Public Selves And Political Stages:

Private Selves, Public Identities Susan J. Hekman, 2010-11-01 In an age when we are all multiculturalists now as Nathan Glazer has said the politics of identity has come to pose new challenges to our liberal polity and the presuppositions on which it is founded Just what identity means and what its role in the public sphere is are questions that are being hotly debated In this book Susan Hekman aims to bring greater theoretical clarity to the debate by exposing some basic misconceptions about the constitution of the self that defines personal identity about the way liberalism conceals the importance of identity under the veil of the abstract citizen and about the difference and interrelationship between personal and public identity Hekman s use of object relations theory allows her to argue against the postmodernist resort to a fictive subject for a core self that is socially constructed in the early years of childhood but nevertheless provides a secure base for the adult subject Such a self is social particular embedded and connected a stark contrast to the neutral and disembodied subject posited in liberal theory This way of construing the self also opens up the possibility for distinguishing how personal identity functions in relation to public identity Against those advocates of identity politics who seek reform through the institutionalization of group participation Hekman espouses a vision of the politics of difference that eschews assigning individuals to fixed groups and emphasizes instead the fluidity of choice arising from the complex interaction between the individual s private identity and the multiple opportunities for associating with different groups and the public identities they define Inspired by Foucault s argument that power is everywhere Hekman maps out a dual strategy of both political and social cultural resistance for this new politics of identity which recognizes that with significant advances already won in the political legal arena attitudinal change in civil society presents the greatest challenge for achieving more progress today in the struggle against racism sexism and other forms of oppression

The Public Realm and the Public Self Shiraz Dossa, 2006-01-01 From the time she set the intellectual world on fire with her reflections on Eichmann 1963 Hannah Arendt has been seen essentially as a literary commentator who had interesting things to say about political and cultural matters In this critical study Shiraz Dossa argues that Arendt is a political theorist in the sense in which Aristotle is a theorist and that the key to her political theory lies in the twin notions of the public realm and the public self In this work the author explains how Arendt s unconventional and controversial views make sense on the terrain of her political theory He shows that her judgement on thinkers actors and events as diverse as Plato Marx Machiavelli Freud Conrad Hobbes Hitler the Holocaust the French Revolution and European colonialism flow directly from her political theory Tracing the origins of this theory to Homer and Periclean Athens Dossa underlines Arendt s unique contribution to reinventing the idea and the ideal of citizenship reminding us that the public realm is the locus of friendship community identity and in a certain sense humanity Arendt believes that no one who prefers his or her private interest to public affairs in the old sense can claim to be fully human or truly excellent

Stage-Wrights Paul Yachnin, 2015-09-01 To many of their contemporaries William Shakespeare Ben Jonson and Thomas Middleton were

little more than artisanal craftsmen stage wrights who wrote plays for money to be performed in common playhouses and in a manner often antithetical to what Jonson himself viewed as the higher calling of poetry In response to the conflicting pressures of censorship and commercialism Paul Yachnin contends players and dramatists alike had promulgated the idea of drama s irrelevance creating a recreational theater that failed to influence its audience in any purposeful way In Stage Wrights Yachnin shows how Shakespeare Jonson and Middleton struggled to reclaim not only the importance of their art but their own social legitimacy as well as through the reshaping of the commercial theater His bold readings of their works unveil the strategies by which they sought power from their privileged but powerless position on the margins Adopting a hermeneutical approach he explores a wide range of historical evidence to describe how English Renaissance drama depicted the world in ways refracted by the interests of the playing companies throughout he challenges recent historicist models that have overrated the importance of dramatic productions to society and its institutions of authority Paul Yachnin offers a new way of understanding dramatic texts in relation to their social history In showing how the efforts of three playwrights helped shape the area of discourse we now call the literary Stage Wrights represents both a major rereading of the place of theater in Shakespeare s London and an important clarification of the social context of contemporary criticism **Public**

Representations of Immigrants in Museums Yannik Porsché,2018-02-13 This book offers an interactionist perspective on theories of public representation knowledge and immigration in museum institutions Examining how a Franco German museum exhibition represents immigrants and exposes public stereotypes the analysis follows the process of the production and reception of the exhibition as it travelled from Paris to Berlin The author proposes a microsociological contextualisation analysis integrating discourse analysis and ethnography to compare formats of museum work social interaction in the exhibition and mass media debates Visitor reception of the different exhibition versions reveals the symbolic nature of interactions in museums for example concerning conflicting political voices and accusations of censorship Depending on the institutional context interactions in the museums are geared towards securing immigrants a place in national collective memory towards carrying out debate on integration or providing opportunities for personal encounters and reflection beyond national categorisation This book will appeal to students and researchers interested in work on the intersection of sociology cultural studies and discursive psychology in methods of discourse analysis and ethnography and to practitioners working in museums **Public and Community Health Nursing Practice** Demetrius James Porche,2004 Developed as an advanced text for students in public and community health nursing this book presents a summary of the core functions of population based practice emphasizing evidence based research Porche nursing Nursing Research and Evaluation Louisiana State University Health Sciences Center

