Lost Fathers The Politics Of Fatherlessness:

Lost Fathers Cynthia R. Daniels, 2000-04 This book brings together the voices of a highly diverse group of scholars to reflect on the culturally and politically charged concept of fatherlessness in contemporary American politics **Fatherhood Politics in the United States** Anna Gavanas, 2010-10-01 Are fathers being marginalized in the contemporary family Responding to fears that they are the self proclaimed fatherhood responsibility movement FRM has worked since the mid 1990s to put fatherhood at the center of U S national politics Anna Gavanas s *Fatherhood Politics in the United States* analyzes the processes reveals the internal struggles and traces the myths that drive this powerful movement Unlike previous investigations that rely on literary or other secondary sources *Fatherhood Politics* works from primary ethnographic material to represent a wider range of voices and actors Interacting with and interviewing members of the most powerful and well known national fatherhood organizations Gavanas observed Promise Keeper rallies men s workshops and conferences on masculinity fatherhood and marriage Providing a detailed overview of the different organizations involved and their various rhetorical strategies Gavanas breaks down the FRM into two major wings The pro marriage wing sees marriage as the key to solving all social problems while the fragile family organizations worry about unemployment racism and discrimination Gavanas uses her extensive anthropological fieldwork as the basis for discussions of gender sexuality and race in her analysis of these competing voices Taking us inside the internal struggles tensions and political machinations of the FRM Gavanas offers a behind the scenes look at a movement having real impact on current social policy *Fatherhood Politics* is an essential work for anyone interested in the politics of masculinity parenthood marriage race and sexuality *The Myth of the Missing Black Father* Roberta L. Coles, Charles St. Clair Green, 2010 Common stereotypes portray black fathers as being largely absent from their families Yet while black fathers are less likely than white and Hispanic fathers to marry their child s mother many continue to parent through cohabitation and visitation providing caretaking financial and other in kind support This volume captures the meaning and practice of black fatherhood in its many manifestations exploring two parent families cohabitation single custodial fathering stepfathering noncustodial visitation and parenting by extended family members and friends Contributors examine ways that black men perceive and decipher their parenting responsibilities paying careful attention to psychosocial economic and political factors that affect the ability to parent Chapters compare the diversity of African American fatherhood with negative portrayals in politics academia and literature and through qualitative analysis and original profiles illustrate the struggle and intent of many black fathers to be responsible caregivers This collection also includes interviews with daughters of absent fathers and concludes with the effects of certain policy decisions on responsible parenting **Growing Up Fatherless in Antiquity** Sabine R. Hübner, Sabine Hübner, David M. Ratzan, 2009-02-19 This book investigates the effects of fatherlessness on the societies cultures politics and families of the ancient Mediterranean world Essential Dads Jennifer M. Randles, 2020-10-13 In *Essential Dads* sociologist Jennifer Randles shares the stories of

more than 60 marginalized men as they sought to become more engaged parents through a government supported responsible fatherhood program Dads experiences serve as a unique window into long standing controversies about the importance of fathering its connection to inequality and the state s role in shaping men s parenting With a compassionate and hopeful voice Randles proposes a more equitable political agenda for fatherhood one that carefully considers the social and economic factors shaping men s abilities to be involved in their children s lives and the ideologies that rationalize the necessity of that involvement

New Family Values Karen Struening,2002-06-25 How many different kinds of families are there New Family Values provides a critical analysis of scholars and authors who argue that law and policy should be used to foster one model of the family the intact two parent heterosexual family Karen Struening argues that this position does not adequately address the problem it supposedly solves family dissolution and unnecessarily constrains personal liberty Healthy families may be necessary for civic unity and individual stability but there can be many different kinds of families

