Convince with Data, Inspire with Stories Friederike Oehlerking,2025-08-08 In companies and especially in project management we often find ourselves in a conflict we need to make business decisions based on insights from data analysis For the analysis itself we dive deep into the details of our Data Lakes 4 0 But when we surface and try to present our findings to management as a decision paper we fail precisely because of those details Why Because our audience s brains shut down when faced with too many dry facts Data storytelling solves this problem Our brains respond better to stories than to a list of pure numbers In data storytelling data is presented alongside an easy to understand visualization and an engaging narrative The usual information overload is reduced to essential and relevant key messages This makes the content more understandable and forms a solid foundation for business decisions Enriched with

scientific facts about how our brains work and veteran stories from project management this book shows ways to combat Death by PowerPoint and free the world from poor presentations
