Representations of China in Latin American Literature (1987-2016) Maria Montt Strabucchi, 2023-11-15 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library as part of the Opening the Future project with COPIM Representations of China in Latin American Literature 1987 2016 analyses contemporary Latin American novels in which China is the main theme Using China as a multidimensional term it explores how the novels both highlight and undermine assumptions about China that have shaped Latin America's understanding of China and shows China to be a kind of literary imaginary third term which reframes Latin American discourses of alterity On one level it argues that these texts play with the way that China stands in as a wandering signifier and as a metonym for Asia a gesture that essentialises it as an unchanging other On another level it argues that the novels employment of China resists essentialist constructions of identity China is thus shown to be serving as a concept which allows for criticism of the construction of fetishized otherness and of the exclusion inherent in essentialist discourses of identity The book presents and analyses the depiction of an imaginary of China which is arguably performative but which discloses the tropes and themes which may be both established and subverted in the novels Chapter One examines the way in which China is represented and constructed in Latin American novels where this country is a setting for their stories The novels studied in Chapter Two are linked to the presence of Chinese communities in Latin America The final chapter examines novels whose main theme is travel to contemporary China Ultimately in the novels studied in this book China serves as a concept through which essentialist notions of identity are critiqued *Semiología y narración* Alberto Alvarez Sanagustín, 1981 Estudio de las técnicas narrativas y de los discursos de Ayala Parte del concepto del signo hace historia de las investigaciones del relato y trata los problemas que plantea el tiempo narrativo y la enunciación *The Cougar's Bargain* Holley Trent, 2019-07-09 Hannah Welch doomed cougar shifter Sean Foye to spend the rest of his life in his animal form when she refused to accept him as a mate but now she has no choice but to make peace She strikes a bargain with the Cougar goddess La Bella Dama that frees Sean from his furry affliction but also requires that Hannah to find him a more suitable mate When the goddess sends them on a mission to root out a group of dangerous forgotten shifters Sean has no choice but to put his anger toward Hannah on ice The sooner he can get back to the ranch the sooner he can disentangle himself from the hostile woman who was supposed to be his mate But now Hannah's not so sure she should give him up He's the only man who's ever made her feel comfortable in her own skin and her own fur too Unfortunately Sean's got hang ups of his own Just like her he's used to being overlooked Can she prove to him that their destiny deserves a second chance Or will they continue to walk alone rejecting the loving yet daunting future Fate had in store for them **El beso del infierno (Los Elementos Oscuros 1)** Jennifer L.
