Loss And Symbolic Repair A Psychological Study Of Some English Poets:

Loss and Symbolic Repair Andrew Brink,1977-01-01 A Psychoanalytic Study of Lawrence Durrell's The Alexandria Quartet Rony Alfandary,2018-09-27 A Psychoanalytic Study of Lawrence Durrell's The Alexandria Quartet Exile and Return focuses on the dialogue created by literature and psychoanalysis in an individual's quest to explore existential issues such as a sense of belonging to a homeland and a recurring sense of the Uncanny das unheimliche Rony Alfandary explores Durrell's attempt to recreate a sense of belonging to a homeland which perhaps never existed but can be retraced and reinvented through writing This book studies some issues present in Durrell's work the connection between biographical and fictional elements in the study of literature the influence of early Freudian theoretical themes upon the writer later influences including post modern and hermeneutic theories The life and work of Lawrence Durrell can serve as a prototype of a man's quest for meaning in a world caught in turmoil in the period between and during WW2 The author's psychoanalytic exploration of the work and its relevance to human experience today shows how the themes Durrell dealt with remain relevant Alfandary highlights the ways in which his usage of several author narrative styles exemplifies the divergent and often contradictory nature of Truth emerging rather as multi layered multi voiced and often torn sense of human subjectivity A Psychoanalytic Study of Lawrence Durrell's The Alexandria Quartet Exile and Return demonstrates Durrell's strong influence by psychoanalytic thought and will appeal to both psychoanalytic and literary scholars **The Variorum Edition**

of the Poetry of John Donne, Volume 4.2 John Donne,2021-11-02 This volume the ninth in the series of The Variorum Edition of the Poetry of John Donne presents newly edited critical texts of 25 love lyrics Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared Volume 4.2 details the genealogical history of each poem accompanied by a thorough prose discussion as well as a General Textual Introduction of the Songs and Sonets collectively The volume also presents a comprehensive digest of the commentary on these Songs and Sonets from Donne's time through 1999 Arranged chronologically within sections the material for each poem is organized under various headings that complement the volume's companions Volume 4.1 and Volume 4.3 The Variorum Edition of the Poetry of John Donne, Volume 7, Part 1 John Donne,Gary A. Stringer,Paul A. Parrish,2005-12-01 Praise for previous volumes This variorum edition will be the basis of all future Donne scholarship Chronicle This is the 4th volume of The Variorum Edition of the Poetry of John Donne to appear This volume presents a newly edited critical text of the Holy Sonnets and a comprehensive digest of the critical scholarly commentary on them from Donne's time through 1995 The editors identify and print both an earlier and a revised authorial sequence of sonnets as well as presenting the scribal collection which contains unique authorial versions of several of the sonnets inscribed by Donne's friend Rowland Woodward in the Westmoreland manuscript **Romanticism**

and Colonial Disease Alan Bewell,2003-05-22 Colonial experience was profoundly structured by disease as expansion brought people into contact with new and deadly maladies Pathogens were exchanged on a scale far greater than ever before

Native populations were decimated by wave after wave of Old World diseases. In turn, colonists suffered disease and mortality rates much higher than in their home countries. Not only disease but the idea of disease and the response to it deeply affected both colonizers and those colonized. In *Romanticism and Colonial Disease*, Alan Bewell focuses on the British response to colonial disease as medical and literary writers in a period roughly from the end of the eighteenth century to the middle of the nineteenth century grappled to understand this new world of disease. Bewell finds this literature characterized by increasing anxiety about the global dimensions of disease and the epidemiological cost of empire. Colonialism infiltrated the heart of Romantic literature, affecting not only the Romantics' framing of disease but also their understanding of England's position in the colonial world. The first major study of the massive impact of colonial disease on British culture during the Romantic period, *Romanticism and Colonial Disease* charts the emergence of the idea of the colonial world as a pathogenic space in need of a cure and examines the role of disease in the making and unmaking of national identities. *Touched With Fire* Kay Redfield Jamison, 1996-10-18 The definitive work on the profound and surprising links between manic depression and creativity from the bestselling psychologist of bipolar disorders who wrote *An Unquiet Mind*. One of the foremost psychologists in America, Kay Jamison is plainly among the few who have a profound understanding of the relationship that exists between art and madness. William Styron: The anguished and volatile intensity associated with the artistic temperament was once thought to be a symptom of genius or eccentricity peculiar to artists, writers, and musicians. Her work, based on her study as a clinical psychologist and researcher in mood disorders, reveals that many artists subject to exalted highs and despairing lows were in fact engaged in a struggle with clinically identifiable manic depressive illness. Jamison presents proof of the biological foundations of this disease and applies what is known about the illness to the lives and works of some of the world's greatest artists, including Lord Byron, Vincent Van Gogh, and Virginia Woolf. *Major Turning Points in Jewish Intellectual History* D. Aberbach, 2003-11-05 This book analyzes major transformations in Jewish life and thought from idolatry to exclusive monotheism in the biblical age, from state-based identity to cultural nationalism in the Roman empire, and in the European Diaspora from theology to secularism and revived political nationalism in the modern period. Fundamental questions are asked about Jewish survival in a variety of topics, including prophecy, Jewish law, Midrash, the Roman Jewish wars, Stoicism, secular poetry in Muslim Spain, Marx and Freud, and Hebrew literature through the ages. **Sweet Sorrow** Alan B. Eppel, 2018-05-08 This book defines the centrality of love and loss in human life and in human meaning. Bowlby's Attachment theory forms the basis for understanding our selves and our relationships. The author proposes that love is the subjective experience of attachment and that dyadic relationships are the source of ultimate meaning. He supports his theses with a tour de force integration of ideas from attachment theory, psychoanalysis, neuroscience, and existential philosophy. He argues that the quality of attachment between mother and infant lays the foundation for the formation of individual identity and ultimately shapes our capacity to engage in relationships with others. The author

