Purgatorio Dante Alighieri,2016-06-14 The enjoyment of The Divine Comedy is a continuous process observed T S Eliot It is not necessary to understand the meaning first to enjoy the poetry our enjoyment of the poetry makes us want to understand the meaning Arguably the greatest single poem ever written The Divine Comedy presents Dante Alighieri s all encompassing vision of the three realms of Christian afterlife In the Purgatorio Dante struggles up the terraces of Mount Purgatory still guided by Virgil in continuation of his difficult ascent to purity The clean force of the original comes through with astonishing success said poet and translator Dudley Fitts in praise of John Ciardi s rendition of the Purgatorio Dante cannot speak in English perhaps but Ciardi has given us the next best thing a credible passionate persona of the poet stripped of the customary guards of rhetoric and false decoration strong and noble in utterance

Invasive Objects Paul Williams,2014-04-08 The Director controls Ms B s life He flatters her beguiles her derides her His instructions pervade each aspect of her life including her analytic sessions during which he suggests promiscuous and dangerous things for Ms B to say and do when he suspects that her isolated state is being changed by the therapy The Director is a diabolical foreign body installed in the mind who purports to protect but who keeps Ms B feeling profoundly ill and alone The story of Ms B s analysis is one of many vivid illustrations presented in this collection of papers by Paul Williams who shares his lifetime of experience working with severely disturbed patients As the title suggests the unifying thread of these papers is the investigation of serious mental disturbance often characterized by the presence of intrusive and invasive thoughts and fantasies that originate in a traumatic past but which can colonize and destroy the rational mind The diverse papers are grouped into two related sections Part one is comprised of papers with a clinical orientation including a summary of the analysis of Ms B as well as a speculative paper on the psychosis and recovery of John Nash In part two applied psychoanalytic thinking is integrated with Williams other professional passion anthropology in a paper that exemplifies generative thought through art poetry and tribal masks Other papers in this section include a short essay that takes Freud bashers to task a reappraisal of the Rat Man and a lively discussion of Andr Green s central phobic position in borderline thinking Whether engaging in the coconstructed therapeutic relationship or the implications for madness in society at large Williams diverse

influences psychoanalytic and otherwise repeatedly come to the fore in an intellectually stimulating and clinically enriching way It goes without saying that work with patients whose thinking is psychotic is a challenge as these papers clearly demonstrate but Williams reminds us that it is a challenge that psychoanalysis can not only engage but also treat with enduring and impressive therapeutic results

Ethics and Medievalism Karl Fugelso, 2014 Essays on the modern reception of the Middle Ages built round the central theme of the ethics of medievalism Ethics in post medieval responses to the Middle Ages form the main focus of this volume The six opening essays tackle such issues as the legitimacy

of reinventing medieval customs and ideas at what point the production and enjoyment of caricaturizing the Middle Ages become inappropriate how medievalists treat disadvantaged communities and the tension between political action and ethics in medievalism The eight subsequent articles then build on this foundation as they concentrate on capitalist motives for melding superficially incompatible narratives in medievalist video games Dan Brown's use of Dante's *Inferno* to promote a positivist transhumanist agenda disjunctures from medieval literature to medievalist film in portrayals of human sacrifice the influence of *Beowulf* on horror films and vice versa portrayals of war in *Beowulf* films socialism in William Morris's translation of *Beowulf* bias in Charles Alfred Stothard's *Monumental Effigies of Great Britain* and a medieval source for death in the *Harry Potter* novels The volume as a whole invites and informs a much larger discussion on such vital issues as the ethical choices medievalists make the implications of those choices for their makers and the impact of those choices on the world around us Karl Fugelso is Professor of Art History at Towson University in Baltimore Maryland Contributors Mary R Bowman Harry Brown Louise D Arcens Alison Gulley Nickolas Haydock Lisa Hicks Lesley E Jacobs Michael R Kightley Phillip Lindley Pascal J Massie Lauryn S Mayer Brent Moberley Kevin Moberley Daniel Raymond Nadon Jason Pitruzello Nancy M Resh Carol L Robinson Christopher Roman M J Toswell
