Timothy Venning

Mazarin The Crisis Of Absolutism In France:

Mazarin Geoffrey Russell Richards Treasure,1995 In Mazarin The Crisis of Absolutism in France Geoffrey Treasure has gathered and focused the most recent research on Mazarin It will prove the definitive text on this period **A/AS Level History for AQA The Sun King: Louis XIV, France and Europe, 1643-1715 Student Book** David Hickman,2016-07-07 A new series of bespoke full coverage resources developed for the AQA 2015 A AS Level History Written for the AQA A AS Level History specifications for first teaching from 2015 this print Student Book covers The Sun King Louis XIV France and Europe 1643 1715 Depth component Completely matched to the new AQA specification this full colour Student Book provides valuable background information to contextualise the period of study Supporting students in developing their critical thinking research and written communication skills it also encourages them to make links between different time periods topics and historical themes **The Origins of French Absolutism, 1598-1661** Alan James,2014-01-14 This controversial study takes the provocative line that the French monarchy was a complete success James turns the idea of royal absolutism on its head by redefining the French monarchy s success from 1598 1661 The Origins of French Absolutism 1598 1661 maintains that building blocks were not being laid by the so called architects of absolutism but that by satisfying long established traditional ambitions cardinal ministers Richelieu and Mazarin undoubtedly made the confident ambitious reign of the late century possible **Female Piety and the Catholic Reformation in France** Jennifer Hillman,2015-10-06 Hillman presents a fascinating account of the role that women played during the Catholic Reformation in France She reconstructs the devotional practices of a network of powerful women showing how they reconciled Catholic piety with their roles as part of an aristocratic elite challenging the view that the Catholic Reformation was a male concern **The Routledge Companion to Early Modern Europe, 1453-1763** Chris Cook,Philip Broadhead,2012-10-02 This compact and highly accessible work of reference covers the broad sweep of events as Europe transformed during the period from the Renaissance to the Enlightenment This Companion examines the centuries that saw the Reformation and Counter Reformation the expansion of Europe and the beginnings of imperialism and enormous changes in the way government and kingship were conducted With a wealth of chronologies tables family trees and maps this handy book is an indispensable resource for all students and teachers of early modern history *Mazarin's Quest* Paul Sonnino,2009-06-30 Sonnino examines the diplomatic negotiations that took place in Westphalia from 1643 to 1648 which brought an end to the agonizing civil and religious conflict of the Thirty Years War **Women and Poor Relief in Seventeenth-Century France** Susan E. Dinan,2017-09-29 Chronicling the history of the Daughters of Charity through the seventeenth century this study examines how the community s existence outside of convents helped to change the nature of women s religious communities and the early modern Catholic church Unusually for the time this group of Catholic religious women remained uncloistered They lived in private houses in the cities and towns of France offering medical care religious instruction and alms to the sick and

the poor by the end of the century they were France's premier organization of nurses This book places the Daughters of Charity within the context of early modern poor relief in France the author shows how they played a critical role in shaping the system and also how they were shaped by it The study also examines the complicated relationship of the Daughters of Charity to the Catholic church of the time analyzing it not only for what light it can shed on the history of the community but also for what it can tell us about the Catholic Reformation more generally The Age of Firepower John Pike,2025-07-02 An immersive account of 17th century warfare during the Thirty Years War A graphic study of military and military revolution in the pivotal 17th century in the context of the Thirty Years War shown by dramatic battle scenes personal heroic and tragic for all levels of society and all strikingly brought to life The first world war in Europe was a global conflict showing that early modern war despite the Enlightenment argument which contrasts medieval military brutality with modern mores early modern warfare was full of horror and innocent suffering reinforced modern weaponry and state support With striking quotes from commanders to foot soldiers readers feel involved and the story moves from battle field tactics to strategy Grand Strategy and international relations Here is the modern military state at the heart of the 17th century military evolution and revolution leading to modern and contemporary international warfare **Richelieu and Mazarin** David Sturdy,2017-03-14 Drawing upon recent research and past studies David J Sturdy presents a concise up to date analysis of the private and public careers of two of the most influential ministers in seventeenth century France Richelieu and Mazarin Adopts a broadly chronological approach interspersed with passages at relevant points which compare and contrast the key achievements of the two Cardinals Examines such central themes as the internal government of France the ministers conduct of foreign policy and the nature of elite and popular resistance to their policies Explores the political ideas and strategies of Richelieu and Mazarin the relations between the ministers and the Crown and the patronage they exercised The book concludes with a comparative assessment of the significance of the two figures for the history of France Art and Identity in Early Modern Rome Jill Burke,2017-07-05 From the late fifteenth to the late seventeenth century Rome was one of the most vibrant and productive centres for the visual arts in the West Artists from all over Europe came to the city to see its classical remains and its celebrated contemporary art works as well as for the opportunity to work for its many wealthy patrons They contributed to the eclecticism of the Roman artistic scene and to the diffusion of Roman artistic styles in Europe and beyond Art and Identity in Early Modern Rome is the first book length study to consider identity creation and artistic development in Rome during this period Drawing together an international cast of key scholars in the field of Renaissance studies the book adroitly demonstrates how the exceptional quality of Roman court and urban culture with its elected monarchy its large foreign population and unique sense of civic identity interacted with developments in the visual arts With its distinctive chronological span and uniquely interdisciplinary approach Art and Identity in Early Modern Rome puts forward an alternative history of the visual arts in early modern Rome one that questions traditional periodisation and stylistic categorisation Gustavus v

