Mississippi Burning:

Mississippi Burning – Fact vs. Fiction Sahar Farman, 2008-09-10 Essay from the year 2007 in the subject American Studies Miscellaneous grade keine University of Marburg language English abstract Alan Parker's movie Mississippi Burning is set in a small town in the state of Mississippi. The plot of the movie plays in 1964 when the three civil rights activists Michael Schwerner, Andrew Goodman, and James Chaney, traveling in a car at night, are forced off the road and out of their car and shot by members of the Ku Klux Klan. The FBI is put on the case, and two agents, a younger FBI academy agent and a small town agent, travel to Meridian to examine the case after having been informed of the disappearance. The two agents then call for more manpower to solve the case despite the difficulties they encounter with the state officials. The investigation leads to tensions between the small town community and the FBI agents, and the situation between the Ku Klux Klan and the black population escalates. The agents finally find the vehicle of the three civil rights workers in a swamp. In order to find the bodies, Klan members, including the mayor, are interviewed and eventually forced by dingy methods to reveal the location of the bodies. In the last sequence of the movie, most of the members are convicted and sent to prison. Only one member is acquitted. The movie revealed a glimpse of the involvement of high rank officials in the case and the attitude of the population of Mississippi toward the burnings, the killings, and the investigation. It is yet to be examined whether both the involvement and the attitude are used as dramatic elements or represent the actual situation in small towns in 1964 Mississippi. Despite the fact that the latter meaning the attitude is harder to be examined, both aspects have to be taken into consideration in order to be able to get an impression of the situation of small town Mississippi in the mid sixties. According to all the documents collected within the long investigation for the several trials that followed the case, it is true that a lot of high rank officials were involved. In the movie, the civil rights workers are stopped and shot by a sheriff driving a patrol car. **The "Mississippi Burning" Civil Rights Murder Conspiracy Trial** Harvey Fireside, 2002 Examines the trials of the men accused of murdering three civil rights workers in Mississippi in 1964, including the Supreme Court decision to try to defendants in a federal rather than a state court and the final verdicts which marked the first time in Mississippi that a jury convicted white men for killing African Americans or civil rights workers. **The Hero of Mississippi Burning** Mickel Mooror, 2019-10-07 1964 was the height of the Civil Rights and Wrongs Movement, and America was in turmoil. I was eight years old and visiting the town of Philadelphia, Mississippi, for a family reunion. This story is about something I have remembered from that time when I met two men on a creek bank in Neshoba County, Mississippi, on August 6, 1964. I have always remembered what they said out loud in front of me. The one with the hat said, "Judge, go up there and find out who's muddying up the water," and the tall, slender man said, "You're the Lawman, you go up there and find out who's muddying up the water." I've always wondered why I met two men that were a judge and a lawman. Meanwhile, 50 years later, while doing research on the Internet, I discovered information pertaining to the identity of the middle man between the FBI and the

person who helped solve the mystery of the whereabouts of the three civil rights workers that went missing on June 21 1964 He was Commander of the Mississippi Highway Safety Patrol in Meridian Mississippi But the identity of the local Neshoba County Citizen that helped the FBI is still unknown I know who is America's unsung hero **The Films of Alan Parker, 1976-2003** David F.