The Biopic and Beyond Melanie Piper,2022-07-14 Biopics and other movies and television shows based on real events are increasingly appearing at the multiplex and on streaming platforms alongside blockbuster franchises and adaptations The appeal of movies and television shows based on true stories is that they claim to

tell us what really happened with the public and private versions of events packaged into one coherent narrative But how do they do it and what makes this version of events so appealing The Biopic and Beyond investigates the process that turns the distant public figures that populate news and entertainment into screen characters that we can engage with and try to understand a little better Even though they aren't the real thing our engagement with fictionalized versions of public figures can for better or worse color the way we understand the real person behind them Screen engagement with the fake person behind the real person doesn't only happen in biopics and docudramas with media as varied as sketch comedy fan fiction and the celebrity cameo contributing to the ways we understand public figures Using case studies such as Mark Zuckerberg and The Social Network Sarah Palin and Saturday Night Live and Louis C K and Louie The Biopic and Beyond will make you think about the way you see the world through a fictionalized version of it

Public Administration and Public Policy in Ireland Maura Adshead, Michelle Millar, 2003-09-02 This book provides a comprehensive introduction to public policy and administration in Ireland thereby bridging the gap between general texts on public policy and policy analysis and books on Irish politics Each chapter covers one of the key issues in policy analysis eg rational choice corporatism and then illustrates this with an empirical Irish case study With the inclusion of further reading overviews of main concepts and source material the editors provide a student friendly textbook which fills an important gap in the available literature on Irish politics and public administration

Political and Civic Leadership Richard A. Couto, 2010-09-14 This work within The SAGE Reference Series on Leadership provides undergraduate students with an authoritative reference resource on political and civic leadership This 2 volume set focuses on the 100 most important topics issues question and debates specific to politics and civic society Entries provide students with more detailed information and depth of discussion than typically found in an encyclopedia entry while avoiding much of the jargon detail and density one might find in a journal article or a research handbook chapter Key Features Includes entries written by a global panel of renowned experts Offers broad coverage of important of the moment topics related to political and civic leadership including explorations of the personalities and environments of political leaders leadership roles in governance and allegiance citizen activists and civic engagement political campaigning urban politics and leadership public management ethics in politics policy development and implementation executive management of public opinion political speechmaking and the bully pulpit congressional leadership crisis management and more Considers the history of political and civic leadership with examples from the lives of pivotal figures as well as the institutional settings and processes that lead to both opportunities and constraints unique to the political realm Provides students with more depth than usual encyclopedic entries while avoiding the jargon detail and density of more advanced works Features an approachable and clear writing style with appeal to undergraduate researchers and offers a list of further readings after each entry as well as a detailed index and an online version of the work to maximize accessibility for today's students

Transatlantic Stage Stars in Vaudeville and Variety L. Woods, 2016-09-23 This book

shows eminent actors performing under stringent conditions in vaudeville It was a strange notion in 1900 that leading lights of the legitimate stage would ever join a bill of turns with everything from song and dance to criminals regaling crowds with their exploits It chronicles renowned actors showing rough fare in rough times **Private Goes Public:**

Self-Narrativisation in Brian Friel's Plays Gaby Frey,2015-11-25 In Brian Friel s writing the distinction between public and private is closely linked to the concepts of home family identity and truth This study examines the characters excessive introspection and their deep seated need to disclose their most intimate knowledge and private truths to define who they are and thus to oppose dominant discourse or avoid heteronomy This study begins by investigating how a number of Anglo Irish writers publicised their characters private versions of truth thereby illustrating what they perceived to be the space of Irishness The book then focuses on Friel s techniques of sharing his character s private views to demonstrate how he adopted and adapted these practices in his own oeuvre As the characters superficial inarticulateness and their vivid inner selves are repeatedly juxtaposed in Friel s texts his oeuvre quintessentially displays a great unease with the concepts of communication and absolute truth **Democracy in the Age of Globalization and Mediatization** Hanspeter Kriesi,Sandra

Lavenex,Daniel Bochsler,Jörg Matthes,Frank Esser,Marc Bühlmann,2013-01-11 This book provides a comprehensive overview over the models of contemporary democracy its social cultural economic and political prerequisites empirically existing varieties and the two major challenges globalization and mediatization confronting established democracies today As the boundaries of the national political communities increasingly dissolve democracy as we know it is put into question Similarly as the role of the media in politics increases the way established democracies function is being transformed The book covers the transformation of established democracies democracy s global expansion into new countries as well as its spread into supranational polities such as the European Union It confronts head on democracy s constantly changing nature its diversity of institutions and practices its repeated need to respond to exogenous challenges and most importantly its perpetually unsatisfactory quest to make real existing democracy conform better to potentially ideal democracy