Wallenstein John Pike, 2024-05-30 Explore the epic conflict and contrasting leadership styles of King Gustavus Adolphus of Sweden and Albrecht von Wallenstein Duke of Friedland two titanic figures in the Thirty Years War whose strategic brilliance and dramatic deaths shaped the course of modern warfare analyzed in vivid detail by the author The conflict personal rivalry and contrast in personality generalship and command between the two iconic commanders in the Thirty Years War King Gustavus Adolphus of Sweden for the Protestant powers and Albrecht von Wallenstein Duke of Friedland More than just commanders at the tactical level they were statesmen military organizers and strategists on a continental scale Both commanders represented the 17th century military revolution in action The writing is vivid graphic and detailed without overloading and readers can feel involved in the action from strategic planning to battlefield tactics and even the melee Both generals are titanic figures come and their respective deaths Gustavus heroically in battle and Wallenstein murdered with the Emperor's compliance were dramatic highpoints in the long war This is no hagiography and the author analyses the contrasting reputations of two of the greatest military figures in modern history and analyses mistakes as well their triumphs Both commanders understanding of the role of the modern state and finance as vital factors in the military revolution and modern warfare A major contrast was Gustavus's constant search for the tactical and strategic initiative compared to Wallenstein's caution and patience and development of counter punch defensive tactics Exceptional for the period a young warrior like an Alexander Gustavus excelled in inspired battlefield leadership even at huge risk Despite his death at Lutzen in 1632 he and his steadfast chancellor Oxenstierna had decisively defeated the Emperor's attempt to subjugate the Empire and introduce the Catholic counter reformation Gustavus contributed hugely to the ending of Habsburg supremacy while advancing new concepts in modern war His death ushered in his acolytes including generals Baner Saxe Weimar and Torstensson Gustavus or Wallenstein the greater of the two The reader must judge but Napoleon included Gustavus in his list of ten greats with Julius Caesar Hannibal Barca and Alexander the Great

La Grande Mademoiselle at the Court of France Vincent Joseph Pitts, 2000 Viewed through her writings the events of Mademoiselle's life offer a unique perspective on several aspects of seventeenth century France the evolution of the Bourbon monarchy over the course of the century the dynamics of aristocratic resistance to the centralizing power of the state and the debate over the role of women in public and private life

Exile, Imprisonment, Or Death Julian Swann, 2017 On the accession of Louis XIII in 1610 following the assassination of his father the Bourbon dynasty stood on unstable foundations For all of Henri IV's undoubted achievements he had left his son a realm that was still prey to the ambitions of an aristocracy that possessed independent military force and was prepared to resort to violence and vendetta in order to defend its interests and honour To establish his personal authority Louis XIII was forced to resort to conspiracy and murder and even then his authority was constantly challenged Yet a little over a century later as the reign of Louis XIV drew to a close such disobedience was impossible Instead a simple royal command expressing the sovereign's disgrace was sufficient to compel the most powerful men and women in the kingdom to

submit to imprisonment or internal exile without a trial or an opportunity to justify their conduct abandoning their normal lives leaving families careers offices and possessions behind in obedience to their sovereign To explain that transformation this volume examines the development of this new politics of disgrace why it emerged how it was conceptualised the conventions that governed its use and reactions to it not only from the perspective of the monarch and his noble subjects but also the great corporations of the realm and the wider public Although that new model of disgrace proved remarkably successful influencing the ideas and actions of the dominant social elites it was nevertheless contested and the critique of disgrace connects to the second aim of this work which is to use shifting attitudes to the practice as a means of investigating the nature of Old Regime political culture and some of the dramatic and profound changes it experienced in the years separating Louis XIII's dramatic seizure of power from the French Revolution **The Huguenots** Geoffrey

