Retrieving The American Past 2001 Edition:

Retrieving the American Past, 2001 **Historical Dictionary of the Philippines** Artemio R. Guillermo, 2012 The Historical Dictionary of the Philippines Third Edition contains a chronology an introductory essay an extensive bibliography and several hundred cross referenced dictionary entries Historical Dictionary of the "dirty Wars" David R. Kohut, Olga Vilella, Beatrice Julian, 2003 During the 1970s and 1980s national security regimes in Argentina Chile and Uruguay declared war on suspected subversives carrying out campaigns of mass human rights violations The Historical Dictionary of the Dirty Wars describes the period including the background and aftermath *Extracting Appalachia* Geoffrey L. Buckley, 2004 As a function of its corporate duties the Consolidation Coal Company had photographers take hundreds of pictures of nearly every facet of its operations Here geographer Geoffrey L Buckley examines the company s photograph collection housed at the Smithsonian Institution s National Museum of American History The Columbia History of Jews and Judaism in America Marc Lee Raphael, 2009-10-22 This collection focuses on a variety of important themes in the American Jewish and Judaic experience It opens with essays on early Jewish settlers 1654 1820 the expansion of Jewish life in America 1820 1901 the great wave of eastern European Jewish immigrants 1880 1924 the character of American Judaism between the two world wars American Jewish life from the end of World War II to the Six Day War and the growth of Jews influence and affluence The second half of the volume includes essays on Orthodox Jews the history of Jewish education in America the rise of Jewish social clubs at the turn of the century the history of southern and western Jewry Jewish responses to Nazism and the Holocaust feminism s confrontation with Judaism and the eternal question of what defines American Jewish culture Original and elegantly crafted The Columbia History of Jews and Judaism in America not only introduces the student to a thrilling history but also provides the scholar with new perspectives and insights Extracting Innovations Martin J. Clifford, Robert K. Perrons, Saleem H. Ali, Tim A. Grice, 2018-06-13 This book considers the most contemporary innovations propelling the extractive industries forward while also creating new environmental and social challenges The socio ecological fabric of innovation in the extractive industries is considered through an integrative approach that brings together engineers natural scientists and social scientists academics and practitioners giving an empirically grounded and realistic evaluation of the innovations in this sector It synthesizes a series of questions including Extracting Stone Anne S. Dowd, Mary Beth D. Trubitt, 2024-04-04 A comprehensive view of quarrying activities from three key regions in North America This exciting new addition to the the American Landscapes series provides an in depth account of how flintknappers obtained and used stone based on archaeological geological landscape and anthropological data Featuring case studies from three key regions in North America this book gives readers a comprehensive view of quarrying activities ranging from extracting the raw material to creating finished stone tools Quarry landscapes were some of the first large scale land modification efforts among early peoples in the New World The chronological time periods covered by quarrying activities show that most intensive use took

place during parts of the Archaic and Woodland periods or between roughly 4000 1000 years ago when denser populations existed but use began as early as the Paleoindian Period about 13 000 9000 years ago and ended in the Historic or Protohistoric periods when colonists and Native Americans mined chert for gunflints and sharpening stones or abrasives From the procurement systems approach common in the 1980s and 1990s archaeologists can now employ a landscape approach to quarry studies in tandem with Geographic Information Systems GIS computer mapping and digital analysis Light and RADAR LiDAR airborne laser scanning for recording topography or high resolution satellite imagery Authors Dowd and Trubitt show how sites functioned in a broad landscape context which site locations or raw material types were preferred and why what cultures were responsible for innovative or intensive quarry resource extraction as well as how land use changed over time Besides discussions of the way that industrialists used natural resources to change their technology by means of manufacture trade and exchange examples are given of heritage sites that people can visit in the United States and Canada

Christian Nation? T. Adams Upchurch, 2010-05-26 This fascinating study examines America's complex and confusing history of arguing with itself over religion and secularism God and politics church and state Hundreds of books are devoted to the ever timely subject of the separation of church and state in America but none does exactly what Christian Nation The United States in Popular Perception and Historical Reality does Unlike other studies this intriguing examination asks the right questions defines the terms of the debate explores the widely diverging points of view with equal respect for all sides and provides insightful commentary and factual conclusions that cut through the clutter The book begins with several questions Is the United States a Christian Nation Has it ever been Was it ever meant to be What did the Founding Fathers say How has this issue been interpreted by various individuals and factions over the centuries The author then surveys the vast literature on this topic including the U S Constitution and Declaration of Independence and the competing and or complimentary views of various Founding Fathers to arrive at the answers and at long last the truth *Land and the*

Mortgage Daivi Rodima-Taylor, Parker Shipton, 2022-02-11 The mortgaging of land is not just economic and legal but also social and cultural Here anthropologists historians and economists explore origins variations and meanings of the land mortgage and the risks to homes and livelihoods Combining findings from archives printed records and live ethnography the book describes the changing and problematic assumptions surrounding mortgage It shows how mortgages affect people on the ground where local forms of mutuality mix with larger bureaucracies The outcomes of mortgage in Africa Europe Asia and America challenge economic development orthodoxies calling for a human centered exploration of this age old institution

Talk and Interaction in Social Research Methods Paul Drew, Geoffrey Raymond, Darin Weinberg, 2006-05-11 This book admirably fulfils its stated objective of describing social research methods in action and exploring from a range of perspectives the linguistic shaping of social context Overall this is a balanced well edited and coherent collection of papers bringing together high quality work from recognized authorities in the analysis of talk in interaction It is also highly

accessible it would certainly make an excellent resource book for undergraduate graduate and practising social scientists

Rebecca Clift University of Essex *Talk and Interaction in Social Research Methodologies* is a much needed methods text

Focusing on research methods in action the volume offers a new way of viewing the realities of social research By taking language use seriously the text reveals the details and depths of a wide range of research projects as they have seldom been presented before This is the first book of its kind to offer such a powerful and insightful depiction of the role of talk in interaction in relation to social research methods The book's plan is creative and unparalleled There's nothing else like it The editors Paul Drew Geoffrey Raymond and Darin Weinberg represent the very best from multiple traditions of researching talk in interaction from both sides of the Atlantic The chapters are written by a sterling collection of researchers a virtual honor roll of conversation analysts and kindred spirits This book is a must read for social researchers of all disciplines who are interested in social interaction It should be assigned reading for all graduate students being introduced to qualitative methods It should be on every qualitative researcher's book shelf It is a tour de force in demonstrating the absolutely fundamental position that language use holds in social science methodology James A Holstein Marquette University This is a methodology text with a difference It demonstrates the importance of talk in a variety of social research methodologies Even documents the seemingly least interactional form of social data are shown to have important interactional dimensions The book focuses systematically on how sociological methods are essentially conducted through forms of spoken interaction and how these interactions shape the results that emerge in research The book demonstrates How spoken interactions shape the outcomes of core research methodologies The role which talk in interaction plays in key substantive areas of sociology notably race crime gender and media Reveals the interactional underpinnings of research methodologies This is the first text aimed at an undergraduate and Master's audience in Sociology and Social Research which shows the crucial part that spoken interaction plays in the conduct and products of conventional sociological methodologies
