E. Sarotte,2003-04-03 Using new archival sources including previously secret documents of the East German secret police and Communist Party M E Sarotte goes behind the scenes of Cold War Germany during the era of detente as East and West tried negotiation instead of confrontation to settle their differences In *Dealing with the Devil* she explores the motives of the German Democratic Republic and its Soviet backers in responding to both the detente initiatives or Ostpolitik of West Germany and the foreign policy of the United States under President Nixon Sarotte focuses on both public and secret contacts between the two halves of the German nation during Brandt s chancellorship exposing the cynical artifices constructed by negotiators on both sides Her analysis also details much of the superpower maneuvering in the era of detente since German concerns were ever present in the minds of leaders in Washington and Moscow and reveals the startling degree to which concern over China shaped European

Cold War Respite Günter Bischof, Saki Dockrill, 2000-08-01 At the midpoint of the high cold war when most people in North America and Europe thought catastrophic nuclear onslaught was almost inevitable an unprecedented and unrepeated event took place in Geneva in July 1955 The heads of state from the United States the Soviet Union Britain and France came together in an attempt at diplomatic dialogue primarily over the questions of German unification European security and nuclear disarmament Although the summit ended with no tangible results its ramifications were extensive and it provided the world with a brief repose from escalating East West tension In

Cold War Respite twelve scholars writing from several national perspectives investigate in riveting detail how that event examined only in passing until now came about why its spirit was so short lived and what its subsequent impact was on the development of the cold war Making use of newly declassified archives in the United States France Britain and Russia the authors provide some of the latest research and insights into early cold war history as they track the crucial period from Stalin s death in 1953 until the summit They consider John Foster Dulles s policy at Geneva and the meeting of the four foreign ministers that followed the summit As the essayists attest the psychological effects of the summit were of immense significance to the history of international relations and reveal the complexity and dynamism of foreign affairs during the decades following World War II While some argue that the series of international crises beginning in 1958 and culminating in 1962 might have been averted if the Geneva conference had been pursued more eagerly others argue that it is a credit to the summit that those events are studied today as examples of crisis management and not of nuclear war The World Since 1945 P. M. H. Bell,Mark Gilbert,2016-11-03 A masterly synthesis of the history of the contemporary world The World Since 1945 offers the ideal introduction to the events of the period between the end of the Second World War and the present day P M H Bell and Mark Gilbert balance a clear narrative with in depth analysis to guide the reader through the aftermath of the Second World War the Cold War decolonization D tente and the Arab Israeli Conflict up to the on going ethnic strife and political instability of the 21st century The new edition has been thoroughly revised to fully reflect developments in the history and historiography of the post war world and features five new chapters on the post Cold War world covering topics including The rise and fall of American hegemony The decline of Europe The rise of Asia Political Islam as a global force The role of human rights The World Since 1945 challenges us to better understand what happened and why in the post war period and shows the ways in which the past continues to exercise a profound influence on the present It is essential reading for any student of contemporary history *The Longman Companion to the Stuart Age, 1603-1714* John Wroughton,1997
