Jackson, 2021-10-12 Recovering the lost history of a crucial era in African American literature The Indignant Generation is the first narrative history of the neglected but essential period of African American literature between the Harlem Renaissance and the civil rights era The years between these two indispensable epochs saw the communal rise of Richard Wright Gwendolyn Brooks Ralph Ellison Lorraine Hansberry James Baldwin and many other influential black writers While these individuals have been duly celebrated little attention has been paid to the political and artistic milieu in which they produced their greatest works With this commanding study Lawrence Jackson recalls the lost

history of a crucial era Looking at the tumultuous decades surrounding World War II Jackson restores the indignant quality to a generation of African American writers shaped by Jim Crow segregation the Great Depression the growth of American communism and an international wave of decolonization He also reveals how artistic collectives in New York Chicago and Washington fostered a sense of destiny and belonging among diverse and disenchanted peoples As Jackson shows through contemporary documents the years that brought us *Their Eyes Were Watching God* *Native Son* and *Invisible Man* also saw the rise of African American literary criticism by both black and white critics Fully exploring the cadre of key African American writers who triumphed in spite of segregation *The Indignant Generation* paints a vivid portrait of American intellectual and artistic life in the mid twentieth century [Race Trouble](#) Kevin Durrheim,2011-04-14 This book draws on the South African experience to develop a theory of race trouble with the central observation that transformation in South Africa has reshaped patterns and practices of encounter and exchange between historically defined race groups Race continues to feature prominently in these new forms of social interaction and by participating in them South Africans are cast once again as racial subjects advantaged or disadvantaged included or excluded colonizers or colonized **American Sociological Review** ,1954-02 **Resources in Education** ,1995 *Rape and Race in the Nineteenth-Century South* Diane Miller Sommerville,2005-10-12 Challenging notions of race and sexuality presumed to have originated and flourished in the slave South Diane Miller Sommerville traces the evolution of white southerners fears of black rape by examining actual cases of black on white rape throughout the nineteenth century Sommerville demonstrates that despite draconian statutes accused black rapists frequently avoided execution or castration largely due to intervention by members of the white community This leniency belies claims that antebellum white southerners were overcome with anxiety about black rape In fact Sommerville argues there was great fluidity across racial and sexual lines as well as a greater tolerance among whites for intimacy between black males and white females According to Sommerville pervasive misogyny fused with class prejudices to shape white responses to accusations of black rape even during the Civil War and Reconstruction periods a testament to the staying power of ideas about poor women s innate depravity Based predominantly on court records and supporting legal documentation Sommerville s examination forces a reassessment of long held assumptions about the South and race relations as she remaps the social and racial terrain on which southerners black and white rich and poor related to one another over the long nineteenth century [Paperbound Books in Print](#) ,1983 **Desegregation Research** Meyer Weinberg,1970 **Racial Theories** Michael Banton,1998-04-28 3 Race as type [White Talk, Black Talk](#) Roger Hewitt,1986-10-23 A study of relations between black and white adolescents in South London
