Sex, Drugs and Creativity Dustin Kahoud,Danielle Knafo,2018-06-19 In Sex Drugs and Creativity The Search for Magic in a Disenchanted World Kahoud and Knafo take a close look at omnipotent fantasies in three domains sex drugs and creativity They demonstrate how these fantasies emerge and how artists draw on them both to create and destroy sometimes simultaneously and how understanding this can help psychoanalysts work more effectively with these individuals Using the personal statements of influential artists and entertainers in addition to clinical material the authors examine the omnipotence of self destruction as it contends with that of creative artists The authors argue that creative artists use

omnipotent fantasies to imagine the world differently this enables them to produce their art but also leaves these artists vulnerable to addiction Chapters devoted to Stephen King and Anne Sexton demonstrate the ways these authors used drugs and alcohol to fuel imagination and inspire creative output while simultaneously doing harm to themselves A detailed case study also demonstrates successful clinical work with a creative substance user Sex Drugs and Creativity will appeal to anyone interested in the links between creativity and substance use and will be of great use to psychoanalysts and mental health practitioners working with these challenging clients Insider's Guide to Book Editors, Publishers and Literary Agents, 1995-1996 Jeff Herman, 1994-10-10 No other book gives aspiring authors the inside scoop on the names and interest areas of acquisition editors This vital information makes all the difference when submitting a book proposal Fully revised to keep on top of the rapidly changing publishing world this guide includes information on the book acquisition process literary agents submission ghost writing and more *Quill & Quire*, 2002 **The New York Times Book Review**, 1989 **Mary Butts** Joel Hawkes, 2024-04-04 A scholarly and experimental collection that offers fresh insight with a feminist focus into the often overlooked modernist writer Mary Butts and the contested processes of recovering such an author Scholars instrumental in the recovery of Mary Butts along with newer writers publishers printers and artists enter into conversation exploring the work of the British author whose body of work plays between high modernist forms and more popular genres writing that can be described as occult Gothic queer proto environmental and feminist Taking its cue from Butts s experimental rhythmic writing and the transnational artistic communities in which Butts moved in the 1920s the collection is a non linear exchange rather than a collection of isolated arguments a conversation constructed from classical academic chapters knight s move non academic reflections and short responses to these This conversation lies at the intersection of feminism and reconstruction Chapters range between Butts s writing techniques and forms her position in the modernist canon contested sites of feminism in her work critical reception of that work queer and post critical readings and the success of and the need for a feminist recovery of the author The collection aims to be a feminist engagement while asking questions of what this might look like why it is needed and how such an approach offers fresh insight into an erudite playful difficult contradictory and experimental body of work Ultimately the collection asks how should we reconstruct the author and her work for the contemporary reader **The Untold Story of the Talking Book** Matthew Rubery, 2023-01-18 A history of audiobooks from entertainment rehabilitation for blinded World War I soldiers to a twenty first century competitive industry Histories of the book often move straight from the codex to the digital screen Left out of that familiar account are nearly 150 years of audio recordings Recounting the fascinating history of audio recorded literature Matthew Rubery traces the path of innovation from Edison s recitation of Mary Had a Little Lamb for his tinfoil phonograph in 1877 to the first novel length talking books made for blinded World War I veterans to today s billion dollar audiobook industry The Untold Story of the Talking Book focuses on the social impact of audiobooks not just the technological history in telling a story of surprising and
