

LORD SALISBURY ON POLITICS

*A selection from his articles
in the Quarterly Review 1860-1883*

EDITED BY
PAUL SMITH

CAMBRIDGE UNIVERSITY PRESS

Lord Salisbury On Politics 1860 1883

r.a.t.g.c. 3rd marquis Salisbury

Lord Salisbury On Politics 1860 1883:

Lord Salisbury on Politics Robert Cecil Marquess of Salisbury, 1972 **Lord Salisbury on Politics** Paul Smith, 2007-11-29 Leader of the Conservative party for seventeen years and prime minister for fourteen the third Marquis of Salisbury was one of the most successful political practitioners of modern times as well as a major international statesman Yet he was also a prolific and pungent writer on politics The large body of journalism which he produced during the first thirty years of his career enables us to examine in detail the views on politics and society which underlay his practical action While his brand of Conservatism was conventional in its conclusions it was distinguished by the highly sceptical and utilitarian mode of reasoning through which it sought to reach them and by its insistence on a crudely conceived class struggle as the driving force of history and politics Its central theme was hostility to democracy and when after 1867 democracy seemed to have arrived it questioned how far the system of parliamentary government could work tolerably under the new dispensation Lord Salisbury on Politics : a Selection from His Articles in the Quarterly Reviews, 1860-1883 r.a.t.g.c. 3rd marquis Salisbury, 1972 **Lord Salisbury** Dr E David Steele, 2020-10-07 This book presents a study of Lord Salisbury British prime minister in the late nineteenth century and early twentieth century whose political philosophy was reactionary and defeatist and who is remembered for an irony that was wounding as well as diverting *The Political Diaries of the Fourth Earl of Carnarvon, 1857-1890: Volume 35* Peter Gordon, 2009-12-17 Based on the diaries of Henry Herbert Molyneux fourth Earl of Carnarvon this book sheds new light on Conservative politics in the second half of the nineteenth century Few political diaries of this scale and significance have survived and they reveal him to be a shrewd observer of events **Nineteenth Century Prose**, 1991 *The Conservative Political Tradition in Britain and the United States* Arthur Aughey, Greta Jones, William Terence Martin Riches, 1992 This book seeks to break new ground by providing an original framework within which to understand conservative politics and to compare what has always been thought to be opposite ideal types a British conservatism characterized by traditionalism and an American conservatism defined by its optimistic individualism *Let them Eat Tweets: How the Right Rules in an Age of Extreme Inequality* Jacob S. Hacker, Paul Pierson, 2020-07-07 A New York Times Editors Choice An essential Jane Mayer account of the dangerous marriage of plutocratic economic priorities and right wing populist appeals and how it threatens the pillars of American democracy In *Let Them Eat Tweets* best selling political scientists Jacob S Hacker and Paul Pierson argue that despite the rhetoric of Donald Trump Josh Hawley and other right wing populists the Republican Party came to serve its plutocratic masters to a degree without precedent in modern global history To maintain power while serving the 0.1 percent the GOP has relied on increasingly incendiary racial and cultural appeals to its almost entirely white base Calling this dangerous hybrid plutocratic populism Hacker and Pierson show how over the last forty years reactionary plutocrats and right wing populists have become the two faces of a party that now actively undermines democracy to achieve its goals against the will of the majority of

Americans Based on decades of research and featuring a new epilogue about the intensification of GOP radicalism after the 2020 election *Let Them Eat Tweets* authoritatively explains the doom loop of tax cutting and fearmongering that defines the Republican Party and reveals how the rest of us can fight back **Continuity and Anachronism** P.B.M. Blaas,2012-12-06

