Elementary Classroom Management Carol Simon Weinstein, Andrew J. Mignano, 1997 An introduction to classroom management in elementary schools The text combines what research has to say about effective classroom management with knowledge culled from practice *Effective Teaching in Schools* Chris Kyriacou, 1997 This book is structured in three parts firstly putting into context the wealth of research on what makes for effective teaching then building on the foundation by looking at specific aspects of good classroom practice and finally looking at ways of reflecting on experience to improve classroom practice **Teaching Today** Geoffrey Petty, 2004 This book aims to be a straightforward and practical how to teach book It is intended for those teaching in either schools colleges or universities as well as those teaching or training in industry commerce or the public services Preface *Out of the Depths, 4th Edition* Isabelle Knockwood, 2015-04-01T00:00:00Z In the 1880s through an amendment to the Indian Act of 1876 the government of Canada began to require all Aboriginal children to attend schools administered by churches Separating these children from their families removing them from their communities and destroying Aboriginal culture by denying them the right to speak Indigenous languages and perform native spiritual ceremonies these residential schools were explicitly developed to assimilate Aboriginal peoples into Canadian culture and erase their existence as a people Daring to break the code of silence imposed on Aboriginal students residential school survivor Isabelle Knockwood offers the firsthand experiences of forty two survivors of the Shubenacadie Indian Residential School In their own words these former students remember their first day

of residential schooling when they were outwardly transformed through hair cuts and striped uniforms marked with numbers. Then followed years of inner transformation from a strict and regimented life of education and manual training as well as harsh punishments for speaking their own language or engaging in Indigenous customs. The survivors also speak of being released from their school and having to decide between living in a racist and unwelcoming dominant society or returning to reserves where the Aboriginal culture had evolved. In this newly updated fourth edition, Knockwood speaks to twenty-one survivors of the Shubenacadie Indian Residential School about their reaction to the apology by the Canadian government in 2008. Is it now possible to move forward?

Digital Media in Today's Classrooms Dawn Wilson, Katie Alaniz, Joshua Sikora, 2016-12-09. Educators who engage with today's students appreciate the impact digital media has on the lives of our younger generations. Learners of today consume, create, and publish multimedia content continuously using a variety of devices such as cell phones, tablets, and computers. They generate original and innovative products through programs, apps, and the Internet as a means of communicating and representing their lives, ideas, and feelings. Unfortunately, not all students understand how to apply media literacy or media safety, and many lack knowledge of how to truly analyze media content for its value in society. Today's educators must learn to harness the enthusiasm students have for digital media content that uses a combination of text, images, audio, animation, and video into daily lessons in order to enhance student interest, engagement, motivation, and achievement in classroom environments. This book addresses these vital considerations, thereby empowering teachers and students to benefit from the application of digital media in their classrooms, both as a compelling assessment tool and as an engaging teaching strategy.
