Loser A Novel

Michael Thomas

Loser A Novel:

The Loser Thomas Bernhard, 2010-11-10 Thomas Bernhard was one of the most original writers of the twentieth century His formal innovation ranks with Beckett and Kafka his outrageously cantankerous voice recalls Dostoevsky but his gift for lacerating lyrical provocative prose is incomparably his own One of Bernhard's most acclaimed novels *The Loser* centers on a fictional relationship between piano virtuoso Glenn Gould and two of his fellow students who feel compelled to renounce their musical ambitions in the face of Gould's incomparable genius One commits suicide while the other the obsessive witty and self-mocking narrator has retreated into obscurity Written as a monologue in one remarkable unbroken paragraph *The Loser* is a brilliant meditation on success failure genius and fame **The Loser (A Novel)**, 1960 **The Loser** Thomas Bernhard, 1996 *The Loser* is a brilliant fictional account of an imaginary relationship among three men the late piano virtuoso Glenn Gould the unnamed narrator and a fictional pianist Wertheimer who meet in 1953 to study with Vladimir Horowitz In the face of Gould's incomparable genius Wertheimer and the narrator renounce their musical ambition but in very different ways While the latter sets out to write a book about Gould Wertheimer sinks deep into despair and self-destruction Like Swift Bernhard writes like a sacred monster A remarkable literary performer he goes to extremes in ways that vivify our sense of human possibilities however destructive Richard Locke Wall Street Journal The excellence of Bernhard and it is a kind of virtuosity ably maintained in this American translation is to make his monotonous loathing not only sting but also like Gould at the piano sing Paul Griffiths Times Literary Supplement He is one of the century's most gifted writers David Plott Philadelphia Inquirer America has been sadly immune to the charm and challenge of Bernhard's work and the American public has deprived itself of the deep and serious pleasure of reading one of the great writers of this century One of the great works of world literature Its arrival on these shores is a significant literary event Thomas McGonigle New York Newsday

The Loser Duncan Seth Lloyd, 1973 **The Loser** Borden Deal, 1964 The main character John Bookman runs unsuccessfully for governor of Mississippi in the racially charged Civil Rights era of the 1960s *The Loser* Peter Ustinov, 1960 A wartime romance which follows a young Nazi officer who meets an Italian prostitute and discovers for the first time his own humanity **Loser's Town** Daniel Depp, 2009-03-03 This darkly comic debut thriller introduces David Spandau a Hollywood private eye whose laconic wit and keen insider's sensibility are put to the test when he is hired by a young actor at the center of a filmmaking and blackmailing scheme gone wrong The Novel Tim Parks, 2015-07-16 *The Literary Agenda* is a series of short polemical monographs about the importance of literature and of reading in the wider world and about the state of literary education inside schools and universities The category of the literary has always been contentious What is clear however is how increasingly it is dismissed or is unrecognised as a way of thinking or an arena for thought It is sceptically challenged from within for example by the sometimes rival claims of cultural history contextualized explanation or media studies It is shaken from without by even greater pressures by economic exigency and the severe social

attitudes that can follow from it by technological change that may leave the traditional forms of serious human communication looking merely antiquated For just these reasons this is the right time for renewal to start reinvigorated work into the meaning and value of literary reading The Novel A Survival Skill is the fruit of a lifetime s search for a different more immediate but again systematic and serious way of talking about literature Developed over many years it offers a completely new account of the relationship between a writer his or her work and the reader As such it radically undermines traditional literary criticism and the various criteria used for evaluating a work of fiction Drawing on ideas from systemic psychology Tim Parks suggest that both the content and style of a novelist s work the kind of stories told and the way in which they are told form part of a more general strategy or simply habit of communication that the novelist has learned within his or her family of origin The reader reacts to these in very much the same way he or she would react to the same communicative strategy in a real life encounter different readers reacting differently depending on their own backgrounds and habits of communication Looking at the different value structures that can dominate in any family good evil independence dependence success failure belonging exclusion this book looks at how a number of major writers position themselves within these value structures how this positioning is manifest in their writing and how readers have responded to this depending on their own positioning in the same semantics Thomas Hardy for example a man eager to believe himself courageous but terrified of the consequences of any socially unacceptable behaviour constructs stories which are courageous in their willingness to debate difficult issues but which constantly suggest that any attempt to behave courageously is condemned to disaster Hardy as it were imprisons himself in a world where it is folly to take risks He is thus exceedingly conservative in his life while at the same time able to think of himself as courageous in his writing The Novel A Survival Skill looks at the way different readers in different periods respond to this depending on their own position with regard to fear courage social convention and so on
