This timely and significant book seeks to explain the deep seated complexities of terrorism and insurgency in Southeast Asia. In the aftermath of 9/11 this region has been designated by the United States to be the second front in the war on terrorism. Yet despite the emergence of this new global terrorism the authors argue that armed rebellion in Southeast Asia is a phenomenon that predates Al Qaeda and the global Jihadist movement and that much can be learned from the motivations behind it. Written by a group of leading Western and emerging Southeast Asian scholars this extensive volume demonstrates the difficulty and diversity of rebellion in Southeast Asia and explores its intricate historical political social and economic roots. The book will serve as an excellent reference and educational text providing an empirical and regional guide to the complex problem of insurgency in Southeast Asia. It will also contribute to a more educated understanding that could provide the basis for appropriate counter terrorism strategies in this important part of the world. Comprehensive and engaging this volume will find widespread appeal amongst researchers students and policymakers interested in terrorism international relations and Asian studies and will also be an invaluable tool for studies into political violence and security.

Dictionary of the Modern Politics of Southeast Asia Joseph Chinyong Liow, 2014-11-20

The past two decades since the end of the Cold War have been years of remarkable change and transformation for Southeast Asia. Long seen as an arena for superpower rivalry Southeast Asia is increasingly coming into its own by locating itself at the forefront of regional integration initiatives that involve not only the Association of Southeast Asian Nations but major external powers such as the United States China India Japan and Australia as well. At the same time the past two decades has seen the revival of old animosities as well as the emergence of new security challenges confronting the region. Old animosities include unresolved territorial disputes while new challenges range from regional and global financial crises terrorism and pandemics. Significant changes within the ten Southeast Asian countries covered in this book have also

transpired that have affected not only the complexion of domestic politics but have also impacted regional diplomacy as well such as the creation of potentially the eleventh Southeast Asian country Timor Leste Extensively updated and revised in light of these changes and developments this fourth edition of Dictionary of the Modern Politics of Southeast Asia contains profiles of each Southeast Asian country Following this it provides more than 450 alphabetically arranged individual entries providing detailed accounts and analyses on major episodes and treaties political parties and institutions civil society movements and regional and international organizations Biographies of significant political leaders and personalities both past and present are also provided Entries are comprehensively cross referenced and an index by country directs readers to all entries concerning a particular country The Dictionary also includes an extensive bibliography that serves as a guide to further reading It is an essential reference tool for all scholars and students of Asian politics and international affairs and a vital resource for journalists diplomats policy makers and others with an interest in the region

The Arms Race in Asia

Andrew T.H. Tan, 2013-12-13 This book is the first systematic examination of the emerging arms race in Asia The global trade in arms is to a large degree underpinned by the strong demand for arms in Asia and the Middle East the two largest arms export markets in the world Of these two regions Asia has become particularly significant led by the emergence of China and India as major powers It is therefore not surprising that the rapid military modernisation in Asia accompanied by significant increases in the size and sophistication of armed forces has generated attention as to its trends key characteristics causes and implications This phenomenon which has become evident since the end of the Cold War has also been widely described as an Asian arms race This book evaluates the key conceptual ideas which can shed light on this phenomenon as well as examining the complex mix of internal external and technological factors that have led to its emergence The volume explores the way in which the arms race is leading ultimately to three distinctive blocs in the emerging geostrategic landscape a loose bloc of US allies in the region a counter bloc of potential US adversaries and a neutral bloc of states with industrial age armed forces whose allegiances will vary according to circumstances and geostrategic developments The Arms Race in Asia concludes that if the emerging arms race is left unchecked it is likely that Asia will increasingly become a region of instability marked by conflicts and interstate wars The book will be of great interest to students of Asian politics strategic studies defence studies security studies and IR in general

The Politics of Maritime Power Andrew T. H. Tan, 2010-10-18

Since the crucial maritime battles that were fought during the Second World War in both the Atlantic and Pacific Oceans and the post war period which saw a naval standoff between a vast US navy and a growing Soviet navy the focus of international maritime power has changed Major maritime powers have deployed warships aircraft carriers and heavy land forces around the globe for purposes of diplomacy such as in maintaining far flung alliances for deterrent purposes such as in the Taiwan Straits for warfighting such as in its crucial support roles in recent conflicts in Afghanistan and both Gulf Wars and for complex emergencies such as tsunami and earthquake rescue in Indonesia and Pakistan Increasingly maritime power is

employed in counter terrorism such as in joint patrols counter terrorism exercises and in intercepting ships suspected of carrying weapons of mass destruction The Politics of Maritime Power is an exploration of the contemporary facets of maritime power particularly as an instrument of the state in the post Second World War era This reference volume is divided into four parts with chapters exploring various aspects of modern maritime power written by maritime experts a series of maps which show major maritime zones a glossary which contains over 240 entries on various aspects of maritime power and a detailed bibliography
