arsenal for skeptics      **Hope After Faith** Jerry DeWitt, Ethan Brown, 2013-06-25 A former Louisiana pastor's courageous memoir chronicling his conversion to atheism      *How to Be a Good Atheist* Nick Harding, 2008-04-28 For millennia priests and holy men have told countless conflicting tales about humanity's genesis and fate while also saying anyone devoid of faith is evil immoral and responsible for societal ills For those tired of these contradictions fed up with hearing about divine mysteries when there aren't any and offended by being told they're going to hell atheism is a popular and logical answer This book contains all you need to know about what to pack for your journey on the enlightening road to atheism including explanations of the five types of atheism and the difference between an atheist and an agnostic a term invented by T H Huxley famous for his defense of Darwin as well as how a deist differs from a theist Learn why Christians were originally called atheists read about Lucretius and his fellow materialists and revel alongside atheists who happily have nothing to defend      **Parenting Beyond Belief- Abridged Ebook Edition**, 2011-02-15 Foreword by Michael Shermer Ph D Contributors include Penn Jillette Julia Sweeney and Dr Donald B Ardell This is an abridged edition of the print classic It does not include essays by Richard Dawkins or Stephen Law Please consult the print edition for these essays It's hard enough to live a secular life in a religious world And bringing up children without religious influence can be even more daunting Despite the difficulties a large and growing number of parents are choosing to raise their kids without religion In *Parenting Beyond Belief* Dale McGowan celebrates the freedom that comes with raising kids without formal indoctrination and advises parents on the most effective way to raise freethinking children With advice from educators doctors psychologists and philosophers as well as wisdom from everyday parents the book offers tips and insights on a variety of topics from mixed marriages to coping with death and loss and from morality and ethics to dealing with holidays Sensitive and timely *Parenting Beyond Belief* features reflections from such freethinkers as Mark Twain Bertrand Russell and wellness guru Dr Don Ardell that will empower every parent to raise both caring and independent children without constraints      **Life Driven Purpose** Dan Barker, 2015-04-01 Every thinking person wants to lead a life of meaning and purpose For thousands of years holy books have told us that such a life is available only through obedience and submission to some higher power Today the faithful keep popular devotionals and tracts within easy reach on bedside tables and mobile devices all communicating this common message Life is meaningless without God In this volume former pastor Dan Barker eloquently powerfully and rationally upends this long held belief Offering words of enrichment emancipation and inspiration he reminds us how millions of atheists lead happy loving moral and purpose filled lives Practicing what he preaches he also demonstrates through his own personal journey that life is valuable for its own sake that meaning and purpose come not from above but from within      **The Friendly Atheist: Thoughts on the Role of Religion in Politics and Media** Hemant Mehta, 2013-01-21 Every semester in the weeks leading up to final exams I hand out a study guide to all of my high school math students and have them complete it so that they have a sense of what to expect on the big test Inevitably students ask If I just study this packet

will I be prepared for the exam I sigh I stare at them I give them the response every teacher knows by heart No of course the packet isn't enough You should go through your notes your homework and the textbook You should redo the examples we did in class and try more practice problems from the book The study guide is only a summary of the big ideas from the semester If you really want to understand the subject you have to go much more in depth In a sense this book is a study guide for the things I've written about over the past several years My name is Hemant Mehta and I began FriendlyAtheist.com in 2006 before I began teaching high school in order to talk about a topic I was incredibly passionate about religion Not necessarily to convince people that God didn't exist but to talk about the issues that mattered now that we were Godless What you see in this book is a compilation of posts discussing the subjects I have written the most about They are reprinted here with minimal editing to offer a glimpse into my world and to show you the concerns I've had as an American atheist That means talking about atheists who fight for their and in many respects our rights responding to people who smear us just because we're not religious and making people aware of the way atheists are viewed by the majority of Americans hint we're not very popular That means talking about politics and social issues in particular the fight for equal rights for the LGBT community since those are the major issues in our country where rational thinking free from religious tradition is needed but seldom found That means talking about the obstacles that young atheists have to deal with on a regular basis Their challenges are so different than the ones we face in the real world yet their courage inspires all of us To be a vocal atheist is never easy and there are students promoting rational thinking on campus while keeping their administrators in check They do this despite risking their social capital At the same time when those students are not around to act as watchdogs we must do it for them and shine a spotlight on illegal intrusions of religion into our public schools Are these the only issues that matter to atheists No but they are the issues that have taken up the bulk of my writing in the years since I began covering atheism related news If you want to get a fuller picture of what atheists are talking about what our activism involves and what our future looks like no single writer can do that for you just as no single study guide will prepare you for a final exam

