Proletariat Dietrich Mühlberg,1988 **A Cultural History of Work in the Age of Empire** Victoria E. Thompson,2020-09-17 Winner of the 2020 PROSE Award for Multivolume Reference Humanities The period 1800 1920 was one in which work processes were dramatically transformed by mechanization factory system the abolition of the guilds the integration of national markets and expansion into overseas colonies While some continued to work in trades that were similar to those of their parents and grandparents increasing numbers of workers found their workplace and work processes changed often in ways that were beyond their control Workers employed a variety of means to protest these changes from machine breaking to strikes to migration This period saw the rise of the labor union and the working class political party It was also a time during which ideas about work changed dramatically Work came to be seen as a source of pride progress and even liberation and workers garnered increased interest from writers and artists This volume explores the multi faceted experience of workers during the Age of Empire A Cultural History of Work in the Age of Empire presents an overview of the period with essays on economies representations of work workplaces work cultures technology mobility society politics and leisure **The People's Stage in Imperial Germany** Andrew Bonnell,2005-05-27 This book examines the history of the Freie Volksbühne Free People s Theatre Berlin from 1890 1914 in the light of the cultural theory and practice of German Social Democracy in Imperial Germany The clash between German Social Democracy the party intellectuals and workers and the German Imperial State was played out in the Freie Volksbühne Free People s Theatre founded by intellectuals to energize working class political awareness of drama with a political and social cutting edge It fell foul of state censorship lost its bite yet prospered The book looks in detail at the various programmes guiding the Volksbühne s work and at the reception of the plays by the largely working class audience to offer a detailed study of the interactions between cultural and political history in Imperial Germany **A Zouave's Journey** Marilène Patten Henry,2007 A Zouave s Journey is a fascinating biography of an orphan s struggles to survive in late nineteenth century France As a young man he was drafted into the elite 3rd Zouave regiment fought in the historic battles of 1917 and 1918 was wounded and suffered from the effects of severe gas poisoning In 1920 he returned to a society that soon forgot the hardships endured by his generation The Musée Alfred Desmasures is the recipient of administrative documents pertaining to his childhood as well as his war journal letters and other memorabilia perpetuating the sacrifices of the men of 1914 1918 This book is based on the information provided by Achille Lecreux of the 37th African Division A Zouave s Journey is certain to engage a broad spectrum of readers in historical cultural military and social studies and is recommended for both undergraduate and graduate libraries **Germany in the Age of Kaiser Wilhelm II** James Retallack,1996-05-01 This lively and concise book uses a dual approach to introduce students and non specialists to Wilhelmine Germany 1888 1918 It surveys social economic political cultural and diplomatic developments in an age of tumultuous upheaval It also explains why historians have so often reversed the interpretative switches guiding

research on this period By highlighting the breadth of historical change under Wilhelm II and the evolution of opposing viewpoints about its significance this book provides easy access to an epoch and a debate characterised more by controversy than consensus *Workers, Women, and Social Change in Poland, 1870-1939* Anna Zarnowska, 2023-07-14 The studies collected here deal with social and cultural changes in Polish lands during the early phases of industrialisation i e the late 19th and early 20th centuries Attention is first given to the stabilisation of urban agglomerations and workers communities and the accompanying transformations in social status family structure and collective life and culture of the workers An especial focus is the cultural transformations which occurred at the time of the 1905 1907 revolution in the Kingdom of Poland incorporating it into tsarist Russia In parallel with this Professor Zarnowska has been concerned to examine the gender determined inequalities of the life opportunities of women and men and how these altered as social modernisation in Poland progressed She looks at the changing legal and social status of women and their life chances as well as the emergence of new social models of women s roles Several studies are also devoted to the impact exerted by urban civilisation as well as the growing professional activity of women upon the changes to cultural norms regulating the relations between women and men as well as the development of women s aspirations in the family society and culture International Review of Social History ,2001 **Whitaker's Book List** ,1989 *Bibliographic Guide to Business and Economics* New York Public Library. Research Libraries,1991 **Ethics, Morality, and International Affairs** Willard D. Keim,2000 Does morality apply to international politics Can one be a realist and ethical at the same time Willard D Keim answers these questions in *Ethics Morality and International Affairs* arguing that the key to the paradigm of foreign relations is the recognition of the freedom of other human beings Drawing upon Jean Paul Sartre s two principles being in itself and being for itself Keim proposes that while morality should be pertinent to international policy the world is imperfect and values are not absolutes derived from nature He develops the idea of lucidity and in the final chapter applies his theories to the Persian Gulf War Scholars of international politics as well as philosophers and the general educated public will find this book a fascinating read **Is Art Good for Us?** Joli Jensen,2002 Are the arts good for us This book questions our taken for granted assumptions about the transformational powers of high culture by critiquing an instrumental American heritage of beliefs about the arts Jensen argues that faith in high culture s unproven ability to transform people and society allows social critics to keep faith with the idea of a democratic society while deploring popular culture Employing perspectives from Tocqueville and Dewey she argues that the arts are good but they don t do good Instead of expecting the arts to improve things and blaming the media for ruining them we need to recognize that it is up to us not the arts to make the world a better place **Historical Abstracts** ,1998 *Between Totalitarianism and Postmodernity* Peter Beilharz, Gillian Robinson, John F.
