Lost Innocence A Perspective On Child Labour:

The Lost Innocence Nadeem Mohsin, 2002 With reference to India Nanjunda, 2009 Study conducted in Bangalore City of Karnataka India Sekar, 2004 Annotated Bibliography on Child Labour, 2003 The aim of this bibliography on child labour was to assemble the best of the rapidly increasing literature and research material in recent years and make it accessible The focus is from 1995 to 2002 although a few authoritative earlier sources have been included Three basic selection criteria were applied the material had to be considered representative relevant and to present sources that had been previously overlooked Child Labour Anaclaudia Gastal Fassa, David L. Parker, Thomas J. Scanlon, 2010-07 Child labour constitutes a major public health concern with estimates that world wide 110 million children aged 5 14 years are engaged in labour that can be described as hazardous or intolerable This book examines both the rights oriented and public health perspectives on child labour A rights approach ensures that exploitative and abusive work is considered not just in terms of a labour market or health rights approach but also in terms of human dignity and the solutions that preserve the rights of children and communities The public health approach is steeped in the relationship between individuals and their community seeking to identify how the presence or absence of government programmes and policies affects those involved The economics perspective is also presented early in the book to aid understanding of the causes and consequences of child labour before the alternate public health and sociological views are presented The editors examine factors such as poverty malnutrition social disadvantage gender globalisation and education and look at both physical and psychological threats This book will be of use to academics and students involved in health health policy social sciences and development disciplines Those actively involved public health initiatives such as policy makers and non governmental organisations will also find this an invaluable resource *By the Sweat and Toil of Children: Efforts to eliminate child labor*, 1994 Lost Innocence, Stolen Childhoods Thérèse Blanchet, 1996 With reference to Bangladesh *New Perspectives On British Authors* Rama Kundu, 2006 The irresistible and eternal attraction of an island has surfaced in literature as a varied range of tropes the domain of strange fantastic creatures flora and fauna an Other since the ancient times epitome of the charm of the distant in the romantic era real geographical spaces since the era of sea voyaging discovery and re mapping of islands with the emergence of imperialism new meanings arising from the new imperial discourse in the postcolonial era the islanders themselves writing back to the mainstream canon Today we have a great harvest of island literature arising out of various discourses including postcolonial postimperial feminist ecological cultural etc in addition to unique works on island arising from individual perceptions philosophical imaginative emotional nostalgic etc A study of island literature across ages and lands thus can introduce us not only to a vast spectrum of ideas approaches contemplation ideation discourses and counter discourses But also to a wide network of inter references in which authors across lands and ages from Homer to Shakespeare Defoe Swift Ballantyne Golding Coetzee

Constructing and Reconstructing Childhood Allison James, Alan Prout, 2015-05-08 When the first edition of this seminal work appeared in 1990 the sociology of childhood was only just beginning to emerge as a distinct sub discipline Drawing together strands of existing sociological writing about childhood and shaping them into a new paradigm the original edition of this Routledge Classic offered a potent blend of ideas that informed even inspired many empirical studies of children's lives because it provided a unique lens through which to think about childhood Featuring a collection of articles which summarised the developments in the study of childhood across the social sciences including history psychology sociology anthropology feminist and developmental studies scholars and professionals from developed and developing countries world wide shared their knowledge of having worked and of working with children Now with a new introduction from the editors to contextualise it into the 21st century this truly ground breaking text which helped establish childhood studies as a distinctive field of enquiry is being republished

Inhabiting 'Childhood': Children, Labour and Schooling in Postcolonial India S. Balagopalan, 2014-04-29 Through a rich ethnography of street and working children in Calcutta India this book offers the first sustained enquiry into postcolonial childhoods arguing that the lingering effects of colonialism are central to comprehending why these children struggle to inhabit the transition from labour to schooling