Nurturing Dads William Marsiglio,Kevin Roy,2012-01-01 American fathers are a highly diverse group but the breadwinning live in biological dad prevails as the fatherhood ideal Consequently policymakers continue to emphasize marriage and residency over initiatives that might help foster healthy father child relationships and creative co parenting regardless of marital or residential status In Nurturing Dads William Marsiglio and Kevin Roy explore the ways new initiatives can address the social cultural and economic challenges men face in contemporary families and foster more meaningful engagement between many different kinds of fathers and their children What makes a good father The firsthand accounts in Nurturing Dads show that the answer to this question varies widely and in ways that counter the mainstream provide and reside model of fatherhood Marsiglio and Roy document the personal experiences of more than 300 men from a wide range of socioeconomic backgrounds and diverse settings including fathers to be young adult fathers middle class dads stepfathers men with multiple children in separate families and fathers in correctional facilities They find that most dads express the desire to have strong close relationships with their children and to develop the nurturing skills to maintain these bonds But they also find that disadvantaged fathers including young dads and those in constrained financial and personal circumstances confront myriad structural obstacles such as poverty inadequate education and poor job opportunities Nurturing Dads asserts that society should help fathers become more committed and attentive caregivers and that federal and state agencies work sites grassroots advocacy groups and the media all have roles to play Recent efforts to introduce state initiated paternity leave should be coupled with social programs that encourage fathers to develop unconditional commitments to children to co parent with mothers to establish partnerships with their children s other caregivers and to develop parenting skills and resources before becoming fathers via activities like volunteering and mentoring kids Ultimately Marsiglio and Roy argue such combined strategies would not only change the policy landscape to promote engaged fathering but also change the cultural landscape to view nurturance as a fundamental aspect of good fathering Care is a human

experience not just a woman's responsibility and this core idea behind *Nurturing Dads* holds important implications for how society supports its families and defines manhood. The book promotes the progressive notion that fathers should provide more than financial support and in the process bring about a better start in life for their children. Male Femininities Dana Berkowitz, Elroi J. Windsor, C. Winter Han, 2023-02-14 Innovative essays that explore how men perform femininity and what femininity looks like without women. What counts as male femininity? Is it simply men behaving in effeminate ways or is it the absence of masculinity? *Male Femininities* presents a nuanced critical collection of essays that highlight the extent to which male femininities are neither an imitation of femaleness nor an emptying of masculinity. These innovative essays focus on both gay and straight men and transmasculine and genderqueer people in their construction and performance of femininity, thereby revealing the possibilities that open up when we critically examine femininity without women. *Male Femininities* asks: What does femininity look like for men? The contributors, highly regarded scholars and rising stars, cover a range of topics including drag queens, cosmetic enhancements, trans fertility, and gender non-conforming childhoods. *Male Femininities* illuminates what happens when we decouple femininity from female bodies and how even the smallest cracks and fissures in the normative order can disrupt, challenge, and in some cases reaffirm our existing sex/gender regime. This volume pluralizes the concept of male femininities and leads readers through an exploration of how gender, sex, and sexuality are manifested in the United States today.

Healthy Work Namir Khan, Nina Nakajima, Willem H. Vanderburg, 2004 The latest in a series focused on improving health conditions, this volume addresses work environments, bringing together diverse sources of literature that support preventive approaches to work design and organization. This reference provides an overview of relevant literature to engineers, managers, accountants, occupational health and safety specialists, and industrial hygienists so that they and other professionals can understand what has caused our workplaces to become primary sources of physical and mental illness. By focusing on diagnostic and prescriptive approaches, managers can implement designs and decisions that prevent or greatly reduce undesired and harmful effects. Other titles in the series include *Healthy Cities*, *Sustainable Production*, *Sustainable Energy*.

Contemporary Fathering Brid Featherstone, 2009-04-15 APPROVED BY AUTHOR Since 1997, child welfare services have been faced with new demands to engage fathers or to develop father-inclusive services. This book emerges from work by the author as a researcher and educator over many years on the issues posed by this agenda for child welfare practitioners in a variety of contexts. In locating fathers, fathering, and fatherhood within historical and social landscapes, the book addresses issues seldom taken up in practice settings. It explores diversity and complexity in fathering in different disciplines such as psychoanalysis, sociology, and psychology, and analyses contemporary developments in social policies and welfare practices. The author employs a feminist perspective to highlight the opportunities and dangers in contemporary developments for those wishing to advance gender equity. A key strength of *Contemporary Fathering* is its interdisciplinary

