McDonald, 2019-10-29 In the summer of 1966 one year after the conclusion of the Second Vatican Council a group of nineteen Roman Catholic priests met clandestinely in a church hall in a suburb of Pittsburgh to discuss forming an independent group of ordained clergy Fearful that meeting publicly might be viewed as a threat to the authority of the local bishop thus potentially risking sanctioning from him they used numbers not names when circulating the minutes of the first two meetings Once the word spread among the local clergy that such a group was meeting and they realized there was widespread interest they went public and invited all of

Pittsburgh's Catholic clergy including the bishop to their third meeting. They chose a name: the Association of Pittsburgh Priests (APP) and the group was launched. Shortly after forming and with interest from among over two hundred clergy, APP began advocating for major church renewal and involvement in any number of social justice issues. Regarding church renewal, they grounded themselves in the documents of Vatican II, most especially *Gaudium et Spes*. Church in the Modern World and soon lobbied for optional celibacy and married priesthood, women's ordination, lay empowerment including the promotion of the early church notion of the priesthood and prophethood of all believers. To this day, APP remains a force for change in the church and in society ever true to its initial intuition to fully implement the renewal of church and society called for by the bishops at Vatican II.

American Catholics, American Culture Margaret O'Brien Steinfels, 2004. Essays by scholars, journalists, lawyers, business and labor leaders, church administrators and lobbyists, novelists, activists, policymakers and politicians address the most critical issues facing the Catholic Church in the United States. **From Page to Proclamation**

Clare Schwantes, 2024-11-19. This pioneering work invites readers to embark on a transformative journey through the heart of liturgical worship and scriptural proclamation. It introduces a new tier to biblical hermeneutics, exploring the ways in which the liturgical event and the ecclesial community color the interpretation of Scripture. Weaving together insights from Gadamer's philosophical hermeneutics with the rich tapestry of Catholic liturgy, the author proposes that the meaning of a proclaimed Scripture passage emerges not from an analysis of the text itself but in the vibrant interplay of multiple horizons. Bible Lectionary, homilist and worshiper. Through a lens of play and festival, the intricate relationship between tradition and contemporary worship is explored, showcasing how the sensory richness of the Catholic liturgy shapes the interpretation of Scripture. It challenges readers to view the Lectionary as a living text intimately connected to the worshipping assembly and the modern world. This thought-provoking work offers both theoretical insights and practical implications for scholars, clergy and worshipers alike. It inspires a fresh perspective that resonates with the contemporary Catholic experience, guiding worshipers toward a profound engagement with Scripture in the dynamic event of liturgical celebration. Catholicism for the Twenty-First Century?--Volume 1 William F. Murphy, 2024-09-12. This first of two volumes introduces the tradition of social Catholicism not only in its earlier realizations but regarding how a contemporary renewal might address the crisis in which constitutional democracies and the postwar liberal order are under assault by populist and even neo-fascist movements that could soon usher in a frighteningly dark future unless a broad movement in defense of constitutional democracy quickly arises. In this context, some of the most influential voices among American Catholics are focused on criticizing liberal democracy, on advocating a postliberal order and the establishment of a Catholic integralist state, or on insisting that abortion should be the primary sociopolitical concern for Catholics, treating these threats to democracy as largely irrelevant. This volume shows the rich tradition of social Catholicism and how the Social Doctrine of the Church came to appreciate the key tenets of constitutional democracy. As Pope Benedict XVI wrote, this social doctrine leads us to take a

stand for the common good to take the institutional or political path of charity to be solicitous for the institutions that give structure to the life of society juridically civilly politically and culturally It engages some of the most influential contemporary Catholic thinkers and argues that they too should recognize the grave threats facing the human family and join in working to defend and renew our constitutional democracy
