being the largest tank battle in history A Russian victory it marked the decisive end of the German offensive capability on the Eastern Front and set the scene for the Soviet successes that followed While many have focused on the tank engagements especially the Battle of Prokhorovka there was an intense air battle going on overhead that was bigger than the Battle of Britain As part of the German offensive the Luftwaffe s VIII Air Corps deployed around 1 100 aircraft in the south alone while the opposing Soviet Second and Seventeenth air armies initially deployed over 1 600 aircraft There was a similar effort surrounding the German attack in the north The battle in the south began with a Soviet air strike on German airfields and a fight for control of the air that continued throughout the day across the front On the first day of the battle 5 July 1943 the Germans flew at least 2 387 sorties in the south while the two Soviet air armies flew 1 688 sorties That first day of battle resulted in 19 to 27 German planes and 189 Soviet aircraft shot down This was an aerial engagement like no other ever seen before Involved on the German side were the 52nd and 3rd Fighter Wings The 52nd Fighter Wing was the most accomplished fighter wing in history and many of its top aces were involved in the combats over the Kursk battlefield These included Walter Krupinski 197 claimed kills in the war G nther Rall the third highest scoring ace in history 275 claimed kills and the highest scoring ace in history Erich Hartmann 352 claimed kills Opposing them were what were to become three of the top five Soviet aces Kirill Yevstigneyev 53 claimed kills Nikolai Gulayev 55 claimed kills and the top scoring Allied ace of the war Ivan Kozhedub 62 claimed kills This was indeed the battle of the aces But there was also the massive ground attack effort by both sides including the Junkers Ju 87 Stuka fitted with 37mm anti tank guns flown by the man who would become most decorated soldier of the Third Reich Hans Ulrich Rudel The aerial battle involved hundreds of Soviet Sturmoviks or IL 2s Stalin s armored ground attack plane The battle featured the famous attack by Luftwaffe Hs 129s and Fw 190s on Soviet armor on 8 July 1943 Aces at Kursk is not just a war story but a revealing investigation that analyses the entire air battle that turned the tide of the war on the Eastern Front Federal Boxing Commission, Hearings Before ... , 89-1 on H.R. 8635, H.R. 8676, H.R. 9140, H.R. 9196, H.R. 9426, H.R. 9633 ... , July 6, 7, and 8, 1965 United States. Congress. House. Committee on Interstate and Foreign Commerce,1965 **Balkan Fighters in the Syrian War** Tanja Dramac Jiries,2021-09-14 This book analyses the process of the recruitment of foreign fighters from the Western Balkans specifically Bosnia and Herzegovina and Kosovo to Syria and Iraq from 2012 to 2015 Utilizing in depth semi structured interviews with foreign fighters and their families as well as a number of relevant stakeholders it answers the question of what were the processes and circumstances leading up to the departure of foreign fighters from Bosnia and Herzegovina and Kosovo and what informed their agency The author draws on the theories of social movement approaches more specifically contentious politics literature and utilizes the specific concepts of triggering mechanisms which refer to the enabling circumstances that make the radicalization and departure possible and pleasure in agency to elaborate on individual motivation The book also shows how a wider state fragility within the context of the post Yugoslav wars and the transitional period that never ended aided radicalization and

how an incomplete process of post war transition can fuel the process of political and religious radicalization creating a wider enabling web for recruitment It will be of interest to students and scholars of Southeast European politics and foreign policy post war democratic transition security policy and radicalization more broadly Hearings, Reports and Prints of the House Committee on Interstate and Foreign Commerce United States. Terrorists' Use of the Internet Lee Jarvis,Orla Lehane,Stuart Macdonald,Lella Nouri,2017-06-02 Terrorist use of the Internet has become a focus of media policy and scholarly attention in recent years Terrorists use the Internet in a variety of ways the most important being for propaganda purposes and operations related content but it is also potentially a means or target of attack This book presents revised versions of a selection of papers delivered at the NATO Advanced Research Workshop ARW on Terrorists Use of the Internet held in Dublin Ireland in June 2016 One aim of the workshop was to nurture dialogue between members of the academic policy and practitioner communities so the 60 delegates from 13 countries who attended the workshop included representatives from each of these The participants encompassed a wide range of expertise including engineering computer science law criminology political science international relations history and linguistics and the chapters contained herein reflect these diverse professional and disciplinary backgrounds The workshop also aimed to address the convergence of threats Following an introduction which provides an overview of the various ways in which terrorists use the Internet the book s remaining 25 chapters are grouped into 5 sections on cyber terrorism and critical infrastructure protection cyber enabled terrorist financing jihadi online propaganda online counterterrorism and innovative approaches and responses The book will be of interest to all those who need to maintain an awareness of the ways in which terrorists use the Internet and require an insight into how the threats posed by this use can be countered *Foreign Fighters in Ukraine* Kacper Rękawek,2022-12-30 Foreign Fighters in Ukraine is the first comprehensive academic study taking an in depth look at foreigners who have chosen to fight in the conflict in Ukraine While there has been considerable focus in policy security and academic circles on the threat from returning jihadists so called returnee foreign terrorist fighters the same danger from right wing but not essentially terrorist extremists and others has been largely overlooked As Westerners rushed to join the nascent Caliphate in Syria Iraq others simultaneously traveled to another foreign war on what many would call Europe s doorstep the Russo Ukrainian war This book unmaskes this largely unknown group of fighters as the author dives into the fighters ideological and social backgrounds their motivations for joining the conflict their travails on the way there and their battle record in Eastern Ukraine To a large extent based on interviews with the fighters themselves it is a study on how and why men risk their lives while fighting a foreign war and attract the attention of security services at home upon their return Particularly given the Russian invasion of Ukraine in February 2022 and the growing interest in far

right violence worldwide the book evaluates whether these returnees constitute another security threat to the West This volume will be of interest to all those researching small wars terrorism peace and conflict studies and right wing extremism