focus It will be required reading for graduate and postgraduate students of social work social policy sociology and child and family studies Academic researchers will also find the book invaluable because of its breadth of scholarship *Rebuilding Catholic Culture* Ryan Nathan Scott Topping, Ryan Topping, 2013-01-18 Rarely does a book come along that so succinctly explains the decline of modern culture articulates a defense of the Church's teachings and offers a hope filled path for building a civilization grounded in Catholic truth In these pages Dr Ryan Topping does all three pulling back the curtain on the false philosophies of the secularists and showing that in the West today the most formidable threat to freedom is not failing economies or Islam but secularism Our best defense he claims is a vibrant Catholic culture and our best hope for creating it lies in the principles found in the Catechism of the Catholic Church In *Rebuilding Catholic Culture* you'll discover sensible ways to begin restoring Catholic culture right now in your own life and family and in our larger communities as well in the theater in the classroom in our hospitals and even in the public square This profoundly accessible book will renew your confidence in the world transforming character of our Creed and in the potency of our Faith to shape and redefine the culture of the West Book jacket Rights, Gender and Family Law Julie Wallbank, Shazia Choudhry, Jonathan Herring, 2009-12-04 There has been a widespread resurgence of rights talk in social and legal discourses pertaining to the regulation of family life as well as an increase in the use of rights in family law cases in the UK the US Canada and Australia *Rights Gender and Family Law* addresses the implications of these developments and in particular the impact of rights based approaches upon the idea of welfare and its practical application There are now many areas of family law in which rights and welfare based approaches have been forced together But whilst to many they are premised upon different ethics respectively of justice and of care for others they can nevertheless be reconciled In this respect a central concern is the gender blind character of rights based approaches and the ontological and practical consequences of their employment in the gendered context of the family *Rights Gender and Family Law* explores the tensions between rights based and welfare based approaches explaining their differences and connections considering whether if at all they are reconcilable and addressing the extent to which they can advantage or disadvantage the interests of women children and men It may be that rights based discourses will dominate family law at least in the way that social policy and legislation respond to calls of equality of rights between mothers and fathers This collection however argues that rights cannot be given centre stage without thinking through the ramifications for gendered power relations and the welfare of children It will be of interest to researchers and scholars working in the fields of family law gender studies and social welfare The Father Luigi Zoja, 2018-02-07 Countless children throughout the world grow up without fathers In this revised and updated edition of *The Father* accompanied by a new preface Luigi Zoja studies the reasons for this and assesses the contribution of this phenomenon to social and psychological problems Using examples from classical antiquity to the present day Zoja views the origins and evolution of the father from a Jungian perspective He argues that the father's role in bringing up children is a social construction that has

been subject to change throughout history and goes on to examine the consequences and consider the crisis facing fatherhood today No other existing book faces the subject of fatherhood from such a broad and multidisciplinary perspective Covering these issues from historical sociological and psychological points of view this revised edition of *The Father* includes a complete reworking of the final part of the book focusing on the condition of the father in today's globalized world and with a particular look at the role historical trauma and grief play in family relationships The book will be of special interest to analytical psychologists and Jungian psychotherapists in practice and in training academics and students of Jungian and post Jungian studies sociology anthropology gender studies and history

Retrospect and Prospect in the Psychological Study of Families James P. McHale, Wendy S. Grolnick, 2001-10 This book assembles 11 of the leading thinkers and researchers in the field of family psychology to create a compendium summarizing both what psychology researchers have learned about the family and where the field should be going next It evolved after the volume's contributors met with other distinguished family scholars to discuss family influences on child development and to ponder how this knowledge could be used to benefit families and children This volume includes approaches to the family that feature multiple levels and topics of focal interest to benefit anyone interested in the family Central topics include mothering fathering marriages family group processes sibling relations and families as systems In addition three senior authors offer road maps to detect and suggest a challenges in research on parenting b marital and family dynamics and c family systems in the years ahead In keeping with the theme of how research affects the lives of families outside the university lab settings this volume includes a chapter on the interface between family research and law This book closes with a big picture analysis and critique of what is known and not known Psychologists anthropologists sociologists and public policymakers interested in the family should especially find this volume of interest

Gender, Identity & Reproduction S. Earle, G. Letherby, 2003-10-31 *Gender Identity and Reproduction* draws on a variety of perspectives relevant to an understanding of reproduction across the life course Through a consideration of the representation of reproductive identities and experiences the book highlights difference and diversity in relation to contemporary reproductive choices The book focuses on women's and men's experiences of agency control and negotiation within the context of cultural medical political theoretical and lay ideologies of the reproductive process in contemporary Western societies

