Los Albaniles By Lenero:

Los albañiles Vicente Leñero, 2007-08-31 El asesinato de don Jesús vigilante de un edificio en construcción y la consecuente investigación policiaca son el punto de partida para que Vicente Leñero explore las miserias de la naturaleza humana y del sistema corrupto que las propicia La muerte verdadera o imaginaria del velador viejo y enfermo provoca las confesiones de los obreros que trabajaban con él y la gente que lo rodeaba Con una suma audaz de recursos Leñero sabe convertir el género del thriller en una muy profunda pero gil y divertida reflexión y le plantea al lector una pregunta incesante ¿quién es el culpable o mejor ¿quién no lo es

Vicente Leñero Danny J. Anderson, 1989 This fascinating study of the nine novels of Vicente Leñero published between 1961 and 1985 attests to the contemporary Mexican writer's protean talent Anderson interrogates the dual critical project that underlies Leñero's works the constant preoccupation with the expressive potentials of the novelistic genre and the equally constant concern for a critical examination of social reality Employing a variety of post structural approaches in order to reveal the dynamics of this dual project Vicente Leñero *The Novelist as Critic* provides the first book length consideration of the materials and concerns of this novelist's art

Latin American Mystery Writers Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention The body of

Latin American mystery writing is especially vast and diverse. Because it is part of Latin American popular culture, it also reflects many of the social and cultural concerns of that region. This reference provides an overview of mystery fiction of Latin America. While many of the authors profiled have received critical attention, others have been relatively neglected. Included are alphabetically arranged entries on 54 writers, most of whom are from Argentina, Mexico, and Cuba. Every effort has been made to include balanced coverage of the few female mystery writers. Each entry is written by an expert contributor and includes a brief biography, a critical discussion of the writer's works, and primary and secondary bibliographies. The volume closes with a general bibliography of anthologies and criticism. **The Mexican Novel Comes of Age** Walter M. Langford, 1971

Love and Despair Jaime M. Pensado, 2023-06-13 Love and Despair explores the multiple and mostly unknown ways progressive and conservative Catholic actors such as priests, lay activists, journalists, intellectuals, and filmmakers responded to the significant social and cultural shifts that formed competing notions of modernity in Cold War Mexico. Jaime M. Pensado demonstrates how the Catholic Church, as a heterogeneous institution with key transnational networks in Latin America and Western Europe, was invested in youth activism, state repression, and the counterculture from the postwar period to the more radical Sixties. Similar to their secular counterparts, progressive Catholics often saw themselves as revolutionary actors and nearly always framed their activism as an act of love. When their movements were repressed and their ideas were co-opted, marginalized, and commercialized, at the end of the Sixties the liberating hope of love often turned into a sense of despair. *A Luis Leal Reader* Luis Leal, 2007-09-11 Since his first publication in 1942, Luis Leal has likely done more than any other writer or scholar to foster a critical appreciation of Mexican Chicano and Latin American literature and culture. This volume, bringing together a representative selection of Leal's writings from the past sixty years, is at once a wide-ranging introduction to the most influential scholar of Latino literature and a critical history of the field as it emerged and developed through the twentieth century. Instrumental in establishing Mexican literary studies in the United States, Leal's writings on the topic are especially instructive, ranging from essays on the significance of symbolism, culture, and history in early Chicano literature to studies of the more recent use of magical realism and of individual New Mexican, Tejano, and Mexican authors such as Juan Rulfo, Carlos Fuentes, Jos Montoya, and Mariano Azuela. Clearly and cogently written, these writings bring to bear an encyclopedic knowledge, a deep understanding of history and politics, and an unparalleled command of the aesthetics of storytelling, from folklore to theory. This collection affords readers the opportunity to consider or reconsider Latino literature under the deft guidance of its greatest reader. *The Columbia Guide to the Latin American Novel Since 1945* Raymond L.
