Beach, 2017-11-02 This book opens a window on the lived experience of monastic reform in the twelfth century Drawing on a variety of textual and material sources from the south German monastery of Petershausen it begins with the local process of reform and moves out into intertwined regional social political and ecclesiastical landscapes Beach reveals how the shock of reform initiated decades of anxiety at Petershausen and raised doubts about the community's communal identity its shifting internal contours and boundaries and its place within the broader spiritual and social landscapes of Constance and Swabia *The Trauma of Monastic Reform* goes beyond reading monastic narratives of reform as retrospective expressions of support for the deeds and ideals of a past generation of reformers to explore the real human impact that the process could have both on the individuals who comprised the target community and on those who lived for generations in its aftermath **Reforming the**

Liturgy John F. Baldovin, 2016-03-24 2009 Catholic Press Association Award Winner Perhaps no liturgical scholar of our time is better able than John Baldovin to write with clarity and accuracy about the meaning of the church's liturgy and the history of its development in the last half century In this summary volume on the reform of the liturgy since the Second Vatican Council Baldovin pinpoints and assesses both sympathetically and critically the objections to changes in the liturgy since the council focusing on philosophical historical critical and theological questions After addressing each criticism in turn in a final chapter he assesses the critique of post Vatican II liturgy as a whole affirming what is accurate and necessary rejecting what is backward looking and proposing a set of principles to guide future development No one who studies or participates in

liturgical action in the twenty first century can afford to overlook this book John F Baldovin SJ is professor of historical and liturgical theology at Boston College School of Theology and Ministry His most recent books include Bread of Life Cup of Salvation and The Urban Character of Christian Worship

Worship and the Reality of God John Jefferson Davis, 2010-10-07 Professor John Jefferson Davis shows what's really needed for the renewal of worship in our evangelical churches. Moving far beyond the worship wars, Davis provides profound theological analysis and fresh recommendations to help us recognize obstacles to worship and learn to rightly respond to the glory and gracious real presence of God among us in our worship.

Sacred Liturgy Alcuin Reid, 2014-04-07 The Sacred Liturgy is not a hobby for specialists. It is central to all our endeavors as disciples of Jesus Christ. This profound reality cannot be overemphasized. We must recognize the primacy of grace in our Christian life and work and we must respect the reality that in this life the optimal encounter with Christ is in the Sacred Liturgy. With these words Bishop Dominique Rey of Frjus Toulon, France, opened Sacra Liturgia 2013, an international conference in which he brought together over twenty leading liturgists, cardinals, bishops, and other scholars from around the world to emphasize the centrality of liturgical formation and celebration in the life and mission of the Church. The New Evangelization must be founded on the faithful and fruitful celebration of the Sacred Liturgy as given to us by the Church in her tradition. Western and Eastern Bishop Rey asserted Sacra Liturgia 2013, the proceedings of which this book publishes, explored questions of liturgical art, architecture, music, the ars celebrandi, the importance of ritual in human psychology, truly pastoral liturgy, the place of the older liturgical rites in the New Evangelization, liturgical formation, liturgical law, the role of the diocesan bishop in respect of the liturgy, and more. Sacred Liturgy: The Source and Summit of the Life and Mission of the Church is an important resource in ongoing liturgical formation for clergy, religious, and laity and makes a significant contribution to that renewal promoted in the Pontificate of Benedict XVI. That is the renewal which embraces the riches of liturgical tradition as valuable treasures, seeks to read the Second Vatican Council according to a hermeneutic of continuity, not rupture, and is in no doubt that as Joseph Cardinal Ratzinger once wrote, the true celebration of the Sacred Liturgy is the center of any renewal of the Church.

multifaceted identities the role of mass mediated congregational music in shaping transnational communities and the function of music in embodying and imparting religious belief and knowledge In demonstrating the complex relationship between traditional and contemporary sounds and local and global identifications within the practice of congregational music the plurality of approaches represented in this book as well as the range of musical repertoires explored aims to serve as a model for future congregational music scholarship

The New Catholic Feminism Tina Beattie,2004-06-01 It is hard to over estimate the challenge that feminism poses to Roman Catholicism Pope John Paul II s call for a new feminism has led to the development of a Catholic theological response to the so called old feminism The New Catholic Feminism sets up a dramatic encounter between the orthodox Catholic establishment and contemporary critical theory including feminist theology and philosophy queer theory and French psycholinguistics in order to explore fundamental questions about human identity personhood and gender From the naked bodies of Eden to the gay nuptials of liturgy it argues that the strange and volatile world of Catholic sexual symbolism cannot be tamed to meet the ideological agendas of either feminist theology or conservative Catholicism Only through a radical re evaluation of the sacramental significance of the sexed human body might the Catholic Church provide a redemptive response to the sexual politics of contemporary society

Simut, 2010-02-18 This book presents the main teachings of Edward Schillebeeckx widely considered one of the most important Catholic thinkers of the twentieth century Schillebeeckx is known for his radical departure from traditional theology which he saw as no longer relevant to the modern world Because today's world has been shaped by a process of secularization heavily based on reason and progress in science technology economics urbanism etc modern people seek relevant answers to their deep existential questions that can be explained rationally In his quest to foster relevant and meaningful answers for today's world Schillebeeckx changed the traditional metaphysical content of Christian theology into explanations that radically reinterpret traditional Christian doctrines Primarily the supernatural essence of Christianity is given up as irrelevant and is replaced by a natural perspective on the world In Schillebeeckx's thoroughly historical and truly immanent theology God is man's terrestrial future Christ the symbol of universal human values and the Church is identified with the world as those communities which share these universal human values Schillebeeckx is convinced that these explanations emptied of metaphysical content can help today's people understand their existence in a new relevant and meaningful way