Working to Be Someone Beatrice Hungerland, Manfred Liebel, Anne Wihstutz, Brian Milne, 2007-02-15 This book presents an overview of worldwide research on working children that considers children's own views of employment in favour of adult constructed arguments about child work This is a key text for social work practitioners that encourages re evaluation of the notion of childhood and understands

the complex phenomenon of working children **Children in the Global Sex Trade** Julia O'Connell Davidson, 2005 An account of the many and varied ways in which children become involved in the sex trade this work presents the global political and economic inequalities that underpin children's exploitation **Discourse on Applied Sociology: Practising perspective** Samir Dasgupta, Robyn Bateman Driskell, 2007 This engaging and wide ranging two volume study urges a balance between theoretical and practical sociology **Constructions of Childhood in India** Ravneet Kaur, 2021-10-24 This book explores the dominant constructions of childhood as perceived by children and adults in contemporary Indian society It unveils the everyday lived experiences of children within family life to explain the meaning of childhood and the position of children as social groups Based on detailed qualitative study this volume discusses the themes and issues that impact dominant constructions of childhood It establishes childhood as a structurally constructed category and sheds light on how key social differences influence the diverse experiences of childhood The book critically examines how children as social actors contribute to the structural space of childhood through the recognition of their own experiences voices and ways of interpretations Further it also compares and analyses childhoods of today with those of the past generations Engagingly written and nuanced the book will be of great interest to teachers and students of education childhood studies elementary education sociology of education and social psychology It will also be useful for teachers of teacher training institutions policymakers educationalists education professionals parents and researchers working with children and childhood studies

The Greenwood Encyclopedia of Children's Issues Worldwide Irving Epstein, 2007-12-30 From the skyrocketing AIDS rate in Haiti to the oppressive pollution in industrial China from the violent street culture of Nigeria to the crippling poverty in Nicaragua from child trafficking in Thailand to child marriages in India this jam packed six volume set explores all these issues and more in an unprecedented look at the world's children at the dawn of the 21st century In recent years while many countries have enjoyed a higher standard of living and improved working conditions others have been torn apart by war and incapacitated by famine and are struggling to improve life for their children and their future Recent concern over the world's children has resulted in a global attempt to define what constitutes an acceptable childhood New attention has been paid not only to healthcare and secondary education but also to the right to play and increased access to technology The UN's codification of children's rights has done much to expand our understanding of what is needed for healthy growth and development of children and youth Organized by region The Greenwood Encyclopedia of Children's Issues Worldwide is the first globally focused set of this magnitude offering extensive up to date coverage of these critical issues Original chapters accessibly synthesize current data on key topics including education play and recreation child labor family health laws and legal status religious life abuse and neglect and growing up in the 21st century **Child Exclusion Among Internally Displaced Populations in Rift Valley and Nyanza Provinces of Kenya** Kennedy Nyabuti Ondimu, 2010 Globally over 25 million people are displaced within their own countries by conflicts or human rights violations In Kenya

thousands of families are increasingly being displaced by the effect of inter ethnic violence environmental disasters and forced government eviction from forest reserves The majority of these displaced communities end up squatting in informal settlements in the nearby urban centres or at the fringes of the forest zone where they are exposed to extreme poverty and deprivation Since almost all the displaced families originate from the rural areas the act of displacement shatters the family based rural economy when they seek refuge in towns Internally displaced children face many risks due to the violence and uncertainty surrounding both their family's flight and their life in the place of refuge This report discusses the findings of the Child Exclusion Survey conducted among the internally displaced in Rift Valley and Nyanza provinces between January 2007 and August 2007 The main objective of the study was to examine the extent of child exclusion among IDPs in Kenya in relation to attaining the ideals of the 1989 Convention on the Rights of the Child and the Millennium Development Goals

Working Childhoods Jane Dyson, 2014-04-03 *Working Childhoods* draws upon research in the Indian Himalayas to provide a theoretically informed account of children's lives in a remote part of the world It offers a powerful account of youth agency and young people's rich relationship with the natural world Poverty and Vulnerability in Dhaka Slums Jane A.

Pryer, 2017-03-02 Bangladesh has low levels of urbanization but a high urban population in absolute terms being one of the most densely populated countries in the world Rapid urbanization in developing countries brings numerous problems and challenges urban poverty is one important issue This important volume presents the findings of a complex and revealing multidisciplinary cohort study conducted in the slums of Dhaka Bangladesh Detailed information was assembled on material social and economic conditions livelihoods health and nutritional status Together with associated qualitative work the data forms the basis for understanding groups who are vulnerable to economic and environmental shocks and stresses and for differentiating strategies which might be adaptive in situations of hardship and scarcity The author examines many aspects of poverty and vulnerability including livelihoods work disabling illness and coping strategies the female workforce women's negotiation and well being marital instability child labour and investments in health and nutrition and utilizes the assembled material to debate on policy options
