The Old Man and the Sea Anthony Smith,2015-02-26 Octogenarian Anthony Smith's journey was originally inspired by both the Kontiki Expedition of Thor Heyerdahl who he knew and the incredible story of the survivors of a 1940 boat disaster who spent 70 days adrift in the Atlantic eventually reaching land emaciated and close to death While this might sound like a voyage no one would wish to emulate to octogenarian Anthony Smith it sounded like an adventure and he placed a typically straightforward advertisement in the Telegraph that read Fancy rafting across the Atlantic Famous traveller requires 3 crew Must be OAP Serious adventurers only In his inimitable style Smith details their voyage and the hardships they endured with a matter of fact air that makes his story seem all the more impressive His advanced age allows him a wider perspective not only on the journey but on life itself and his never say die attitude to the difficulty of the journey is inspirational Old men ought to be explorers said T S Eliot and this book certainly gives a compelling argument in his favour It is both a great story

Measuring the New World Neil Safier,2024-05-31 Prior to 1735 South America was terra incognita to many Europeans But that year the Paris Academy of Sciences sent a mission to the Spanish American province of Quito in present day Ecuador to study the curvature of the earth at the Equator Equipped with quadrants and telescopes the mission s participants referred to the transfer of scientific knowledge from Europe to the Andes as a sacred fire passing mysteriously through European astronomical instruments to observers in South America By taking an innovative interdisciplinary look at the traces of this expedition *Measuring the New World* examines the transatlantic flow of knowledge from West to East

Through ephemeral monuments and geographical maps this book explores how the social and cultural worlds of South America contributed to the production of European scientific knowledge during the Enlightenment Neil Safier uses the notebooks of traveling philosophers as well as specimens from the expedition to place this particular scientific endeavor in the larger context of early modern print culture and the emerging intellectual category of scientist as author **Insight Guides Ecuador & Galápagos: Travel Guide eBook** Insight Guides,2024-03-01 This Ecuador Gal pagos guidebook is ideal for travellers seeking inspirational guides and planning a more extended trip It provides interesting facts about Ecuador Gal pagos s people history and culture and detailed coverage of the best places to see This Ecuador Gal pagos travel book has the style of an illustrated magazine to inspire you and give a taste of Ecuador Gal pagos The book is printed on paper from responsible sources and verified to meet FSC s strict environmental and social standards This Ecuador Gal pagos guidebook covers Quito Day Trips from Quito Northern Sierra The Avenue of the Volcanoes The Southern Sierra The Oriente Oriente Wildlife The Western Lowlands The Pacific Coast Guayaquil and the South Coast The Gal pagos Islands In this Ecuador Gal pagos travel guidebook you will find Unique essays country history and culture and modern day life people and politics Ecuador Gal pagos highlights Avenue of the Volcanoes Ba os Otavalo Cuenca Pacific coast beaches Ingapirca Quito Gal pagos Islands Amazon lodges Practical travel information getting there and around budgeting eating out shopping public holidays information for LGBTQ travellers and more When to go to Ecuador Gal pagos high season low season climate information and festivals Insider recommendations tips on how to beat the crowds save time and money and find the best local spots Main attractions curated places narrative descriptions of where to go and what to see covered geographically Tips and facts interesting facts about Ecuador Gal pagos and useful insider tips High quality maps of Ecuador Gal pagos must see places cross referenced to colourful maps for quick orientation Colour coded chapters each place chapter has its own colour assigned to aid easy navigation of this Ecuador Gal pagos travel guide Striking pictures rich inspirational colour photography on all pages capturing attractions nature people and historical features Fully updated post COVID 19 This Ecuador Gal pagos guidebook is just the tool you need to get under the skin of the destination and accompany you on your trip It also makes a great gift because of its premium quality This book will inspire you and answer all your questions while preparing a trip to Ecuador Gal pagos or along the way It will also remain a beautiful souvenir after your trip **Wonder Woman** Les Daniels,2004-04 Follow the Amazon princess as she evolves from curiosity to feminist icon The Eisner Award winning book includes archival comic book art and photographs and is one third of the superhero trilogy *The Lady Vanishes* Valeria Finucci,1992 The Lady Vanishes focuses on the representation of women in two key works of the Italian Renaissance Baldassarre Castiglione s treatise *Il libro del cortegiano* The Book of the Courtier and Ludovico Ariosto s chivalric romance Orlando Furioso Using feminist deconstructive and psychoanalytical arguments the author investigates power relations and the construction of women s subjectivities in sixteenth century debates on women and popular narratives The book examines

the construction of women in different modes woman as exemplary model and as ridiculed object woman as narcissistically self centered and as masochistically altruistic woman as subject of desire and as object of desire woman as ambiguously gendered and as radical spectacle of femininity Because they offer an array of characters ranging from masculine women to feminized men and experiment with many forms of transgressive desire Castiglione and Ariosto provide the perfect arena for problematizing the Italian Renaissance discourses on gender and sexual difference on the production of pleasure and theories of selfhood and on the body and modes of spectatorship The author argues that women are indispensable to Castiglione's conversation on the courtier and the court lady not because as is often contended he was sympathetic toward women but because he found women useful for their central role in the male construction of men's own image As for Ariosto he resolves his narrative by subsuming women to culture and society thus sealing out disorder Although at times portraying female rebellion and resentment as empowering in the end he punishes women displaying these qualities by banishing them from the text In contrast he celebrates the acquiescent woman in the figure of the lady warrior Bradamante who upon resuming a properly feminine role becomes the progenitrix of a dynasty The Italian Renaissance discourse on women cast them in both assertive and docile roles In the end however they were restrained or expelled their society could envision a freer order for men but not for women
