*Telltale* Carmel Bird, 2022-07-01 I was confined locked into my library tracing my heartbeats from way way back In *Telltale* Carmel Bird seizes on an enforced isolation to re read a rich dispensary of books from her past A rule she sets herself is that she can consult only the books in her house even if some such as the much loved Thornton Wilder s *The Bridge of San Luis Rey* appear to be stubbornly elusive Her library is comprehensive and each book chosen or that cannot be refused enables an opening a connection to people time place myth image and the experience of a writing life From her father s bomb shelter to her mother s raspberry jam from a lost Georgian public library with narrow little streets of books to the memory of crossing by bridge the turbulent waters of the Tamar River

to a revelatory picnic at Tasmania's Cataract Gorge in 1945 this is the most intimate of memoirs It is one that never shies from the horrors of world history the treatment of First Nations People or the literary misrepresentations of the past Original lyrical and hugely enjoyable Telltale with its finely wrought insight and artful storytelling is destined to delight A book about books that dreams you through a library of life Bruce Pascoe I have so loved this book It walks us through the encounters of a lifetime always with a delightful eye for strange connections and elusive memories It is testimony to a life of great intellectual generosity and human compassion It is irresistible Michael McGirr      *The Lost Pharaohs* Leonard Cottrell, 1950 A study and history of Egyptian archaeology      **Egypt's Making** Michael Rice, 2004-03-01 Already a classic and widely used text this second edition has been wholly revised and updated in the light of the many discoveries made since its first publication Michael Rice's bold and original work evokes the fascination and wonder of the most ancient period of Egypt's history Covering a huge range of topics including formative influences in the political and social organization and art of Egypt the origins of kingship the age of pyramids the nature of Egypt's contact with the lands around the Arabian Gulf and the earliest identifiable developments of the historic Egyptian personality Egypt's Making is a scholarly yet readable and imaginative approach to this compelling ancient civilization      **Ideology and Social Order** Eric Carlton, 2014-08-13 Truly interdisciplinary work between Sociology and History is rare because one discipline usually exploits the concerns or data of the other Eric Carlton however has succeeded in bringing together the distinctive orientations of sociology and ancient history into a clearly written discussion of concerns crucial to both disciplines Based on a comparative analysis of two pre industrial civilisations those of Ancient Egypt and Classical Athens the study is primarily concerned with three issues The first is the relationship between belief and action does belief intellectualised as ideology affect or determine social behaviour Second the author examines the ways in which belief contributes to stability and good order in society and asks to what extent such factors as social status and social change are related to institutionalised mechanisms of social control Finally he indicates possible sociological frameworks or models which are ideological rather than stratificatory whereby complex pre industrial systems might be analysed By analysing the societies of Ancient Egypt and Classical Athens in institutional terms Eric Carlton examines the potency and pervasiveness of the ideological factor and shows that it is a persistent and determinative feature of this type of society      **The Michigan Alumnus**, 1970 In volumes 1-8 the final number consists of the Commencement annual
