

LORD of the AIR

The background of the cover is a surreal illustration. In the foreground, a massive, golden, ancient statue of a seated figure, possibly a deity or a ruler, dominates the left side. The statue is highly detailed with traditional Egyptian or Mesopotamian features. To the right of the statue, a large, classical-style building with a prominent dome and arched windows is visible. In the far background, another domed building, resembling a capitol or a cathedral, sits atop a hill under a clear blue sky. A small figure of a person stands on a set of wide stone steps in the lower left, providing a sense of scale to the monumental structures.

Lord Of The Air Tales Of A Modern Antichrist:

Lord of the Air Tal Brooke,1990 As Woodstock and the Apollo moon landing lit up the skies of history Tal Brooke flew to New Delhi quickly becoming immersed in the vast subcontinent of India as he pursued a radical pilgrimage of consciousness After quickly exhausting the Grand Tour of landmarks popularized by the spiritual tourists of the West Brooke plunged into wilderness India and the journey shifted into high gear From their first meeting Brooke was heralded by Sai Baba India s greatest miracle working godman as the inner circle disciple who like Oppenheimer at Los Alamos would help trigger the explosion of India s ancient mystical tradition into the Western world *Holy Madness* Georg Feuerstein,2013-10-09 This book traces the shadowy tradition of holy madness crazy wisdom from the Holy Fools of early Christianity through the great adepts of India and Tibet up to the controversial gurus of today In our day when even the Dalai Lama has warned Western seekers to choose their teachers carefully Feuerstein provides an intelligent and cautionary guidebook to the guru disciple relationship plus a comprehensive analysis of the principles of authentic spirituality *Astrology and Psychic Phenomena* Andre Kole,Terry Holley,2016-09-06 Astrology Tarot cards Ouija boards spiritism psychic healing palm reading and old fashioned fortune telling now called psychic consulting all these are popular in America today Psychic hotlines are heavily represented on television with testimonials to their amazing ability to give people accurate details about their past and predictions about their future Are psychics indeed gifted with supernatural powers Andre Kole and Terry Holley show convincingly how the success of these and other paranormal phenomena depends on deceit and slight of hand rather than on genuine supernatural powers This is an age when countless groups and movements new and old mark the religious landscape in our culture As a result many people are confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully the Zondervan Guide to Cults and Religious Movements series provides essential information and insights for their spiritual journeys The second wave of books in this series addresses a broad range of spiritual beliefs from non Trinitarian Christian sects to witchcraft and neo paganism to classic non Christian religions such as Buddhism and Hinduism All books but the summary volume Truth and Error contain five sections A concise introduction to the group being surveyed An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group Truth and Error the last book in the series consists of parallel doctrinal charts compiled from all the other volumes Three distinctives make this series especially useful to readers Information is carefully distilled to bring out truly essential points rather than requiring readers to sift their way through a sea of secondary details Information is presented in a clear easy to follow outline form with menu bar running heads This format greatly assists the reader in quickly locating topics and details of interest Each book meets the needs and skill levels of both nontechnical and technical readers providing an elementary level of refutation and progressing to a more

advanced level using arguments based on the biblical text The writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood **The Goddess Pose** Michelle

The Fundamentalist Mind Stephen Larsen, 2014-05-27 We are all fundamentalists whether we acknowledge it or not We were born into a world of myth and metaphor and have come to internalize the stories we were told as children as the literal interpretations of much greater and deeply symbolic lessons When we fall into such patterns according to author and psychotherapist Stephen Larsen we lose all flexibility and freedom of thought We become split by dualistic thinking bad versus good black versus white and are weighted down by definitive concretistic principles and behaviors that alienate us from one another Dr Larsen explains that we can avoid such pitfalls by identifying our inner fundamentalist and becoming more open minded individuals
