it traveled from Africa to Cuba and then to the United States For the enslaved Yoruba bat rhythms helped sustain the religious and cultural practices of a people that had been torn from its roots Aldama as guardian of Afro Cuban music and as a Santer a priest maintains the link with this tradition forged through his mentor Jesus P rez Oba Ilu who was himself the connection to the preserved oral heritage of the older generation By sharing his stories Aldama and his student Umi Vaughan bring to light the techniques and principles of bat in all its aspects and document the tensions of maintaining a tradition between generations and worlds old and new The book includes rare photographs and access to downloadable audio tracks

**Carlos Monsivís** Linda Egan,2001-09 One of Mexico s foremost social and political chroniclers and its most celebrated cultural critic Carlos Monsivís has read the pulse of his country over the past half century The author of five collections of literary journalism pieces called crónicas he is perhaps best known for his analytic and often satirical descriptions of Mexico City s popular culture This comprehensive study of Monsivís s crónicas is the first book to offer an analysis of these works and to place Monsivís s work within a theoretical framework that recognizes the importance of his vision of Mexican culture Linda Egan examines his ideology in relation to theoretical postures in Latin America the United States and Europe to cast Monsivís as both a heterodox pioneer and a mainstream spokesman She then explores the poetics of the contemporary chronicle in Mexico reviewing the genre s history and its relation to other narrative forms Finally she focuses on the canonical status of Monsivís s work devoting a chapter to each of his five principal collections Egan argues that the five books that are the focus of her study tell a story of ever renewing suspense we cannot know the end until Monsivís is through constructing his literary project Despite this she observes his work between 1970 and 1995 documents important discoveries in his search for causes effects and deconstructions of historical obstacles to Mexico s passage into modernity While anthropologists and historians continue to introduce new paradigms for the study of Mexico s cultural space Egan s book provides a reflexive twist by examining the work of one of the thinkers who first inspired such a critical movement More than an appraisal of Monsivís it offers a valuable discussion of theoretical issues surrounding the study of the chronicle as it is currently practiced in Mexico It balances theory and criticism to lend new insight into the ties between Mexican society social conscience and literature

Ashé-Caribbean Literary Aesthetic in the Cuban, Colombian, Costa Rican, and Panamanian Novel of Resistance Thomas Wayne Edison,2020-09-28 Ash Caribbean Literary Aesthetic in the Cuban Colombian Costa Rican and Panamanian Novel of Resistance contributes to understanding the important role that African influenced spiritualcultures play in literature that challenges the concept that European aesthetics are superior to African inspired cultures Thomas W Edison highlights the novels of four courageous Caribbean writers who have used their novels to integrate aspects of African ontology with literary techniques themes and history The common element in these works is the inclusion of African inspired faith traditions and culture As a result of this perspective their literature stands out as keen examples of Ash Caribbean resistance literature While each writer presents their unique literary style in the works

collectively they draw on a foundation of the Afro Caribbean The Circum Caribbean region will be the geographical unit because of its collective history of slavery colonial rule and parallel patterns of religious syncretism This book makes an important literary connection among Caribbean Hispanophone nations **Syncing the Americas** Ryan Anthony

Spangler,Georg Michael Schwarzmann,2017-12-18 The essays in this collection reflect two of Mart s key observations during his time in the United States first how did he an exile living in New York view and read his North American neighbors from a sociocultural political and literary perspective Second how did his perception of the modern nation impact his own concepts of race capital punishment poetics and nation building for Cuba The overarching endeavor of this project is to view and read Mart with the same critical or modern eye with which he viewed and read Spain Cuba Latin America and the United States This volume combining many of the most relevant experts in the field of Mart studies attempts to answer those questions It hopes to broaden the understanding and extend the influence of one of Americas speaking of the collective Americas most prolific and important writers particularly within the very nation where his chronicles poetry and journalism were written In spite of the political differences still separating Cuba and the United States understanding Mart s relevancy is crucial to bridging the gap between these nations **Writing the Caribbean in Magazine Time** Katerina Gonzalez

Seligmann,2021-08-27 Writing the Caribbean in Magazine Time examines literary magazines generated during the 1940s that catapulted Caribbean literature into greater international circulation and contributed significantly to social political and aesthetic frameworks for decolonization including Pan Caribbean discourse This book demonstrates the material political and aesthetic dimensions of Pan Caribbean literary discourse in magazine texts by Suzanne and Aim C saire Nicol s Guill n Jos Lezama Lima Alejo Carpentier George Lamming Derek Walcott and their contemporaries Although local infrastructure for book production in the insular Caribbean was minimal throughout the twentieth century books largely produced abroad have remained primary objects of inquiry for Caribbean intellectuals The critical focus on books has obscured the canonical centrality of literary magazines to Caribbean literature politics and social theory Up against the imperial Goliath of the global book industry Caribbean literary magazines have waged a guerrilla pursuit for the terms of Caribbean representation

**Cuban Literature in the Age of Black Insurrection** Matthew Pettway,2019-12-30 Juan Francisco Manzano and Gabriel de la Concepci n Vald s Pl cido were perhaps the most important and innovative Cuban writers of African descent during the Spanish colonial era Both nineteenth century authors used Catholicism as a symbolic language for African inspired spirituality Likewise Pl cido and Manzano subverted the popular imagery of neoclassicism and Romanticism in order to envision black freedom in the tradition of the Haitian Revolution Pl cido and Manzano envisioned emancipation through the lens of African spirituality a transformative moment in the history of Cuban letters Matthew Pettway examines how the portrayal of African ideas of spirit and cosmos in otherwise conventional texts recur throughout early Cuban literature and became the basis for Manzano and Pl cido s antislavery philosophy The portrayal of African Atlantic religious ideas spurned

the elite rationale that literature ought to be a barometer of highbrow cultural progress Cuban debates about freedom and selfhood were never the exclusive domain of the white Creole elite Pettway's emphasis on African inspired spirituality as a source of knowledge and a means to sacred authority for black Cuban writers deepens our understanding of Manzano and Plcido not as mere imitators but as aesthetic and political pioneers As Pettway suggests black Latin American authors did not abandon their African religious heritage to assimilate wholesale to the Catholic Church By recognizing the wisdom of African ancestors they procured power in the struggle for black liberation