Official Governance and Self-governance Qingzhi Zhou, 2022-11-29 This book offers a new interpretation of the evolution and modernization of social order in China's grass roots communities Traditionally social order at the grass roots level was maintained through an organic combination of self-rule by the people and authority rule by political leaders As a hybrid form of social order therefore it not only has features of autonomy but also reflects the power of the state apparatus Despite the modernization of the nation state the old rules sustaining social order at the grass roots level are still very much in effect and have seamlessly integrated into the new social structure Unless we fully appreciate this fundamental continuity we would not be able to understand how social order at the grass roots level today is upheld and functions And the modernization of social order at the grass roots level is most fruitfully studied from the perspectives of the construction of modern public social relations and the development of grass roots systems of social autonomy

Arab Voices Kevin Dwyer, 2016-03-22 This book first published in 1991 moves beyond sensational headlines to explore how Middle Eastern men and women speak and feel about the societies in which they live Kevin Dwyer makes use of extensive research and interview material from Egypt Tunisia and Morocco and combines first-hand testimony with vivid and illuminating analysis The voices are those of lawyers political militants religious thinkers journalists and human rights activists who focus their discussion on the question of human rights and critical issues in social and cultural life

Constructivist Turn in Political Representation Lisa Disch, 2019-01-22 This volume traces the roots of the constructivist turn in the distinct and competing traditions of Continental and Anglo-American Western political thought Divided into three thematic parts these 13 newly commissioned essays develop the constructivist turn as a central concept They advance the insight that there can be no democratic politics without representation constituencies or groups exist as agents of democratic politics only insofar as they are represented

Concepts on the Move, 2016-10-11 In order to give an impetus to the production of an apparatus of aesthetic concepts in line with Deleuze and Guattari's claim to create new concepts for a changing world this volume publishes statements and discussions of ten Concept on the Move workshops as well as texts and discussions of the concluding Concept on the Move symposium The integral outcome of the workshops the symposium and the discussions does not however present some sort of blueprint for the future of visual art and aesthetics If one wished to

designate the Concepts on the Move publication in one notion at all that definitively could only be TOOLKIT A TOOKIT in the sense of a great collection of ideas topics issues notions and concepts emerging in the 21st century world of visual art and theory They indeed could serve as an impetus for the construction and production of a body of theoretical work fit to understand today s technological theoretical and artistic developments in the art world Are concepts on the move Yes they are and they always will be on the great journey visual art takes them

Gendered Situations, Gendered Selves Jocelyn A. Hollander, Daniel G. Renfrow, Judith A. Howard, 2011-01-16 The second edition of *Gendered Situations Gendered Selves* has been updated throughout and is an ideal introduction to the discussion of gender in social psychology The book examines the basic underpinnings of everyday interaction from how we think to who we see ourselves and others to be to how we interact with others Each of these processes is based on both social psychology and gender as differentiated from sex as well as our racial backgrounds ethnic heritages socioeconomic circumstances sexualities and national histories The authors present and critique each of the major theories of social psychology social exchange social cognition and symbolic interaction In doing so the book introduces a full array of key concepts in social psychology perception stereotyping attribution self presentation impression management defining social situations exchanging resources and balancing power and dependence in social relations The book also discusses two fundamental aspects of human behavior the dynamics of helping and harming The second edition incorporates discussions of contemporary psychological and sociological research and features powerful new examples including 9 11 and the election of Barack Obama

Making the Fascist Self Mabel Berezin, 2018-10-18 In her examination of the culture of Italian fascism Mabel Berezin focuses on how Mussolini s regime consciously constructed a nonliberal public sphere to support its political aims Fascism stresses form over content she believes and the regime tried to build its political support through the careful construction and manipulation of public spectacles or rituals such as parades commemoration ceremonies and holiday festivities The fascists believed they could rely on the motivating power of spectacle and experiential symbols In contrast with the liberal democratic notion of separable public and private selves Italian fascism attempted to merge the public and private selves in political spectacles creating communities of feeling in public piazzas Such communities were only temporary Berezin explains and fascist identity was only formed to the extent that it could be articulated in a language of pre existing cultural identities In the Italian case those identities meant the popular culture of Roman Catholicism and the cult of motherhood Berezin hypothesizes that at particular historical moments certain social groups which perceive the division of public and private self as untenable on cultural grounds will gain political ascendance Her hypothesis opens a new perspective on how fascism works

Public Policy and Private Interest J.A. Chandler, 2016-12-08 *Public Policy and Private Interest* explains the complexities of the policy making process in a refreshingly clear way for students who are new to this subject The text is fully illustrated throughout with a broad range of national and international case studies on subjects such as the banking crisis the creation of unitary authorities and global

environmental policy and regulation

The Top Books of the Year Public Selves And Political Stages The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. Public Selves And Political Stages : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Public Selves And Political Stages : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
