The book delves into the dynamics of district administration by breaking down the processes further and mapping the role of the district magistrates on the UNDP competency framework. Given the changing scope and challenges of public service, this comparative analysis of the two districts would provide insights into district administration and would be of significant relevance to administrators and management professionals across the globe in assessing their effectiveness. The book provides an eclectic framework for public administration from an overall sustainability perspective. **Public Management**

Stephen P. Osborne, 2001 **Making Public Services Management Critical** Graeme Currie, Jackie Ford, Nancy Harding, Mark Learmonth, 2010-02-02 This book brings together public services policy and public services management in a new way, challenging many old ideas in this field and presenting the debate of what critical constitutes when applied to public services policy and management. *Rhetorical and Critical Approaches to Public Relations II* Robert L. Heath, Elizabeth L. Toth, Damion Waymer, 2009-03-04 This volume illustrates the application of rhetorical theory and critical perspectives to explain public relations practices. It provides a systematic and coherent statement of the crucial guidelines and philosophical underpinnings of public relations. *Rhetorical and Critical Approaches to Public Relations II* addresses the rhetorical critical tradition's contribution to the definition of public relations and PR practice. It explores the role of PR in creating shared meaning in support of publicity and promotional organizational efforts, considers the tradition's contributions to risk crisis and issues dimensions of public relations, and highlights ethics, character, and responsible advocacy. It uses a rhetorical lens to provide practitioners with a sense of how their PR campaigns make a contribution to the organizational bottom line.

Public Relations Jacquie L'Etang, 2007-11-21 An excellent text for encouraging students to think critically about key public relations issues. Not only does it help students to develop a deeper appreciation of public relations, it also helps them to develop valuable learning skills. Amanda Coady, The Hague University. A typically excellent piece of work from Jacquie L'Etang. Critical of every basic concept and provocative to all students. Ideal for second and final year undergraduates plus MA students. Chris Rushton, Sunderland University. Extending beyond the usual bounds of insularity, this text is designed to encourage critical thought in students and improve practice in workplaces. A refreshing read that is consistently inventive enough to attain both aims. David McKie, Waikato Management School. At long last, it fills a void in the landscape of text books on public relations theory and practice; it develops critical thinking skills while exposing interdisciplinary approaches and providing a very solid foundation for lively debate and further study. Julia Jahansoozi, University of Central Lancashire. This book introduces students to the key concepts in Public Relations with 12 chapters providing clear and careful explanations of concepts such as Reputation Risk, Impression management, Celebrity Ethics, Persuasion and propaganda, Emotional and spiritual dimensions of management, Promotional culture and globalization. Drawing on a wide range of interdisciplinary sources, Jacquie L'Etang also encourages students to think critically about public relations as an occupation. Student exercises, critical reflections, vignettes, and discipline boxes help students to widen their intellectual perspective on the

subject and to really engage the thinking that has shaped both the discipline and practice of public relations *Critical Leadership* Paul Evans, John Hassard, Paula Hyde, 2013-06-07 Critical approaches to leadership studies have sought to challenge the normative position of leadership as residing solely within the formal leader and have gone as far as to undermine the traditionally held assumption of leadership as a real phenomenon The book offers a critical account of the nature of leadership and management in modern organizations Specifically it examines the forces that affect the influence relationships between leaders and followers in public sector organizational settings and thus how these relationships inform social influence processes Although the book focuses on the case of a public sector organization in the UK the findings are placed in the context of both leadership theory and research across the globe and the dissemination of new public management worldwide By acknowledging the criticisms concerning the weaknesses of conventional or mainstream leadership study and through the adoption of a critical perspective *Critical Leadership* provides a deep and rich interpretation of the empirical material on leadership thus making an outstanding contribution to the current literature

Intellectual Capital and Public Sector Performance Kardina Kamaruddin, Indra Abeysekera, 2013-11-11 This study investigated the relationship between intellectual capital and public sector performance in Malaysia Findings revealed that there is a significant and positive relationship between two and one way of increasing the level of public sector performance is to tie performance to intellectual capital **Public Policy in the 'Asian Century'** Sara Bice, Avery Poole, Helen Sullivan, 2017-12-16 This volume explores the defining features critical approaches challenges and opportunities for public policy in the Asian Century This is the first book to systematically analyse the key institutions and practices that comprise public policy administration and governance to investigate how they are changing in the context of increasing Asian influence

Its authors argue that the Asian Century holds the potential to generate a paradigm shift equivalent to the impacts of neo liberalism and the New Public Management of the late 20th century Divided into three parts this volume interrogates the theories underpinning contemporary public policy explores case studies from different policy arenas across the Asian region and imagines what a future of globalised public policy might look like It examines the implementation measures necessary to support policy and administration in an era of transnational governance networks tightly linked economic markets and progressively fluid cultural exchanges This book provides the concepts and tools necessary to navigate these shifting sands successfully It is essential reading for scholars of public policy public management international relations and politics and social sciences as well as for administrators and public servants Consultancy in Public Services Adams, Robert, Tovey, Wade, 2012-07-25 Based on the authors twenty five year experience of consultancy in the public services this book develops an empowering approach to thinking about and doing consultancy with public services It challenges the traditional view that the consultants are brought in as experts and instead examines ways of using consultancy to empower staff patients service users and members of the public so that they can take part in developing changing innovating and ultimately transforming

these services The book includes chapters explaining consultancy on preparing bids on negotiations and on the importance of assessment and review which are geared towards the needs of those working in public and third sectors either as or with consultants It includes a glossary abbreviations helpful contacts and websites which are valuable for quick reference and to aid further understanding