The Role of the Father in Child Development Michael E. Lamb, 2004-05-12 New edition of the classic *The Role of the Father in Child Development* The Role of the Father in Child Development Fourth Edition brings together contributions from an international group of experts on the role of fathers in child development Under the auspices of editor Michael Lamb this guide offers a single source reference for the most recent findings and beliefs related to fathers and fatherhood This new and thoroughly updated edition provides the latest material on such topics as The development of father child relationships Gay fathers The effects of divorce on fathers and children Fathers in violent and neglectful families Cross cultural issues of fatherhood Fathers in nonindustrialized cultures *The Role of the Father in Child Development* Fourth

Edition helps mental health professionals bridge scientific theories to application and practice that teach fathers how to positively influence their children's development Fragmenting Fatherhood Richard Collier, Sally Sheldon, 2008-09-05

Debates about the future of fatherhood have been central to a range of conversations about changing family forms parenting and society Law has served an important yet often neglected role in these discussions serving as an important focal point for broader political frustrations playing a central role in mediating disputes and operating as a significant symbolic state sanctioned account of the scope of paternal rights and responsibilities Fragmenting Fatherhood provides the first sustained engagement with the way that fatherhood has been understood constructed and regulated within English law Drawing on a range of disparate legal provisions and material from diverse disciplines it sketches the major contours of the figure of the father as drawn in law and social policy tracing shifts in legal and broader understandings of what it means to be a father and what rights and obligations should accrue to that status In thematically linked chapters cutting across substantive areas of law the book locates fatherhood as a key site of contestation within broader political debates regarding the family and gender equality Multiple visions of fatherhood evolving unevenly over time across diverse areas of law emerge from this analysis Fatherhood is revealed as an essentially fragmented status and one which is intertwined in complex ways with the legal cultural and political contexts in which discourses of parenthood are produced Fragmenting Fatherhood provides an important and unique resource speaking to debates about fatherhood across a range of fields including law and legal theory sociology gender studies social policy marriage and the family women's studies and gender studies Postfeminism and Paternity in Contemporary US Film Hannah Hamad, 2013-10-15 This book interrogates representations of fatherhood across the spectrum of popular U S film of the early twenty first century It situates them in relation to postfeminist discourse identifying and discussing dominant paradigms and tropes that emerge from the tendency of popular cinema to configure ideal masculinity in paternal terms It analyses postfeminist fatherhood across a range of genres including historical epics war films westerns bromantic comedies male melodramas action films family comedies and others It also explores recurring themes and intersections such as the rejuvenation of aging masculinities through fatherhood the paternalized recuperation of immature adult masculinities the relationship between fatherhood in film and 9 11 culture post racial discourse in representations of fatherhood and historically located formations of fatherhood It is the first book length study to explore the relationship between fatherhood and postfeminism in popular cinema Vulture Culture Christine M. Quail, Kathalene A. Razzano, Loubna H. Skalli, 2005 Vulture Culture presents a new and complex way of thinking about daytime television talk shows Vulture culture is the process by which the media scavenge the personal narratives and popular discourses that make up everyday knowledge and commonsense and re present them back to us as spectacle entertainment and information This book explores these nuances through a probing analysis of the vast landscape of daytime television talk shows and their relation to important political social and economic problems Using an approach that takes into account the multiple

perspectives of political economy cultural studies and cultural pedagogy Vulture Culture provides an in depth and well rounded examination of this mainstay of television and media culture

Working with Men in Health and Social Care
Brid Featherstone, Mark Rivett, Jonathan Scourfield, 2007-08-01

Working with Men in Health and Social Care is a very welcome contribution to the stock of books on men and masculinities It is especially useful for those interested in direct practice and policy applications in the fields of welfare and for those who work with the problems men create the problems men experience and their interconnections Jeff Hearn co editor Men and Masculinities University of Huddersfield and Link ping University Working with Men in Health and Social Care is an important and timely book that introduces the complex issues and debates involved in working with men in a range of professional settings The authors locate academic and popular discourse on masculinities within the specific context of health and social care settings critically analysing the theory and policy that underpin and inform practice and continually linking theoretical frameworks to real life practice examples Section 1 contextualises the topic with a discussion of gender theory social policy and the occupational culture of relevant organisations Section 2 provides a summary of practice models examining practice with men as individuals as well as in groups families and communities Section 3 is organised according to specific groups of service users and includes chapters on fathers abusive men physical and mental health boys and older men This thought provoking and topical book will be essential reading for students and academics in social work health care probation counselling and allied disciplines and for those facing the reality of working with men in their day to day practice
