Looking Deep:

Looking Deep in the Southern Sky Raffaella Morganti, Warrick J. Couch, 2013-11-11 The idea of a joint ESO Australia meeting on the large number of exciting new facilities that are or will soon be available in the southern hemisphere arose quite naturally. In the optical and the near infrared the Very Large Telescope VLT will soon be operational. In the radio the Australia Telescope Compact Array is going to be upgraded to higher frequencies 20 and 100 GHz together with an improvement in very long baseline interferometry VLBI facilities. Other major facilities such as the Large Millimetre Array and the SKA are being planned. Moreover new deep surveys are underway in the southern hemisphere: the southern Hubble Deep Field, the ESO Imaging Survey, the SDSS, the UK Schmidt telescope and the Anglo-Australian Telescope AAT 2dF galaxy QSO redshift survey in the optical and the Parkes multibeam HI survey and Molonglo Observatory Synthesis Telescope MOST Wide Field continuum survey at radio wavelengths. With all these new facilities important progress will be made regarding important issues such as the large scale structure of the universe, the very early universe and the associated first epoch of galaxy formation. The generation of large databases and the opportunity for sensitive follow up observations in complementary wavebands mean that coordinated radio, infrared and optical projects in the southern hemisphere are likely to become increasingly attractive and important.

Open Deeply Kate Loree, 2025-07-30 A full one fifth of the United States has engaged in consensual non monogamy CNM at some point in their lives and 29 percent of adults under thirty today consider open relationships to be morally acceptable yet there are few resources to turn to when it comes to navigating this more non traditional and explorative territory. Picking up where CNM self help books like *Polysecure*, *The Ethical Slut* and *More Than Two* leave off, *Open Deeply* tackles the most difficult challenges posed by CNM. Therapist Kate Loree, who has practiced non monogamy since 2003 and who specializes in treating clients who also practice non monogamy, pulls no punches as she uses vignettes based on her own life as well as her clients' experiences to illustrate the highs, lows and in-betweens of life as a consensual non monogamist. Interwoven with these stories are thorough explanations of how attachment theory impacts non monogamy, how blending cutting edge neurobiology informed grounding skills with effective communication skills will make even the most challenging conversations regarding non monogamy manageable and more. The result is a compassionate attachment focused template for non monogamy that will allow readers to avoid pitfalls and find adventure while concurrently building healthy relationships. Non monogamy is a wild and woolly ride and *Open Deeply* is here to help make it a great one.

Eyes on Ice & No Blind Mice Saad Shaikh M. D., Saad Shaikh, 2007. A travelogue full of adventure. A Place to Belong is the story of a young teenage boy's search for self-worth and faith in a cruel world. Paul Miller was eight years old when his parents took him on a mystifying zigzagging journey from Detroit to Florida to California and back again. His father's tenuous grip on reality becomes as changeable as the landscapes they travel through. Paul's simple questions are ignored or answered by the back of his Father's hand. Paul jumps the roof tops of Detroit slums, butts heads with the gangs of Los Angeles, and gets caught up in a world of petty theft. Life hangs by a bus fare, the surprising kindness of a loving family, a filthy motorist with a penchant for young boys, the kiss of a young girl. Along the way, Noah, a wise fisherman, shows Paul that God isn't some imperious judge sitting on top of a throne but can become your best friend, a buddy you can talk to. But can such a simple view account for all the misery Paul experiences? In this captivating and at turns humorous story, a young man travels into the depths of despair and back again to find a place he can call home. I got hooked and couldn't stop. This is a splendidly written story and quite a story to tell. So candid, unpretentious, and courageous. David Morris, Senior Editor, Guideposts Books. Miller tells a remarkable story, one that is in a sense an American Angela's Ashes but with the added element of faith as a factor in surviving an incredibly rough
