The Life of St. Declan of Ardmore Translated by Rev. P. Power, 1997-01-01 Life of St. Declan of Ardmore Saint Declan (bp. of Ardmore.), 1914 *Life of Saint Declan of Ardmore* Saint Declan of Ardmore, Aeterna Press, 2015-06-22 Five miles or less to the east of Youghal Harbour on the southern Irish coast a short rocky and rather elevated promontory juts with a south easterly trend into the ocean 51 57 N 7 43 W Maps and admiralty charts call it Ram Head but the real name is Cenn a Rama and popularly it is often styled Ardmore Head The material of this inhospitable coast is a hard metamorphic schist which bids defiance to time and weather Landwards the shore curves in clay cliffs to the north east leaving between it and the iron headland beyond a shallow exposed bay wherein many a proud ship has met her doom Nestling at the north side of the headland and sheltered by the latter from Atlantic storms stands one of the most remarkable groups of ancient ecclesiastical remains in Ireland all that has survived of St Declan's holy city of Ardmore *Life of St. Declan of Ardmore and Life of St. Mochuda of Lismore* P. Power, Michael O'Clery, 2023-08-15 In the anthology *Life of St Declan of Ardmore and Life of St Mochuda of Lismore* P Power and Michael O Clery bring together significant hagiographical works that explore the profound religious and cultural heritage of Ireland The collection juxtaposes two distinct lives of Irish saints offering a rich tapestry of medieval spirituality miracle traditions and ecclesiastical history It stands out for its deep exploration of themes such as the intersection of Christianity and Irish culture the formation of religious communities and the role of saints in advancing the Christian faith across Ireland The variety in narrative techniques and the meticulous detailing of each saint's life journey underscore the anthology's literary and historical significance The contributing authors P Power and Michael O Clery come from enriched backgrounds deeply rooted in the exploration of Irish hagiography and history Michael O Clery a 17th century Franciscan friar and a leading figure in the compilation of the *Annals of the Four Masters* brings a historical rigor and depth to the narratives Power sharing a passion for Irish historical and religious studies contributes to the scholarly research that underpins this anthology thereby aligning it with broader discussions on the role of sainthood in

Irish Pilgrimage Michael P. Carroll, 1999 Little Kiwi is out at night with his dad going into a part of the bush he has never been to before While Dad is busy collecting worms and grubs Little Kiwi meets a terrifying monster or does he Soon the bush is in an uproar and Little Kiwi must face up to his fears *Pilgrimage in Ireland* Peter Harbison, 1995-06-01 The landscape of Ireland is rich with ancient carved stone crosses tomb shrines Romanesque churches round towers sundials beehive huts Ogham stones and other monuments many of them dating from before the 12th century The purpose and function of these artifacts have often been the subject of much debate Peter Harbison proposes in this book a radical hypothesis that a great many of these relics can be explained in terms of ecclesiastical pilgrimage He has constructed a

fascination theory about the palace of pilgrimage in the early Christian period placing it right at the center of communal life. The monuments themselves make much better sense if it looked at in this light as having come into existence not through the practices of ascetic monks but because of the activities of pilgrims. He begins by searching the historical sources in detail for evidence of early pilgrimage sites. By examining their monuments he projects the findings to other locations where pilgrimage has not been documented. He goes on to describe monument types of every kind and to identify pilgrims in sculpture surviving from before AD 1200. The Dingle Peninsula in Kerry proves to be a microcosm of pilgrimage monuments enabling the author to reconstruct a tradition of maritime pilgrimage activity up and down the west coast of Ireland. Indeed the famous medieval traveler's tale of the fabulous voyage of the St Brendan the Navigator can now be seen as the literary expression of a longstanding maritime pilgrimage along the Atlantic seaways of Ireland and Scotland reaching Iceland, Greenland and even North America.

Old World Colony David Dickson, 2005. This is a groundbreaking study of Cork's rise from insignificance to international importance as a city and port and of South Munster's development from agricultural hinterland to one of early modern Ireland's wealthiest regions and a symbol of a new commercial order. Reconstructing the framework of a pre-modern regional society in a way never before attempted for Ireland, *Old World Colony* integrates social, economic and political history across the heartlands of the Hidden Ireland from the seventeenth century's civil wars to Catholic emancipation in the 1820s. Dickson shows that colonization and commerce transformed the region but at a price: even in South Munster's formative years the problems of pre-Famine Ireland—gross income inequality and land scarcity—were already evident. Co-published with Cork University Press, Ireland, Wisconsin edition for sale only in the U.S., its territories and possessions, and Canada. A masterful account so finely nuanced and meticulously researched that it effectively raises the historiographical bar for Irish regional history. James G. Patterson, *H Atlantic*, H-Net Reviews.

Notes and Records ... Ancient Religious Foundations Samuel Hayman, 1854. *Notes and Records of the Ancient Religious Foundations, at Youghal Co. Cork, and Its Vicinity* Samuel Hayman, 1855. *Healing Waters* Ronan Foley, 2016-04-15. Bringing together a range of different place studies including holy wells, spa towns, Turkish baths and sweat houses, sea bathing and the modern spa, this book investigates associations between water, health, place and culture in Ireland. It is informed by a humanistic approach showing how health and place are socially and culturally constructed and how health is embodied, experienced and enacted in place. In addition, the work argues that an understanding of health and place must also consider the historical societal and cultural orthodoxies that shape and produce those places.

The Monsignor Colm Keane, Una O'Hagan, 2023-09-15. Victorian Britain's celebrity preacher, the Irish-born Monsignor Thomas John Capel hid a dark secret. Behind his handsome looks, rich aristocratic friends and close ties to two Popes, he was a sexual predator and exploiter of vulnerable women. His lustful encounters, heavy drinking and wild spending ended in humiliation, disgrace and suspension by Rome. In his travels through Europe and the United States, this superstar of the Catholic Church left behind a trail of broken hearts and admirers shorn of

their savings His behaviour threatened to bring the Church in Britain to its knees For the first time in a century and a half this groundbreaking book recalls the sensational decline and fall of a man who was once admired and acclaimed worldwide

Fraser's Magazine, 1845 **Fraser's Magazine for Town and Country**, 1845 **Irish women and the creation of modern Catholicism, 1850-1950** Cara Delay, 2019-03-26 This is the first book length study to investigate the place of lay Catholic women in modern Irish history It analyses the intersections of gender class and religion by exploring the roles that middle class working class and rural poor women played in the evolution of Irish Catholicism and thus the creation of modern Irish identities The book demonstrates that in an age of Church growth and renewal stretching from the aftermath of the Great Famine through the Free State years lay women were essential to all aspects of Catholic devotional life including both home based religion and public rituals It also reveals that women by rejecting negotiating and reworking Church dictates complicated Church and clerical authority Irish women and the creation of modern Catholicism re evaluates the relationship between the institutional Church the clergy and women positioning lay Catholic women as central actors in the making of modern Ireland
