practice It considers the re performance of history commemoration as a form of or performance of ritual performance as memorial performance as eulogy and eulogy as performance It asks where personal acts of remembrance merge with public or political acts of remembrance where the boundary between the commemorative and the performative might lie and how it might be blurred broken or questioned It explores how we might remake the past in the present to consider not just how performance commemorates but how commemoration performs **We Never Lost Hope** Naomi Litvin,2010-07-07 Author

Naomi Litvin recreates her parents incredible love story in the powerful memoir We Never Lost Hope Litvin the daughter of a Holocaust survivor and an American Jewish GI who landed at Normandy lets her family members reveal the stories of their lives before during and after the Holocaust Told in five indelible voices the book gives a you are there punch and a moving immediacy Lovely and haunting We Never Lost Hope is a reminder that genocide can happen anywhere and that we all must be vigilant against the forces of hatred Five relatives narrate their harrowing World War II experiences in this family chronicle It could be said that rather than writing this affecting and effective book Litvin sculpted it Her breezy but vital narrative provides the shape and overall historical context for her family's story but her relatives are the ones doing the real

work Using the first person accounts of her parents an aunt an uncle and a friend of the family the author offers a nuanced and multifaceted look at the plight of Jews in mid 20th century Eastern Europe From a small Angora farm in Satu Mare Romania to the horrifying grounds of Auschwitz and finally to a new life in America the five distinct voices of Edith Hilda and Mendi Festinger Nate Litvin and Kurt Meyers provide a powerful and intimate journey through one of mankind s darkest hours Litvin does well not to mute her sources with an authoritative filter The book s undeniable authenticity comes from the life events retold by each narrator while most historical texts offer one individual s take We Never Lost Hope presents five survivors working through their memories Litvin augmented the book with photographs news articles and other ephemera telegrams maps etc that support the sense of intimacy and reality Since some accounts can occasionally run long it may have been helpful for Litvin to provide more editorial insight and direction Still the book is a soaring testament to the strength and adaptability of five remarkable people A wonderfully executed powerful family chronicle Kirkus Discoveries 2 13 09 **A**

the Welcome Table James Hudnut-Beumler,2018-03-19 In this fresh and fascinating chronicle of Christianity in the contemporary South historian and minister James Hudnut Beumler draws on extensive interviews and his own personal journeys throughout the region over the past decade to present a comprehensive portrait of the South s long dominant religion Hudnut Beumler traveled to both rural and urban communities listening to the faithful talk about their lives and beliefs What he heard pushes hard against prevailing notions of southern Christianity as an evangelical Protestant monolith so predominant as to be unremarkable True outside of a few spots no non Christian group forms more than six tenths of one percent of a state s population in what Hudnut Beumler calls the Now South Drilling deeper however he discovers an unexpected blossoming diversity in theology practice and outlook among southern Christians He finds alongside traditional Baptists black and white growing numbers of Christians exemplifying changes that no one could have predicted even just forty years ago from congregations of LGBT supportive evangelicals and Spanish language church services to a Christian homeschooling movement so robust in some places that it may rival public education in terms of acceptance He also finds sharp struggles and political divisions among those trying to reconcile such Christian values as morality and forgiveness the

aftermath of the mass shooting at Charleston's Emanuel A M E Church in 2015 forming just one example This book makes clear that understanding the twenty first century South means recognizing many kinds of southern Christianities