[Make Waves, But Don't Step on the Water](#) Michael Deanhardt, 2006 Forty years of letters to the editors 1960-2006 on topics of integration labor separation of church and state and secular humanism

*The Homemade Atheist* Betty Brogaard, 2010-03-23 In this personal memoir a former evangelical Christian shares her journey away from her confining faith toward a happier healthier nonreligious life Betty Brogaard was raised to be a good Christian By the time she was twenty years old she had joined a fundamentalist church She even met and married a young man who became a minister in the congregation However the more she came to understand Christianity from within the more she found herself asking questions instead of finding answers In *The Homemade Atheists* Betty shares her fascinating journey from the mental slavery of religion to the happiness she found in freethought Along the way and without malice she offers questions that challenge you to analyze your own beliefs exactly as she did over her years long journey Her transformation provides a wealth of insight is for anyone seeking a

path to a nonreligious way of life      **Abuse Your Illusions** Russ Kick, 2003-05-01 The third of Russ Kick's bestselling Disinformation Guides gathers another all star line up of exposés. Juries have ruled in recent trials that Watergate was really about a Democratic Party prostitution ring. Ignored in the U.S. and distorted elsewhere, the Milosevic tribunal hasn't gone the way authorities were anticipating. We present exclusive first hand reporting from the trial. Most theologians don't believe in the physical Resurrection of Jesus. In 2001 the U.S. uncovered the biggest spy ring in the country since WWII yet most people never heard about it. The U.S. is engaging in bioweapons research that violates international treaties and federal law. The New York Times knows about this but refuses to report it. Teddy Roosevelt and Wall Street created Panama for profit. Gandhi wasn't so wonderful after all. These are just some of the revelations in the third of our all star anthologies. Following up on bestsellers *You Are Being Lied To* and *Everything You Know Is Wrong*, editor Russ Kick has again assembled a line up of leading investigative journalists, academics, activists, commentators and independent researchers covering CIA assassinations, the anthrax attacks, fluoride TWA 800, Abraham Lincoln, child protective services, the tobacco industry, forgotten uprisings, the government's missing trillions, even more revelations about 9/11 and much more. Contributors include Gary Webb, Greg Palast, Noreena Hertz, Howard Zinn, Douglas Valentine, Jim Houghan, Kristina Borjesson, Arianna Huffington and many more well known writers, some of whom you'll be extremely surprised to see in these pages.

**The Debaters of This Age** Steven H Propp, 2019-02-05 It is June 2018 as an unusual group of scholars, professors, lecturers and students gather in a California hotel. They are all attendees of an Apologetics conference intended to join qualified representatives of Christian, Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference. Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics. Catholicism, liberal Christianity and Deism are also well supported. The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students. As the participants argue over controversial issues such as cosmology, evolution, The Bible, historical evidence for Jesus, the resurrection, biblical prophecies and the problem of evil, intellectual fireworks result. But what will result when such a volatile and eclectic group is placed face to face for more than two weeks? *The Debaters of this Age* is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time.

**Off the Derech** Ezra Cappell, Jessica Lang, 2020-08-01 In recent years many formerly ultra Orthodox Jews have documented leaving their communities in published stories, films and memoirs. This movement is often identified as *off the derech*, OTD or off the path, with the idea that the path is paved by Jewish law, rituals and practices found within their birth communities. This volume tells the powerful stories of people abandoning their religious communities and embarking on uncertain journeys toward new lives and identities within mainstream society. *Off the Derech* is divided into two parts: stories and analysis. The first includes original selections from contemporary American and global authors writing about their OTD

