Kyle Longley

Proud Decades America In War And Peace 1941 1960:

The Proud Decades John P. Diggins,1988 What happens when public figures private selves are put forth for examination by public audiences How do the personal struggles of music artists specifically those with immigrant backgrounds compare to the private struggles of other individuals At a time when many countries in the European Union experience an increase in far right political party activities how do individuals from the margins negotiate new ways of thinking about identity offering hope for greater understanding of shared struggles across societies This book offers interpretations of identity and belonging by examining the work of two music artists Faudel Belloua from France and Adam Tensta from Sweden By analyzing texts produced by these individuals I argue that ongoing engagement with the materials produced by Belloua and Tensta a process which I refer to as living biography presents a unique window into the process of how Belloua and Tensta connect personal struggles to public issues providing a compelling departure point for further discussions on how interpretations of national identity are changing in France and Sweden and beyond

The proud decades J. P. Diggins,1993 **Movies as History** Marie L. Aquila,2014-05-05 Popular movies can enhance the study of history A dominant form of entertainment throughout the 20th century they can serve as nontraditional primary sources and offer remarkable opportunities to observe attitudes about social concerns gender or racial issues politics and historical events that were current when the movies were made This book is a topical guide for educators providing detailed analysis of 35 movies followed by discussion questions that will help students interpret how each movie s content and themes reflect the times when it was made The book covers four main topics the Great Depression World War II the early years of the Cold War and the changing expectations and images of women in movies from 1930 to 1970 An historical overview chronicles how each topic was treated in movies from that time period The movies should have wide appeal in grades 7 through 12 and can help students learn to think more critically about the images and messages that appear in popular media today *John Foster Dulles and the Diplomacy of the Cold War*

Richard H. Immerman,2021-03-09 As Dwight D Eisenhower s Secretary of State John Foster Dulles came to personify the shortcomings of American foreign policy This collection of essays representing the first archivally based reassessment of Dulles s diplomacy examines his role during one of the most critical periods of modern history Rejecting familiar Cold War stereotypes this volume reveals the hidden complexities in Dulles s conduct of foreign policy and in his own personality

Politics USA Robert J. McKeever,Philip Davies,2014-05-22 Politics USA is a lively and authoritative introduction to American politics giving students a rich and varied resource for all aspects of their course The book provides expert and comprehensive analysis of US politics and government including in depth coverage of the presidency the Congress the Supreme Court and American foreign policy This third edition of Politics USA has been thoroughly updated to include analysis of Challenges and policies of the first Obama administration Recent results and developments in US elections Latest major decisions of the US Supreme Court Contemporary American Foreign Policy This is an ideal introduction for students of

US politics as well as anyone seeking to understand any or all aspects of politics in one of the world's most powerful and globally influential countries

American Anti-Communism M. J. Heale, 1990-10 In *American Anticommunism* Heale examines the various forms American reactions to this perceived threat have taken from the attacks on workers in the Haymarket Riot to the widespread witch hunts of Senator Joe McCarthy

Senator Albert Gore, Sr. Kyle Longley, 2004-10-25 Best remembered as the father of Vice President Al Gore Albert Gore Sr worked tirelessly in politics himself a Democratic congressman and senator from 1939 to 1971 and a representative of southern liberalism and American reformism In the first comprehensive biography of Gore Kyle Longley has produced an incisive portrait of a significant American political leader and an arresting narrative of the shaping of a southern and American political tradition His research includes archival sources from across the country as well as interviews with Gore's colleagues friends and family Longley describes how the native of Possum Hollow Tennessee became known during his political career as a maverick a man who according to one journalist would rock almost anybody's boat For his actions Gore often paid a heavy price personally and professionally Overshadowed by others in Congress such as Lyndon Johnson J William Fulbright Richard Russell and Barry Goldwater Gore nonetheless played a major role on the important issues of taxes the Interstate Highway system civil rights nuclear power and arms control and the Vietnam War Longley situates Gore as part of a generation of politicians who matured on the messages of William Jennings Bryan Woodrow Wilson and Franklin Roosevelt In the South Gore belonged to a staunch group of liberals who battled traditional conservative forces often within their own party He and others such as Estes Kefauver Frank Porter Graham and Ralph Yarborough set the stage for subsequent generations including that of Jimmy Carter and Jim Sasser and later Bill Clinton Al Gore Jr and John Edwards From his career shines one encapsulating moment in 1952 squared off on the floor of the Senate against Strom Thurmond who wanted Gore to sign the Southern Manifesto declaring southern resistance to desegregation Gore responded simply classically Hell no

A Great Duty Leonard B. Kuffert, 2003 In *A Great Duty* I L B Kuffert shows that the history of Canadian culture from the war to Canada's centenary is much richer and more complex than has previously been recognized He looks at the responses of cultural critics to such topics as war reconstruction science conformity personality and commemoration catching outspoken observers in the act of synthesizing new interpretations of the contemporary world and protesting the dominance of mass produced entertainment English Canadian cultural critics from across the political spectrum championed self improvement self awareness and lively engagement with one's surroundings struggling to find a balance between the social benefits of democracy and modernization and what they considered the debilitating influence of the accompanying mass culture They used print and broadcast media in an attempt to convince Canadians that choosing wisely between varieties of culture was an expression of personal and national identity making cultural nationalism in Canada a middlebrow project As Kuffert argues if English Canadians are today more familiar with the ways in which modern life and mass culture envelop and define them if

they live in a nation where private citizens and cultural institutions view the media as avenues of entertainment as businesses or as the means to construct identity they should be aware of the role of wartime and post war cultural critics in creating those orientations toward culture

Nuclear Realism Rens van Munster, Casper Sylvest, 2016-04-14 What is a realist response to nuclear weapons This book is animated by the idea that contemporary attempts to confront the challenge of nuclear weapons and other global security problems would benefit from richer historical foundations Returning to the decade of deep thermonuclear anxiety inaugurated in the early 1950s the authors focus on four creative intellectuals G nther Anders John H Herz Lewis Mumford and Bertrand Russell whose work they reclaim under the label of nuclear realism This book brings out an important oppositional and resolutely global strand of political thought that combines realist insights about nuclear weapons with radical proposals for social and political transformation as the only escape from a profoundly endangered planet Nuclear Realism is a highly original and provocative study that will be of great use to advanced undergraduates graduates and scholars of political theory International Relations and Cold War history

War Noir Sarah Trott, 2016-11-03 The conflation of the hard boiled style and war experience has influenced many contemporary crime writers particularly in the traumatic aftermath of the Vietnam War Yet earlier writers in the genre such as Raymond Chandler remain overlooked when it comes to examining how their war experience affected their writing Sarah Trott corrects this oversight by examining Chandler alongside the World War I writers of the Lost Generation as well as highlighting a melding of very different styles in Chandler s work Based on Chandler s experience in combat Trott explains that the writer created detective Philip Marlowe not as the idealization of heroic individualism as is commonly perceived but instead as an authentic individual subjected to very real psychological frailties from trauma during the First World War Inspecting Chandler s work and correspondence indicates that the characterization of the fictional Marlowe goes beyond the traditional chivalric readings and can instead be interpreted as a genuine representation of a traumatized veteran in American society Substituting the horror of the trenches for the corruption of the city Chandler formed a disillusioned protagonist in an uncaring America Chandler did so with the sophistication necessary to straddle genre fiction and canonical literature The sum of this work offers a new understanding of how Chandler uses his war trauma how that experience established the traditional archetype of detective fiction and how this reading of his fiction enables Chandler to transcend generic limitations and be recognized as a key twentieth century literary figure
