States *Maverick Spy* Hamish MacGibbon, 2017-08-30 A few years before he died James MacGibbon confessed to his close family that he had spied for the Soviet Union during World War II At the end of the war MI5 suspected him of espionage and interrogated him but he did not confess Nevertheless they kept James his wife Jean and their young family under close surveillance for a number of years regularly intercepting their mail and recording their telephone conversations Only after James s death did the true significance of what he might have revealed become clear in his wartime office role James had access to the plans for Operation Overlord D Day In this book James s son Hamish tells the story of his parents their interaction with the communist party and their flirtation with wartime espionage It is a unique portrait of two very ordinary people caught up in the extraordinary events of World War Two and the Cold War National Union Catalog Library of Congress, 1979 Includes entries for maps and atlases *The Glenans Sailing Manual* Peter Davison, 1992 Sailing and Social Class Alan O'Connor, 2024-04-23 This book explores the sociology of sailing and yachting Drawing on original research and employing a theoretical framework based on the work of Pierre Bourdieu the book argues that sailing is still an upper middle class activity that has much to tell us about the wider sociology of leisure and sport The book examines the historical foundations of blue water sailing as established by naval and colonial shipping to trace the roots of contemporary sailing and yachting culture It also examines archives of sailing narratives and cruising guides as well as the children s books of Arthur Ransome arguing that this archival material offers a social rather than a psychological interpretation of the bodily investment in sailing The book uses Bourdieu s concepts of *illusio* an investment of time emotion and body into a worthwhile activity and *habitus* or *lifeworld* alongside contemporary data sets to examine the yacht club as a social institution including why many boats never go out on the water the relationship between yacht clubs and the state and social issues as manifested in yacht clubs such as sexism racism and homophobia Offering a vigorous sociological critique of yachting and sailing this book is fascinating reading for anybody with an interest in the sociology of leisure and sport subcultures social theory or social issues in wider society **The Great Circle** , 1979-04 *Ships Monthly* , 1979
