Material Approaches to Roman Magic Adam Parker, Stuart McKie, 2018-04-30 This second volume in the new TRAC Themes in Roman Archaeology series seeks to push the research agendas of materiality and lived experience further into the study of Roman magic a field that has until recently lacked object focused analysis Building on the pioneering studies in Boschung and Bremmer's 2015 *Materiality of Magic* the editors of the present volume have collected contributions that showcase the value of richly detailed context specific explorations of the magical practices of the Roman world By concentrating primarily on the Imperial period and the western provinces the various contributions demonstrate very clearly the exceptional range of influences and possibilities open to individuals who sought to use magical rituals to affect their lives in these specific contexts something that would have been largely impossible in earlier periods of antiquity Contributions are presented from a range of museum professionals commercial archaeologists university academics and postgraduate students making a compelling case for strengthening lines of communication between these related areas of expertise

primarily through the monumental remains of the emperors and ancient writers who worked in their circles In this study Lauren Petersen critically investigates the notion of freedman art in scholarship dependent as it is on elite authored texts that are filled with hyperbole and stereotypes of freedmen such as the memorable fictional character Trimalchio a boorish ex slave in Petronius Satyricon She emphasizes integrated visual ensembles within defined historical and social contexts and aims to show how material culture can reflect preoccupations that were prevalent throughout Roman society

Interdisciplinary in scope this book explores the many ways that monuments and artistic commissions by freedmen spoke to a much more complex reality than that presented in literature *Scandal and Survival in Nineteenth-century Scotland* Frances B. Singh,2020 Uncovers the life of Jane Cumming who scandalized her contemporaries with tales of sexual deviancy but also defied cultural norms standing up to male authority figures and showing resilience **Early Christian Families in Context** David L. Balch,Carolyn Osiek,2003 Typical studies of marriage and family in the early Christian period focus on very limited evidence found in Scripture This interdisciplinary book offers a broader richer picture of the first Christian families by drawing together research by experts ranging from archaeologists to ancient historians By exploring the nature of households in the ancient Greco Roman world the contributors assemble a new understanding of ancient Christian families that is both compelling and instructive Divided into six parts the book covers key aspects of ancient family life from meals and child rearing to women s roles and the lives of slaves Three concluding chapters explore the implications of all this information for theological education today Contributors David L Balch Suzanne Dixon J Albert Harrill Ross S Kraemer Christian Laes Peter Lampe Amy Jill Levine Margaret Y MacDonald Dale Martin Eric M Meyers Margaret M Mitchell Carolyn Osiek Beryl Rawson Richard Saller Timothy F Sedgwick Monika Trummer Andrew Wallace Hadrill *Shifting Currents* Karen Eva Carr,2022-07-18 A deep dive into the history of aquatics that exposes centuries old tensions of race gender and power at the root of many contemporary swimming controversies Shifting Currents is an original and comprehensive history of swimming It examines the tension that arose when non swimming northerners met African and Southeast Asian swimmers Using archaeological textual and art historical sources Karen Eva Carr shows how the water simultaneously attracted and repelled these northerners swimming seemed uncanny related to witchcraft and sin Europeans used Africans and Native Americans swimming skills to justify enslaving them but northerners also wanted to claim water s power for themselves They imagined that swimming would bring them health and demonstrate their scientific modernity As Carr reveals this unresolved tension still sexualizes women s swimming and marginalizes Black and Indigenous swimmers today Thus the history of swimming offers a new lens through which to gain a clearer view of race gender and power on a centuries long scale

**Roman Women** Paul Chrystal,2017-05-17 *Rome the Cosmopolis* Catharine Edwards,Greg Woolf,2006-11-02 Rome stands today for an empire and for a city The essays gathered in this volume explore some of the many ways in which the two were interwoven Rome was fed beautified and enriched by empire just as it was swollen polluted infected and occupied by it

Empire was paraded in the streets of Rome and exhibited in the city's buildings. Empire also made the city ineradicably foreign, polyglot, an alien capital, and a focus for non-Roman activities. The city was where the Roman cosmos was most concentrated and so was most contested. Deploying a range of methodologies on materials ranging from Egyptian obelisks to human skeletal remains, via Christian art and Latin poetry, the contributors to this volume weave a series of pathways through the world city, exploring the different kinds of centrality Rome had in the empire. The result is a startlingly original picture of both empire and city.