Several of the themes of this study have been treated in earlier publications some by means of a general analysis and some through a detailed handling of problems raised by a particular theme or historian Both the more general theoretical treatment of the theme and the concrete historiographical treatment are I think indispensable aids to the proper understanding of the development of historical scholarship in nineteenth and twentieth century England There are a number of problems in a concrete historiographical approach there is first the mass of historians to be faced and then the immense amount of historical themes dealt with in various periods As a guideline through the tangle of themes we chose the historiography on the development of the English parliament We can only hope that we have made a responsible choice of the historians concerned Unfortunately it was not always possible for us to give extensive biographies of some of the more recent historians as several papers are still firmly in the possession of families and a number of them must despite of years still be labelled confidential The Pollard Papers in the London Institute of Historical Research thus remained inaccessible Fortunately the lack was partly compensated by some important material being found apart from these Papers Choose Your Weapons Douglas Hurd,2013-03-28

Noisy popular liberal interventionism Or a more conservative diplomatic approach concentrating on co operation between nations This is the debate that lies at the heart of modern politics and Hurd traces its most interesting and influential exponents He starts with Canning and Castlereagh in post Waterloo Britain to a generation later the victory of the interventionist Palmerston over Aberdeen then to Salisbury Imperialism and Grey European balance of power and finally to Eden and Bevin who combined to lay the foundations of a post war compromise That delicate balance has served its purpose for over half a century but as we enter a new era of terrorism and racial conflict the old questions and divisions are resurfacing The House of Lords and Ideological Politics Corinne Comstock Weston,1995 Selborne though not as well known to historians had a high contemporary reputation as an imperial proconsul who had united South Africa According to the referential theory the house of lords had a duty to refer disputed legislation to the electorate when the house of commons in the lords judgment lacked a mandate for the measure in question That is the lords political barometer was not the commons as Gladstone contended but the nation at large **Dracula's Crypt** Joseph Valente,2002

An ingenious reappraisal of a classic text *Dracula's Crypt* presents Stoker's novel as a subtly ironic commentary on England's preoccupation with racial purity Probing psychobiographical political and cultural elements of Stoker's background and milieu Joseph Valente distinguishes Stoker's viewpoint from that of his virulently racist hypermasculine vampire hunters showing how the author's dual Anglo Celtic heritage and uncertain status as an Irish parvenu among London's theatrical elite led him to espouse a progressive racial ideology at odds with the dominant Anglo Saxon supremacism In the light of Stoker's

experience the shabby genteel Count Dracula can be seen as a doppelganger an ambiguous figure who is at once the blood conscious landed aristocrat and the bloodthirsty foreign invader

BOOK JACKET **The Impossible Office?** Anthony Seldon, Jonathan Meakin, Ilias Thoms, Tom Egerton, 2024-03-14 Over 300 years fifty seven individuals have held the office of British Prime Minister who have been the best and worst The Oxford Handbook of Modern British Political History, 1800-2000 David Brown, Robert Crowcroft, Gordon Pentland, 2018-03-29 The two centuries after 1800 witnessed a series of sweeping changes in the way in which Britain was governed the duties of the state and its role in the wider world Powerful processes from the development of democracy the changing nature of the social contract war and economic dislocation have challenged and at times threatened to overwhelm both governors and governed Such shifts have also presented challenges to the historians who have researched and written about Britain s past politics This Handbook shows the ways in which political historians have responded to these challenges providing a snapshot of a field which has long been at the forefront of conceptual and methodological innovation within historical studies It comprises thirty three thematic essays by leading and emerging scholars in the field Collectively these essays assess and rethink the nature of modern British political history itself and suggest avenues and questions for future research The Oxford Handbook of Modern British Political History thus provides a unique resource for those who wish to understand Britain s political past and a thought provoking long view for those interested in current political challenges

Evolution of the British Party System Robert C. Self, 2014-07-30 By the end of the nineteenth century reform and development of the British electoral system had inaugurated a new style of mass politics which fundamentally transformed the face of the British party system This book traces the evolution of recognisably modern parties from their roots in the 1880s through half a century of dramatic change in organisational structure electoral competition and constitutional thought In the House of Commons the Labour Party replaced the Liberals as the radical answer to the Conservative Party In the country at large the complex web of Victorian social regional and religious allegiances gave way to a cruder but more dynamic model of modern political loyalties The transformation at Westminster and in the constituencies is surveyed in relation to changes to the franchise including the vote for women class consciousness political organisation and doctrine The comprehensive account explains the varying fortunes of the parties in the face of mass democracy collectivism the First World War and economic uncertainty It also provides a critical insight into the debates and conflicts of interpretation which surround this pivotal period in British political history

