discusses the fiscal consequences of get tough approaches to crime and presents more effective and less expensive policy options Surveying the range of administrative and management practices employed by state governments the editor and contributors explore the results of the governmental reform tradition the impact of federalism and intergovernmental relations and the effects of political culture on state government by focusing on economic development welfare corrections and environmental programs and policies

Public Management and Governance Tony Bovaird, Elke Loeffler, 2015-09-25

Public Management and Governance examines the factors which make government critically important and the barriers which often stop it being effective It questions what it means to have effective policies efficient management and good quality public services and it explores how the process of governing could be improved Key themes include the challenges and pressures facing governments around the world the changing role of the public sector in a mixed economy of provision governance issues such as ethics equalities transparency and citizen engagement This revised and updated third edition includes eight new chapters which provide in depth coverage of key new aspects of public management and governance It also features a wide selection of international case studies and illuminating examples of how public policy management and governance can be improved and what happens when they fail Each chapter is supplemented with discussion questions group and individual exercises case studies and recommendations on further reading *Public Management and Governance* is one of the leading student textbooks in its field featuring contributions from top international authors and covering a wide range of key topics in depth It is an essential resource for all students on undergraduate and postgraduate courses in public management public administration government and public policy

New Public Management in Europe C. Pollitt, S. Van Thiel, V. Homburg, Sandra Van Thiel, 2007-01-09

The New Public Management paradigm seems to have produced a convergence of administrative reform However specific implementations of NPM show range of forms and results including performance indicators personal reforms and evaluations of reforms This text demonstrates how NPM is crafted differently in various institutional contexts

Sustainable Public Management Neil M. Boyd, Eric C. Martin, 2021-09-09

Sustainable Public Management explores key issues in public sector sustainable management that span from Nation State to local government It highlights state of the art articulations of public private partnerships public engagement inter organizational networks sustainability policy strategy standard setting and reporting Sustainable management is an important topic across organizational forms in the private not for profit and public sectors because of the its practice is tied to some of the most pressing environmental and social problems that exist in the world The public sector is especially important due to its scale and scope across the globe the tangible impacts that public service delivery can make in resource efficiency and effectiveness and in directly tackling critical sustainable development goals This book will be of great value to scholars students and policymakers interested in Public Administration and Management Sustainable Management and Development The chapters in this book were originally published as a special issue of the *Public Management Review*

Risk and Crisis

Management in the Public Sector Lynn T Drennan, Allan McConnell, Alastair Stark, 2014-12-24 Every decision that is made by managers and policy makers in a public sector organization requires an evaluation and a judgement of the risks involved This vital requirement has been recognised in the growth of risk management However risks can never be fully prevented which means that public managers also have to be crisis managers Today s crises develop in unseen ways they escalate rapidly and transform through the interdependencies of modern society and their frequency is growing the global financial crisis the European volcanic ash cloud the Japanese tsunami and subsequent Fukushima nuclear plant meltdown the Christchurch earthquake and the Queensland floods All highlight the extreme challenges that public sector organizations across the world have had to face in recent years Risk and Crisis Management in the Public Sector Second Edition responds to these challenges by presenting the only guide for public managers and public management students which combines lessons about risk and crisis management together in a single accessible text It equips readers and public managers with the knowledge and skills to understand key issues and debates as well as the capacity to treat risks and better prepare for respond to and recover from crisis episodes This exciting new edition enhances the original text with contemporary cases and a greater focus on the international trans boundary and multi agency dimensions of risk and crisis management These enhancements reflect the fact that today s public manager must increasingly operate within a global and interdependent governance context

Organizational Development In The Public Sector David Carnevale, 2018-04-24 This book defines organizational development OD and discusses the philosophy of OD in terms of its assumptions and values It addresses the issue of change in organizations and deals with groups and group processes since they are the forerunners of teams in organizations
