the composer's collaborations with Diaghilev to illuminate the relationship between folklore and modernity. He elucidates the Silver Age ideal of neoromanticism, the professional appropriation of motifs and style characteristics from folk art, and how Stravinsky realized this ideal in his music. Taruskin demonstrates how Stravinsky achieved his modernist technique by combining what was most characteristically Russian in his musical training with stylistic elements abstracted from Russian folklore. The stylistic synthesis thus achieved formed Stravinsky as a composer for life, whatever the aesthetic allegiances he later professed. Written with Taruskin's characteristic mixture of in-depth research and stylistic verve, this book will be mandatory reading for all those seriously interested in the life and work of Stravinsky.