describes loss as the reciprocal of attachment and considers the enormous influence of loss on our moods sense of identity and our desire to live or die The final segments of the book describe the implications of this analysis and links it to the meaning and purpose of human life All of us seek to understand the meaning of life and especially the meaning of our own lives

Mystical Encounters with the Natural World Paul Marshall, 2005-07-07 Some experiences of the natural world bring a sense of unity knowledge self transcendence eternity light and love This is the first detailed study of these intriguing phenomena Paul Marshall explores the circumstances characteristics and after effects of this important but relatively neglected type of mystical experience and critiques explanations that range from the spiritual and metaphysical to the psychoanalytic contextual and neuropsychological The theorists discussed include R M Bucke Edward Carpenter W R Inge Evelyn Underhill Rudolf Otto Sigmund Freud Aldous Huxley R C Zaehner W T Stace Steven Katz and Robert Forman as well as contemporary neuroscientists The book makes a significant contribution to current debates about the nature of mystical experience

Freud on Sublimation Volney P. Gay, 1992-09-01 This book is the only full length treatment of the relationship between aesthetic truths and psychoanalytic discoveries of art artists and a new concept of sublimation It provides a radical and unique study of the concept of sublimation and proposes a modest replacement for it In the first third of the book the author reviews critically the psychoanalytic sources of the concept of sublimation In the second third he shows how the concept developed from Freud s nineteenth century notions of perception In the last third he revises a concept of sublimation using a contemporary theory of perception In the final chapter he examines four works of literature short stories of John Cheever a Japanese novel portions of Hamlet and sublimation and perversion in Orson Welles Citizen Kane

The Poet-Physician Donald C. Goellnicht, 2010-11-23 For six years of his brief life Keats studied medicine first as an apprentice in Edmonton and then as a medical student at Guy s Hospital in London His biographers have generally glossed over this period of his life and critics have ignored it and denied the influence of medical training on his poetry and thought In this challenging reappraisal Goellnicht argues that Keats writings reveal a distinct influence of science and medicine Goellnicht researches Keats course work and texts to reconstruct the milieu of the early nineteenth century medical student He then explores the scientific resonances in Keats individual works and convincingly shows the influence of his early medical training

Sylvia Plath Suman Agarwal, 2003 This book celebrates Sylvia Plath s achievements as a highly prolific writer who brought a path breaking revolution in the world of poetry thereby making each woman feel the pulse of life A confessionalist of both weight and colour Plath was not scared to openly pen down her feelings what she underwent and in no way was she different or less as compared to her contemporaries and the modernists This enigmatic personality plunged into depression and resorted to hair raising incident of rendering a note to her life by committing suicide at the age of 32 Disdaining political and social subjects Plath was a different breed from the beat nicks of her own time and all this goes to prove that she was stunningly original and a powerful poet Even 40 years after her death in 1963 her place in English

literature is assured Twentieth century has been a devastating one especially when one is to peep into writers personal life which has been nerve wrecking and this book is an attempt to analyze Plath her life writings and also her relation to modern poets
