Twentieth Century Thinkers in Adult and Continuing Education Peter Jarvis, 2001 First Published in 2001
Routledge is an imprint of Taylor Francis an informa company **Twentieth Century Thinkers in Adult and Continuing Education** Jarvis Peter, 2001-03-01 An examination of the work of 17 major thinkers in the field of adult and continuing education showing how each has made a significant contribution to the field The ideas of each are explored within a similar framework and their work and its consequences is considered in detail *The Adult Learner* Malcolm S. Knowles, Elwood F. Holton III, Richard A. Swanson, 2014-12-05 How do you tailor education to the learning needs of adults Do they learn differently from children How does their life experience inform their learning processes These were the questions at the heart of Malcolm Knowles's pioneering theory of andragogy which transformed education theory in the 1970s The resulting principles of a self directed experiential problem centered approach to learning have been hugely influential and are still the basis of the learning practices we use today Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve This eighth edition has been thoughtfully updated in terms of structure content and style On top of this online material and added chapter level reflection questions make this classic text more accessible than ever The new edition includes Two new chapters Neuroscience and Andragogy and Information Technology and Learning Updates throughout the book to reflect the very latest advancements in the field A companion website with instructor aids for each chapter If you are a researcher practitioner or student in education an adult learning practitioner training manager or involved in human resource development this is the definitive book in adult learning that you should not be without *The Adult Learner* Malcolm Shepherd Knowles, Elwood F. Holton, Richard A. Swanson, 2005 This much acclaimed text has been fully updated to incorporate the latest advances in the field As leading authorities on adult education and training Elwood Holton and Dick Swanson have revised this edition building on the work of the late Malcolm Knowles Keeping to the practical format of the last edition this book is divided into three parts The first part contains the classic chapters that describe the roots and principles of andragogy including a new chapter which presents Knowles program planning model The second part focuses on the advancements in adult learning with each chapter fully revised updated incorporating a major expansion of Andragogy in Practice The last part of the book will contain an updated selection of topical readings that advance the theory and will include the HRD style inventory developed by Dr Knowles This new edition is essential reading for adult learning practitioners and students and HRD professionals It provides a theoretical framework for understanding the adult learning issues both in the teaching and workplace environments Provides a theoretical framework for understanding adult learning issues both in teaching and workplace environments Essential reading for a wide audience of practitioners and students in the field of adult learning and human resource development Incorporates Knowles classic theories on adult learning alongside the latest advances in the field *Resources in Education* , 1995 *Computer-Supported Collaborative Learning*

in Higher Education Roberts, Tim S.,2004-09-30 This book addresses computer supported collaborative learning also known as CSCL particularly within a tertiary education environment It includes articles on theory and practice in this area including topics such as how can groups with shared goals work collaboratively using the new technologies What problems can be expected and what are the benefits In what ways does online group work differ from face to face group work And what implications are there for both educators and students seeking to work in this area Third Age Learners of Foreign

Issues in Web-Based Pedagogy Robert A. Cole,2000-06-30 There has been an explosion of Web based courses in higher education Aiming at an interdisciplinary audience the contributors draw upon diverse philosophical and empirical backgrounds to make claims about Web based pedagogy Among the points they raise is the concern that education is more easily commodified through Internet technologies implying that traditional faculty roles in teaching and research are at risk Moreover current understandings of what it means to be a teacher or a student are undergoing redefinition as a result of these new distance learning technologies The contributors note that Web based pedagogy is associated with sound instruction when particular strategies are adopted As a corollary this form of teaching is least effective when attempts are made to directly translate traditional styles of teaching Political social and economic interests are competing to shape the direction that online education will take The authors argue that opportunities exist for administrators and faculty to define the terms under which Web based learning will occur in their institutions