experiences The second features chapters by scholars representing such diverse fields as literature history sociology psychology anthropology religion and gender studies The interdisciplinary lenses provide a range of methodologies by which readers can better understand this significant phenomenon within contemporary Jewish society     **Godless** Dan Barker,2008-09-01 One man shares the story of his transformation from evangelical Christian to atheist and examines the train of thought that brought him there After almost twenty years of evangelical preaching missionizing and Christian songwriting Dan Barker threw out the bathwater and discovered that there is no baby In Godless Barker describes the intellectual and psychological path he followed in moving from fundamentalism to freethought Godless includes sections on biblical morality the historicity of Jesus biblical contradictions the unbelievable resurrection and much more It is an arsenal for skeptics and a direct challenge to believers Along the way Barker relates the positive benefit readers will experience from learning to trust in reason and human kindness instead of living in fear of false judgment and moral condemnation Advance Praise for Godless Valuable in the human story are the reflections of intelligent and ethical people who listen to the voice of reason and who allow it to vanquish bigotry and superstition This book is a classic example Christopher Hitchens author of God is Not Great The most eloquent witness of internal delusion that I know a triumphantly smiling refugee from the zany surreal world of American fundamentalist Protestantism is Dan Barker Richard Dawkins author of The God Delusion Godless was a revelation to me I don t think anyone can match the devastating clarity intensity and honesty which Dan Barker brings to the journey faith to reason childhood to growing up fantasy to reality intoxication to sobriety Oliver Sacks author of Musicophilia In Godless Barker recounts his journey from evangelical preacher to atheist activist and along the way explains precisely why it is not only okay to be an atheist it is something in which to be proud Michael Shermer publisher of Skeptic Magazine Godless is a fascinating memoir and a handbook for debunking theism But most of all it is a moving testimonial to one man s emotional and intellectual rigor in acclaiming critical thinking Robert Sapolsky author of Why Zebras Don t Get Ulcers     **God and the Folly of Faith** Victor J. Stenger,2012 Looking at both historical and contemporary contexts the author argues that religion has played a major role in suppressing scientific pursuit     How to Hustle and Win Supreme Understanding,2008-06-19 Likened to a 48 Laws of Power for young Black men this book presents Black biographies history and current events in a language that the Hip Hop generation will understand and relate to Each story or essay is framed within the context of a life lesson each one being of vital importance to the survival redemption and ultimate success of our dying Black generation Both the positive and negative sides of the Black experience are explored in detail from the lives of infamous drug dealers and pimps to the exploits of Black revolutionaries and activists In addition several How To sections outline simple strategies for self development Packed with useful information from the best way to handle confrontations with police to the continuing relevance of the 1919 race riots this book has been compared to an urban Encyclopedia Africana Others have called it a Blueprint for Black Power for a generation struggling with materialism and short attention

spans This book is guaranteed to change the world by changing the way millions of people think and live In *How to Hustle and Win* author Supreme Understanding tells in often graphic detail stories like that of the infamous Philadelphia Black Mafia Harlem s heroin kingpin Frank Lucas and former gang leader Stanley Tookie Williams In between and throughout these tales he weaves life lessons and guidance turning sordid stories of crime and urban despair into an educational experience Whereas Robert Greene s bestselling *48 Laws of Power* used iconic figures from classical history to illustrate the guidelines for personal success *How to Hustle and Win* is filled with the exploits of rappers gangsters radicals and revolutionaries This is a new kind of Black history book and its intent is the motivation and achievement of a new kind of reader Although today s literary market has seen an influx of self help books attending to a variety of issues few books have attempted to address the concerns of young Black men struggling to find direction It is this group that author Supreme Understanding names as one of most troubled demographics in American society today On the book s website the author comments Unfortunately few authors actively target this audience and those who do are either not speaking their language or not interested in pushing for change This is why *How to Hustle and Win* was written This book will change the minds of millions of young men of color and by doing this it will ultimately change the world Revolutionary aspirations aside *How to Hustle and Win* s groundbreaking concept results in a truly appealing work Its essays are delivered in short bursts none of them over four pages long making it ideal for struggling readers and those with shorter attention spans At the same time the book is filled with a wealth of information that would enlighten educated readers equally In fact the author juxtaposes his own personal tales of early delinquency and misdirection with his later years of professional success including obtaining a doctorate in education at the age of 26
