More Than Cricket:

Untethered Marcia Lynn McClure, 2012-06 As Cricket lay in the soft comfort of her bed continuing to let her mind nest on thoughts of how truly wonderfully attractive Texas Ranger Thibodaux was she giggled thinking that looking at him was more refreshing than swimming naked on a summer Sunday afternoon He was a tall drink of water far taller than most of the other men in town and his shoulders were as broad as the state of Texas itself Sky blue eyes bronze skin square jaw and dark hair and that smile In truth Cricket had only seen Heathro Thibodaux smile three or four times but each incidence was something she d never forget His smile was bright and white and the gold tooth he owned on the upper right incisor of his smile only embellished the richness of it That one tooth Cricket s smile faded as she thought of it Oh no doubt the flash only added to the splendor of his smile Yet it also served as a reminder to anyone who had ever read or heard of what had happened in Texas one year before No doubt it was a powerful remembrance to Heathro Thibodaux himself a visual indication of true barbarity pain and loss In that moment Cricket wondered when Heathro looked in the mirror each morning and saw that tooth did he think of eight dead girls buried in the bottom of a bleak and barren canyon Did he think of the eight dead girls that he for no fault of his own had been unable to save *Global Games* Maarten van Bottenburg, 2001 A detailed and coherent account of the social significance and the politics underlying sports *Global Games* demonstrates that sports are not a trivial pursuit but are deeply embedded in the way individuals and nations wish to be perceived Book jacket *Horae Juveniles* ,1830 *Philly Sports* Ryan Swanson, David K. R. Martin,2024-05-31 Taking a Systemic Functional Linguistic perspective this book explores how language builds our knowledge about the past and gives value to historical events thereby shaping contemporary culture It brings together cutting edge research from an international team of scholars to provide a detailed study of texts from three different world languages English Spanish and Mandarin Chinese revealing how the discourse of history is constructed in these languages Each chapter provides examples and step by step analyses of how knowledge and value are constructed in history texts drawing on Systemic Functional Linguistics to develop theory and description in relation to text analysis It also makes connections with disciplinary literacy and history education showing how linguistic findings can benefit the teaching and learning of historical literacy Providing theoretical and analytical foundations for studies of the discourse of history it is essential reading for anyone interested in literacy discourse analysis and language description **More Than Cricket and Football** Joel Nathan Rosen,Maureen Margaret Smith,2016 Given the presumed dominance of American sport many fans throughout the hemisphere find it difficult to envision the role of sport beyond the confines of their own continent And yet world sport consists of so much more than the games Americans play and so much more than the stereotype of cricket for the elite and football for the working class As worldwide sport continues to gain in popularity we also see parallels to many aspects visible in North American sport particularly celebrity and all its trappings and pitfalls The success of athletes from other countries in basketball and ice hockey and the proliferation of stars imported and now exported to and from North America provides some better examples of sport s international power It also creates a very new kind of sport celebrity albeit one that often shows a rather limited reach beyond that star s own country or continent Thus rather than focusing on the Western Hemisphere this collection of some of world sport s most heralded celebrities including stars of Motocross surfing distance running and more serves as a sort of passport to many places that make up our global sporting environment
