Jeffery Myrick,2017-05-09 What Happened to My Sister is about Colie Gilford a struggling artist writer who experience great tragedy when his only sister ends up getting murdered by decapitation It goes into detail explaining how they were raised their neighborhood as well as the type of family that they came from It streams all of the events that led up to his sister's horrific death After coming to realize that local law enforcement aren't doing all they can to find his sister's murderer like a vigilante he decided to take matters into his own hands All hell breaks loose when Killer Mike and Colie Gilford team up and

set out to find Colies sisters murderer After coming up with nothing her case eventually turns cold Having to come to terms with that he realized had it not been for his religious upbringing he wouldnt have been able to leave it in Gods hands and accept it Had it not been for that he is sure that a lot more blood shed would have occurred probably innocent victims This story really gives a great visual of what can happen when a family member becomes addicted to drugs We can do all we can to help them but will they recover or not we never know This story show how victims family feel and may react to the situation It also show the cold side of law enforcement and how they actually react to such victims This novel will stand out because no one could tell this story unless they have experienced it firsthand as he have The way that his sister was murdered also makes this story unique Although being a big city like Atlanta Georgia we still dont usually see people being murdered in such a gruesome manner