Conservative Parties and the Birth of Democracy Daniel Ziblatt, 2017-04-17 How do democracies form and what makes them die Daniel Ziblatt revisits this timely and classic question in a wide ranging historical narrative that traces the evolution of modern political democracy in Europe from its modest beginnings in 1830s Britain to Adolf Hitler s 1933 seizure of power in Weimar Germany Based on rich historical and quantitative evidence the book offers a major reinterpretation of European history and the question of how stable political democracy is achieved The barriers to inclusive political rule Ziblatt finds were not inevitably overcome by

unstoppable tides of socioeconomic change a simple triumph of a growing middle class or even by working class collective action Instead political democracy s fate surprisingly hinged on how conservative political parties the historical defenders of power wealth and privilege recast themselves and coped with the rise of their own radical right With striking modern parallels the book has vital implications for today s new and old democracies under siege *Turgot on Progress, Sociology and Economics* Ronald L. Meek,2010-06-10 This volume explores the renowned political historian sociological and economic author A R J Turgot 1727-81 **Sir Claude MacDonald, the Open Door, and British Informal Empire in China, 1895-1900** Mary H. Wilgus,2018-03-15 First published in 1987 Great Britain secured and expanded its informal empire in China during the five years following the Sino Japanese War From 1895 through 1900 Lord Salisbury accepted England s traditional commercially oriented China policy and adapted it to dramatically altered political conditions in East Asia Through the efforts of Sir Claude MacDonald Britain met the commercial and political challenges of its European competitors and implemented the open door a strong but maligned policy With the assistance of Britain s indigenous collaborators England managed to maintain a greatly weakened Manchu dynasty and to increase its financial commercial and informal political power in China without the use of military force or formal alliance In order to help the reader understand Britain s informal empire in China the author reviews the historical background which brought China into Britain s expanding economy

Britain, 1846-1919 Jocelyn Hunt,2013-10-18 Britain 1846-1919 is an exciting new approach to teaching and learning late nineteenth and early twentieth century British History at A Level up to and including the First World War It meets the needs of teachers and students studying for today s new AS level exams In a unique style Britain 1846-1919 focuses on the key topics within the period Each topic is comprehensively explored to provide background essay writing advice and examples source work and historical skills exercises From 1846 to 1919 the key topics featured include the Age of the Railways Public Health and Social Policy Gladstone and Disraeli at home and abroad the Irish Question the Liberal and Coalition Ministries in the early twentieth century Using essay styles and source exercises from each of the exam boards AQA Edexcel and OCR this book is an essential text for students and teachers Science and Spirituality David Knight,2023-04-14 Until the end of the eighteenth century almost everyone believed that the empirical world of science could produce evidence for a wise and loving God By the twenty first century this comforting certainty has almost vanished What caused such a cataclysmic change in attitudes to science and to the world Science and Spirituality offers a new history of the interaction between Western science and faith which explores their volatile connection and challenges the myth of their being locked in inevitable conflict Journeying from the French Revolution to the present day and taking in such figures as Francis Bacon Ren Descartes Charles Darwin Immanuel Kant Albert Einstein Mary Shelley and Stephen Hawking David Knight shows how science evolved from medieval and Renaissance forms of natural theology into the empirical discipline we know today Focusing on the overthrow of Church and State in revolutionary France and on the crucial nineteenth century period when a newly emerging scientific

community rendered science culturally accessible Science and Spirituality shows how scientific disenchantment has provided some of our most flexible and powerful metaphors for God such as the hidden puppet master and the blind watchmaker and illustrates how questions of moral and spiritual value continue to intervene in scientific endeavour

The Enigmatic Realm of **Lord Salisbury On Politics 1860 1883**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Lord Salisbury On Politics 1860 1883** a literary masterpiece penned by way of a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those who partake in its reading experience.