Treasure, 2020-08-11 From the author of *Louis XIV an unprecedented history of the entire Huguenot experience in France* from hopeful beginnings to tragic diaspora Following the Reformation a growing number of radical Protestants came together to live and worship in Catholic France These Huguenots survived persecution and armed conflict to win however briefly freedom of worship civil rights and unique status as a protected minority But in 1685 the Revocation of the Edict of Nantes abolished all Huguenot rights and more than 200 000 of the radical Calvinists were forced to flee across Europe some even farther In this capstone work Geoffrey Treasure tells the full story of the Huguenots rise survival and fall in France over the course of a century and a half He explores what it was like to be a Huguenot living in a state within a state weaving stories of ordinary citizens together with those of statesmen feudal magnates leaders of the Catholic revival Henry of Navarre Catherine de Medici Louis XIV and many others Treasure describes the Huguenots disciplined community their faith and courage their rich achievements and their unique place within Protestantism and European history The Huguenot exodus represented a crucial turning point in European history Treasure contends and he addresses the significance of the Huguenot story the story of a minority group with the power to resist and endure in one of early modern Europe's strongest nations A formidable work covering complex fascinating horrifying and often paradoxical events over a period of more than 200 years Treasure's work is a monument to the courage and heroism of the Huguenots Piers Paul Read *The Tablet* *La Garde*

Ecossaise: The Life of John Hamilton 1620-1689: Part 1 Kirsteen M MacKenzie, 2022-10-24 A secret war rages between Louis XIV and William of Orange a conflict which threatens the stability and security of France and a fight that will determine the future of Europe Only John Hamilton and his men in La Garde Ecossaise can protect the French realm It is time for the secret history of La Garde Ecossaise to be told and the stories of those men who dedicated their lives to protect innocents from certain death These are their stories and the chronicle of the lives they saved This is the story of Lieutenant General John Hamilton the head of an elite group of soldiers in La Garde Ecossaise tasked with keeping France safe from its enemies John Hamilton a humble farmer who fled Ulster in 1641 joins the French forces in the Thirty Years War becoming one of Louis

XIV's most trusted men. Physically imposing, he strikes fear into the King's most determined enemies. Yet these enemies have discovered his ultimate weakness, a weakness which could destroy Hamilton, La Garde Ecosse, and even France itself. This sweeping tale carries the reader through the 1641 Irish rebellion, the Scottish Highlands, the Thirty Years War, the Franco-Spanish War, the Franco-Dutch War, and into the heart of Louis XIV's France. This is the first novel in the La Garde Ecosse series, which aims to generate interest and curiosity in seventeenth-century history. The novel series will be accompanied by an official podcast which will explore the novel in greater depth and the historical events that inspired it. Therefore, the novel will not only appeal to readers of historical fiction but also to students studying courses in early modern history. The dedicated website for news about the novels, podcasts, and resources is here: www.lagardeecosse.net. You can follow Dr Kirsteen M MacKenzie on social media: Twitter [kirsteenmm](https://twitter.com/kirsteenmm), Instagram [earlymodernkirsteenmm](https://www.instagram.com/earlymodernkirsteenmm), Facebook <https://www.facebook.com/DrKirsteenMMacKenzieHistorian102053899175946>. Dr MacKenzie also has her own personal website, which details her academic work and current research interests: <https://drkirsteenmmackenzie.net/professionalhistorian/about>.

Revolutionary France's War of Conquest in the Rhineland Jordan R. Hayworth, 2019-02-06. In May 1790, the French National Assembly renounced wars of conquest. Two years later, France declared war on Austria and invaded Belgium and the Rhineland, claiming it was to spread the benefits of the Revolution. Soon, however, military and economic crises drove a shift in the nature of France's war effort. What started as a war for liberty became a war for conquest, one that brought devastating exploitation to the Rhineland. It was during this time that French foreign policy became influenced by the idea of attaining the natural frontiers: the Alps, the Pyrenees, and most significantly, the Rhine. Although often portrayed as a diplomatic tradition of the French monarchy, Jordan R. Hayworth shows how the natural frontiers policy was born during the Revolution. In addition, he examines the intense and consequential debates that arose over the policy, which caused much confusion in the war and helped to undermine France's democratic experiment.

The Limits of Absolutism in ancien régime France Richard Bonney, 2024-10-28. This selection of articles is organized around three broad themes: the nature of the governing system in France; Absolutism; the political crisis of the mid-17th century, the Fronde; and the development of royal finance. The author first considers the growth of the French state in its ideological and institutional aspects, then the opposition such developments provoked, much centred on the figure of Cardinal Mazarin. In the last section, particular attention is given to fiscal history, including a comparison of mid-18th-century France with the other states of Europe. Professor Bonney would argue that the fiscal imperative, the increased requirements posed by the costs of war, and the long-term consequences of fiscal growth may be seen as one of the decisive factors in the development of the modern state.

The Navy and Government in Early Modern France, 1572-1661 Alan James, 2004. The role of the navy as an instrument of royal power in France, 1616-17, with a reappraisal of Richelieu's performance as Grand Master of Navigation.

Absolutism and Society in Seventeenth-Century France William Beik, 1985. This analysis of the provincial reality of absolutism argues that the

relationship between the regional aristocracy and the crown was a key factor in influencing the traditional social system of seventeenth century France

A Compendium of World Sovereigns: Volume III Early Modern Timothy Venning, 2023-06-30
