Revelations Art Of The Apocalypse:

Revelations Nancy Grubb, 1997 This concise but illuminating introduction to the sources symbolism and meanings of the biblical Book of Revelation brings together visionary images by some of the greatest artists of Western culture including Fra Angelico William Blake Hieronymus Bosch Michelangelo Raphael Peter Paul Rubens Luca Signorelli and J M W Turner 250 illustrations 247 in color **Picturing the Apocalypse** Natasha O'Hear, Anthony O'Hear, 2015-06-26 The book of Revelation has been a source of continual fascination for nearly two thousand years Concepts such as The Lamb of God the Four Horsemen the Seventh Seal the Beasts and Antichrist the Whore of Babylon Armageddon the Millennium the Last Judgement the New Jerusalem and the ubiquitous Angel of the Apocalypse have captured the popular imagination One can hardly open a newspaper or click on a news web site without reading about impending financial or climate change Armageddon while the concept of the Four Horsemen pervades popular music gaming and satire Yet few people know much about either the basic meaning or original context of these concepts or the multiplicity of different ways in which they have been interpreted by visual artists in particular The visual history of this most widely illustrated of all the biblical books deserves greater attention This book fills these gaps in a striking and original way by means of ten concise thematic chapters which explain the origins of these concepts from the book of Revelation in an accessible way These explanations are augmented and developed via a carefully selected sample of the ways in which the concepts have been treated by artists through the centuries The 120 visual examples are drawn from a wide range of time periods and media including the ninth century Trier Apocalypse thirteenth century Anglo Norman Apocalypse Manuscripts such as the Lambeth and Trinity Apocalypses the fourteenth century Angers Apocalypse Tapestry fifteenth century Apocalypse altarpieces by Van Eyck and Memling Durer and Cranach's sixteenth century Apocalypse woodcuts and more recently a range of works by William Blake J M W Turner Max Beckmann as well as film posters and stills cartoons and children's book illustrations The final chapter demonstrates the continuing resonance of all the themes in contemporary religious political and popular thinking while throughout the book a contrast will be drawn between those readers of Revelation who have seen it in terms of earthly revolutions in the here and now and those who have adopted a more spiritual otherworldly approach **Apocalypse** Frederik van der Meer, 1978 **Revelation** John Christopher Thomas, Frank D. Macchia, 2016-04-11 The book of Revelation is perhaps the most theologically complex and literarily sophisticated and also the most sensual document in the New Testament In this commentary John Christopher Thomas's literary and exegetical analysis makes the challenging text of Revelation more accessible and easier to understand Frank Macchia follows up with sustained theological essays on the book's most significant themes and issues accenting especially the underappreciated place of the Holy Spirit in the theology of Revelation *The Spirit in the Book of Revelation* Robby Waddell, 2019-08-26 The investigation centres on the role of the Spirit in Revelation which the author considers is best defined as the Spirit of Prophecy A survey of scholarship on the pneumatology of the Apocalypse is followed by a study of

intertextual connections The author's own religious context within Pentecostalism then informs a possible hermeneutic that is faithful to the ethos of the movement Biblical and literary studies are situated within the context of a Pentecostal community as attention is paid to the prophecy concerning the temple and the witnesses in Rev 11 This key passage is shown to form the theological as well as the literary centre of the Spirit's role in Revelation **Revelation** Lynn R. Huber, Gail R. O'Day, 2023-11-23 While feminist interpretations of the Book of Revelation often focus on the book's use of feminine archetypes mother bride and prostitute this commentary explores how gender sexuality and other feminist concerns permeate the book in its entirety By calling audience members to become victors Revelation's author John commends to them an identity that flows between masculine and feminine and challenges ancient gender norms This identity befits an audience who follow the Lamb a genderqueer savior wherever he goes In this commentary Lynn R Huber situates Revelation and its earliest audiences in the overlapping worlds of ancient Asia Minor modern Turkey and first century Judaism She also examines how interpreters from different generations living within other worlds have found meaning in this image rich and meaning full book **Apocalypse** Frederick Van Der Meer, 1978 **Contrasting Images of the Book of Revelation in Late Medieval and Early Modern Art** Natasha F. H. O'Hear, 2011-02-17 A contribution to the history of interpretation of the Book of Revelation in the Late Medieval and Early Modern period in the form of seven visual case studies ranging from 1250 1522 O'Hear uses visual exegesis as a way of exploring both the content as well as the character of a biblical text

Reclaiming the Book of Revelation Wilfried E. Glabach, 2007 Progressive Christians have largely resisted studying the book of Revelation but Reclaiming the Book of Revelation shows that the last book of the Bible has great relevance for progressive Christians and congregations in this world It addresses themes such as how to avoid being drawn into the values of a consumerist society how to describe our fears instead of fleeing from them and how to live with hope in difficult times Because Revelation has been claimed by the religious right and proponents of rapture theology Wilfried E Glabach addresses the need for more progressive Christians to give another interpretation of the book Reclaiming the Book of Revelation offers an interpretation that stresses God's forgiveness and the healing of the nations rather than the destruction of many and the redemption of a few Dr Glabach motivates and encourages preachers teachers and lay readers to explore Revelation's vision of assurance justice and peace Back cover

Apocalypse Frederick van der Meer, 1978 *Apocalypse Illuminated* Richard Kenneth Emmerson, 2018 Studies the illustration of Revelation in manuscripts from the ninth to the fifteenth century Examines how twenty five of the most important illustrated Apocalypses illustrate the biblical text and interpret it for diverse audiences R sum de l auteur

The Book of Revelation and Its Interpreters Ian Boxall, Richard Tresley, 2015-11-25 The Book of Revelation has fired the imaginations of theologians preachers artists and ordinary Christians across the centuries The resulting number of commentaries on the book is enormous and most studies can only touch upon at most a representative sample of this vast literature As a consequence many focus largely on the interpretation of the Apocalypse only within specific periods such as the patristic period or during the Reformation One result of this severe limitation given the vast literary corpus is how historical interpretations in critical commentaries of the Book of Revelations tend to prioritize authors from the modern period In The Book of Revelation and Its Interpreters Short Studies and an Annotated Bibliography editors Richard Tresley and Ian Boxall fill a significant gap in the scholarly literature At its heart is an extensive annotated bibliography covering commentaries on the book up to 1700 including most of the early illuminated Apocalypses Supporting

the presentation of this survey of the historical interpretations of the Book of Revelation is an extended overview of Revelation's often colorful reception history by Christopher Rowland together with a number of short studies on various aspects of the book. These include discussions of specific commentators such as Sean Michael Ryan's look at Tyconius and Francis X Gumerlock's exploration of Chromatius of Aquileia alongside a more general treatment of Revelation's impact on the figure of John of Patmos in an essay by Ian Boxall and the visual reception of Revelation in Natasha O'Hear's article. *The Book of Revelation and Its Interpreters* provides a valuable bibliographical resource for those working in the field of Biblical Studies, history of Christianity, eschatology and apocalyptic studies. The accompanying essays orient the authors recorded in the bibliography within a larger context offering specific examples of the Apocalypse's capacity to speak in fresh and often surprising ways to diverse audiences throughout history.
