Mexico Crucible Of The Americas:

Mexico ,1978 **Criminal Insurgents in Mexico and Latin America** John P. Sullivan,Robert J. Bunker,2015-03-05
The 4th Small Wars JournalEl Centro anthology comes at a pivotal time roughly a third of the way through the term for the Enrique Peña Nieto administration in Mexico The mass kidnapping and execution of 43 rural student teachers in Iguala Guerrero in late September 2014 has only served to further highlight the corruptive effects of organized crime on the public institutions in that country In addition many other states in Latin America are now suffering at the hands of criminal insurgents who are threatening their citizens and challenging their sovereign rights Dave Dilegge SWJ Editor in Chief

Mexican American Civil Rights in Texas Robert Brischetto,J. Richard Avena,2021-10-01 Inspired by a 1968 U S Commission on Civil Rights six day hearing in San Antonio that introduced the Mexican American people to the rest of the nation this book is an examination of the social change of Mexican Americans of Texas over the past half century The San Antonio hearing included 1 502 pages of testimony given by more than seventy witnesses which became the baseline twenty experts used to launch their research on Mexican American civil rights issues during the following fifty years These experts explored the changes in demographics and policies with regard to immigration voting rights education employment economic security housing health and criminal justice While there are a number of anecdotal historical accounts of Mexican Americans in Texas this book adds an evidence based examination of racial and ethnic inequalities and changes over the past half century The contributors trace the litigation on behalf of Latinos and other minorities in state and federal courts and the legislative changes that followed offering public policy recommendations for the future The fact that this study is grounded in Texas is significant as it was the birthplace of a majority of Chicano civil rights efforts and is at the heart of Mexican American growth and talent producing the first Mexican American in Congress the first Mexican American federal judge and the first Mexican American candidate for president As the largest ethnic group in the state Latinos will continue to play a major role in the future of Texas The Columbia Companion to American History on Film Peter C. Rollins,2004-03-24
American history has always been an irresistible source of inspiration for filmmakers and today for good or ill most Americans sense of the past likely comes more from Hollywood than from the works of historians In important films such as The Birth of a Nation 1915 Roots 1977 Apocalypse Now 1979 and Saving Private Ryan 1998 how much is entertainment and how much is rooted in historical fact In The Columbia Companion to American History on Film more than seventy scholars consider the gap between history and Hollywood They examine how filmmakers have presented and interpreted the most important events topics eras and figures in the American past often comparing the film versions of events with the interpretations of the best historians who have explored the topic Divided into eight broad categories Eras Wars and Other Major Events Notable People Groups Institutions and Movements Places Themes and Topics and Myths and Heroes the volume features extensive cross references a filmography of discussed and relevant films notes and a bibliography of selected

historical works on each subject The Columbia Companion to American History on Film is also an important resource for teachers with extensive information for research or for course development appropriate for both high school and college students Though each essay reflects the unique body of film and print works covering the subject at hand every essay addresses several fundamental questions What are the key films on this topic What sources did the filmmaker use and how did the film deviate or remain true to its sources How have film interpretations of a particular historical topic changed and what sorts of factors technological social political historiographical have affected their evolution Have filmmakers altered the historical record with a view to enhancing drama or to enhance the truth of their putative message **An African**
