The Mystery of Doggerland Graham Phillips, 2023-07-25

A scientific exploration of the advanced ancient civilization known as Doggerland or Fairland that disappeared 5 000 years ago Looks at the latest archaeological and scientific evidence preserved beneath the North Sea and on the tiny island of Fair Isle Examines Doggerland's sophisticated technology including how its people were able to melt solid rock to create vitrified structures far stronger than concrete Shows how the survivors of the destruction of Doggerland sailed to the British Isles and established the megalithic culture that built Stonehenge New marine archaeological evidence has revealed the remains of a large landmass to the north of Britain that hosted an advanced civilization 1 000 years before the recognized first civilizations of ancient Egypt Mesopotamia or India Remembered in Celtic legends as Tu lay and referred to by geologists as Doggerland or Fairland this civilization began at least as early as 4000 BCE but was ultimately destroyed by rising sea levels huge tsunamis and a terrible viral epidemic released from melting permafrost during a cataclysmic period of global warming Exploring the latest archaeological findings and recent scientific analysis of Doggerland's underwater remains Graham Phillips shows that this ancient culture had sophisticated technology and advanced medical knowledge He looks at evidence detected with remote sensing and seismic profiling of many artificial structures complex settlements gigantic earthworks epic monoliths and huge stone circles dated to more than 5 500 years ago preserved beneath the ground and on the ocean floor He also looks at the small part of the Fairland landmass that still exists Fair Isle a tiny island some 45 miles north of the Orkney Islands of Scotland Phillips shows how when Fairland sank beneath the waves around 3100 BCE its last survivors traveled by boat to settle in the British Isles where they established the megalithic culture that built Stonehenge Revealing

the vast archaeological evidence in support of the existence of Doggerland as well as its threads of influence in early cultures around the world Phillips also shows how the fate of this sophisticated ancient culture is a warning from history the cataclysmic events that happened to the first civilizations could happen again as the world heats up **The Sundisk** Gail Logan,2005-11 There is a legend that if one gazes at the horizon from the summit of the mountain he will glimpse the land from whence we came The writings of Colonel James Churchward and his lifetime search for the lost land of Mu were the inspiration for *The Sundisk* In her debut novel Gail Logan takes her characters on an emotional and spiritual quest for this lost world where Eden like splendor melds with the grandeur of a golden age Through their quest for the forgotten island a remnant of the fabulous continent of Mu the characters reach deep within themselves to make a spiritual discovery of the place Logan's work suggests that the fabulous lost continent may emerge again when men mend their differences live in peace with themselves and respect the beauty of the natural world Contesting Earth's History in Transatlantic Literary Culture, 1860-1935 Richard Fallon,2025-02-14 By the mid nineteenth century geologists and palaeontologists had reconstructed an authoritative narrative of Earth's deep history from the planet's molten origins to the rise of humanity Many figures in transatlantic science across subsequent decades however had problems with this narrative it was too secular inhuman and evolutionary or controlled too exclusively by elite scientists Speaking from palaeoscience's unevenly professionalized and controversy racked borders Christian fundamentalists charismatic psychics and respected scholars alike voiced their objections Until now no study has brought their work together for detailed comparative analysis Spanning from the 1860s to the interwar decades *Contesting Earth's History* examines the fascinating stories of five significant examples of fringe or borderline palaeoscience old and young earth creationism hollow earth theory clairvoyant time travel and sunken continent catastrophism Innovatively combining methods from literary studies with the history of science this book attends not just to the conceptual content of these strange sciences but also to their proponents communication of truth claims through diverse genres ranging from the scientific textbook and the technical monograph to the lost world romance and the epic poem By paying close attention to the hitherto overlooked textual forms and literary strategies of these works of pseudoscience this volume throws into relief the variant conceptions of audience evidence and method that jostled and competed in wider scientific culture during this period It also demonstrates that for all their diversity authors of borderline palaeoscience shared the desire to shift the balance of power creating textual spaces where exclusive hierarchies of scientific expertise could be levelled away These conjurors of lost worlds often captivated wide audiences and many of their bizarre astonishing and iconoclastic ideas remain with us to this day Some even inspired early science fiction by the likes of H P Lovecraft and Edgar Rice Burroughs Hijacking geologists and palaeontologists longstanding effort at making the prehistoric past visible authors on the borderlines of palaeoscience asserted their right to scientific authority and encouraged readers to gaze into time's abyss with bold new eyes *Popular Controversies in World History* Steven L. Danver,2010-12-22 Covering

prehistoric times to the modern era this fascinating resource presents pro and con arguments regarding unresolved historic controversies throughout the development of the world Popular Controversies in World History Investigating History's Intriguing Questions offers uniquely compelling and educational examinations of pivotal events and puzzling phenomena from the earliest evidence of human activity to controversial events of the 20th century From the geographic location of human origins to the authenticity of the Shroud of Turin to the innocence or guilt of Sacco and Vanzetti Popular Controversies in World History Investigating History's Intriguing Questions provides four volumes on the ongoing debates that have captivated both the historical community and the public at large In each chapter established experts offer credible opposing arguments pertaining to specific debates providing readers with resources for independent critical thinking on the issue This format allows students scholars and other interested readers to actively engage in some of the most intriguing conundrums facing historians today
