Maximize Life By Living For Peace Harmony And Joy:

Maximize Life by Living for Peace, Harmony, and Joy Dr. Robert H. Schram, 2005-11-11 Maximize Life by Living for Peace Harmony and Joy is about living each moment every day and realizing that life is what you make it Each chapter is organized on a single page by theme followed by an open description of the authors personal experience It presents a model for readers to write their own stories plumbing their past and looking ahead to their futures This intensely personal book lays bare the authors experience with the intent that the reader will do the same for his her own sake and like the author end the better for it Chapter examples are as follows For every act of violence there are thousands of acts of human kindness We read and hear about acts of violence and hatred taking place everywhere in the world and it is easy to allow this bad news to obfuscate all the wonderful and kind acts that occur every moment of every day Whenever someone is in need there is always some kind soul to help Whenever there is a job to be done there is always someone ready to step forward and help get it done Whenever there is a tragedy there are always people who go out of their way to assist There is never a shortage of kind gentle and helping people Out of every need out of every job that has to get done out of every tragedy comes the absolute beauty of human kindness with its clarion call that life is a priceless gift without compare Open your life to the goodness all around you ME I see acts of human kindness from the time I get up in the morning until I go to sleep at night Whenever there is an accident on the road people always stop to help Whenever I am short staffed at BARC people always step forward to help Whenever I travel people are always available to help me find my way they even offer food and shelter I no longer watch the news on television because of its overwhelming emphasis on negative twisted karma all I see are people hurting other people fires and natural disasters I much prefer to watch my neighbor cut the lawn of our elderly neighbor or teach his children how to ride their bicycles YOU Being upset usually serves no useful purpose because it can take you away from the determination that success requires When were upset we tend to make foolish and unnecessary mistakes that leave us further rather than closer to our goal Being upset from an emotionally trying event is natural and healthy carrying the upset for days or weeks after the emotionally trying event is unhealthy and unnecessary as it serves no useful purpose it only keeps you stuck on the things that have become part of your historical past Being upset about future events is also needless and unhealthy since your rumination is not useful If you encounter obstacles accept them live with them and keep moving toward whatever it is you want with renewed determination and assuredness ME When I am upset it goes right to my digestive system I now know that if I could more quickly express my feelings of anger I could avoid a lot of time in the bathroom I have learned through many years of practice to let go of being upset for some future event I was able to accomplish this in a step by step fashion 1 I remind myself that being upset is of no value 2 I concentrate on not ruminating about whats upsetting me by doing other things 3 I remind myself of my past experience with the futility of being upset 4 I reduce the time I devote to being upset 5 I stop feeling upset YOU Live a worry free life When you analyze your worry you will find it needless since it is

usually about things you cannot control anyway someones illness the weather how people will perceive you Value does not emanate from worry anxiety and fear emanate from worry Why not stop worrying and just be Begin by transforming your worry into some positive action If you are worried about your speech to the Ki *Life is but a Dream!* Dr. Robert H. Schram,2010-04-21 Carl Jung said that Your vision will become clear only when you look into your heart Who looks outside dreams Who looks inside awakens Life is but a Dream is a truth filled dream memoir flowing with the raw feelings of one man who dared to challenge his own life and share it with us Reading Dr Schram s account of finding his deeper psyche and soul through his dreams and illuminating it with his truth is story that we all can learn from Any person who wants to understand themselves better and who desires to record their dreams follow the wisdom and teachings that are described in the book

Mythology Of Scripture Robert D. Onsted,2010-03-05 Churches throughout the world s developed nations are losing members in droves As a result parishes are downsizing or consolidating to remain intact in many cases to just survive There must be a reason and this author opines that antiquated Church doctrines are no longer relevant to 21st century minds If religions are to remain viable entities in our rapidly accelerating world they must be willing to re examine their outdated doctrinal systems to better resonate with an educated populace Primitive man created his gods and goddesses and finally God in his own image believing that these entities manipulated the forces of nature that were beyond his own ability to control In doing so he imbued his divine creations with his own best and worst attributes because they were what he witnessed around and about himself His gods like their mythological counterparts were often powerful tyrannical and self aggrandizing beings demanding praise worship and blood sacrifice gods who would wrathfully smite those who would not bow down in worship to them But that was then and this is now Instead of rigid religious rules and antiquated beliefs our psyches crave an inner directed experience of the Divine from which we can derive a sense of value purpose and meaning for the lives we live This book hopes to sound a wake up call to the world s major religions before they find themselves placed on dusty library shelves among other quaint and curious volumes of forgotten lore i Unless this reconstruction can happen religion as it has existed for millennia cannot help but wither and die *Maximize Your Potential Through the Power of Your Subconscious Mind to Overcome Fear and Worry* Dr. Joseph Murphy,2019-10-03
