Politics, Policy,
and Religion
in the 21st Century

WILLIAM A. GALSTON

Public Matters Essays On Politics Policy And Religion

Shaun P. Young

Public Matters Essays On Politics Policy And Religion:

Public Matters William A. Galston, 2005-08-24 After preparing to lead a quiet life as a teacher and scholar of political theory William Galston has spent the past quarter century crossing the boundaries between academia and public life including a two year stint as Deputy Assistant for Domestic Policy under President Clinton Reflecting these boundary crossings Public Matters contains a selection of Galston's essays on politics policy and religion Each is viewed through the prisms of history theory and ethical concerns The essays on politics tell the story of Galston's efforts to help redirect the Democratic Party so that it speaks more clearly to the concerns of 21st century Americans The essays in the policy section reflect the range of issues with which Galston has grappled as a political activist and public official Finally the essays on religion try to come to grips with the challenges that religion taken seriously as it should be poses for the governance of constitutional democracies

Religion and the State Natalie Goldstein, 2010 Presents a guide to the issues related to religion and the state including definitions primary sources important documents research tools organizations and notable persons

The Oxford Handbook of Religion and American Politics Corwin E. Smidt, Lyman A. Kellstedt, James L. Guth, 2017 Over the past three decades the study of religion and politics has gone from being ignored by the scholarly community to being a major focus of research Yet because this important research is not easily accessible to nonspecialists much of the analysis of religion's role in the political arena that we read in the media is greatly oversimplified This Handbook seeks to bridge that gap by examining the considerable research that has been conducted to this point and assessing what has been learned what remains unsettled due to conflicting research findings and what important questions remain largely unaddressed by current research endeavors The Handbook is unique to the field of religion and American politics and should be of wide interest to scholars students journalists and others interested in the American political scene

Community Matters Verna V. Gehring, 2005 Civic matters affect all members of a community and are thus of potential concern to all In Community Matters Challenges to Civic Engagement in the 21st Century six distinguished scholars address three perennial challenges of civic life the making of a citizen how citizens are to agree and disagree and how to define the rights and responsibilities of citizenship The thought provoking essays in this volume discuss integral civic concerns such as how can we improve civic education How do we address controversy within our communities What are the responsibilities of a citizen Should the national draft be re instated in the U S These essays will encourage students academics and interested citizens outside the academy to go farther and dig deeper into these vital issues

Embryo Politics Thomas Banchoff, 2011-05-15 Since the first fertilization of a human egg in the laboratory in 1968 scientific and technological breakthroughs have raised ethical dilemmas and generated policy controversies on both sides of the Atlantic Embryo stem cell and cloning research have provoked impassioned political debate about their religious moral legal and practical implications National governments make rules that govern the creation destruction and use of embryos in the laboratory but they do so in profoundly different

ways In Embryo Politics Thomas Banchoff provides a comprehensive overview of political struggles about embryo research during four decades in four countries the United States the United Kingdom Germany and France Banchoff's book the first of its kind demonstrates the impact of particular national histories and institutions on very different patterns of national governance Over time he argues partisan debate and religious secular polarization have come to overshadow ethical reflection and political deliberation on the moral status of the embryo and the promise of biomedical research Only by recovering a robust and public ethical debate will we be able to govern revolutionary life science technologies effectively and responsibly into the future

Judging Bush Robert Maranto, Tom Lansford, Jeremy Johnson, 2009-09-02 There is no shortage of opinions on the legacy that George W Bush will leave as 43rd President of the United States Recognizing that Bush the Younger has been variously described as dimwitted opportunistic innovative and bold it would be presumptuous to draw any hard and fast conclusions about how history will view him Nevertheless it is well within academia's ability to begin to make preliminary judgments by weighing the evidence we do have and testing assumptions In the wake of the September 11 terrorist attacks and the initially successful military campaign in Afghanistan Bush and his administration enjoyed nearly unprecedented popularity But after failures in Iraq and in the federal government's response to Hurricane Katrina Bush's approval ratings plummeted Guided by a new framework Judging Bush boldly takes steps to evaluate the highs and lows of the Bush legacy according to four types of competence strategic political tactical and moral It offers a first look at the man his domestic and foreign policies and the executive office's relationship to the legislative and judicial branches from a distinguished and ideologically diverse set of award winning political scientists and White House veterans Topics include Bush's decision making style the management of the executive branch the role and influence of Dick Cheney elections and party realignment the Bush economy Hurricane Katrina No Child Left Behind and competing treatments of the wars in Iraq and Afghanistan Contributors include Lara M Brown David B Cohen Jeffrey E Cohen Laura Conley Jack Covarrubias John J DiIulio Jr William A Galston Frederick M Hess Karen M Hult Lori A Johnson Robert G Kaufman Anne M Khademian Lawrence J Korb Patrick McGuinn Michael Moreland Costas Panagopoulos James P Pfiffner Richard E Redding Neil Reedy Andrew Rudalevige Charles E Walcott and Shirley Anne Warshaw

Reflections on Rawls Shaun P. Young, 2016-04-08 The late John Rawls was one of the most inspiring provocative and influential political philosophers of the twentieth century In this collection a panel of distinguished political philosophers critically explore the intellectual legacy of Rawls The essays herein engage Rawls's political theorizing from his earliest published writings in the 1950s to his final publication in 2001 Justice as Fairness A Restatement and explore a diversity of issues related to his arguments such as the attractiveness of his methodology methodologies and the normative coherence and empirical validity of his claims In turn the effectiveness both of his arguments and those of various supporters and critics are evaluated from the perspective of a variety of analytical approaches including cosmopolitanism communitarianism perfectionism liberalism and legal theory This book is an edifying

and engaging dialogue with ideas and arguments that have provided the theoretical framework for much of contemporary political philosophy and a thoughtful assessment of their continuing significance and place within the pantheon of political philosophy

Educating Democracy Brian Danoff, 2010-01-04 Do strong leaders inevitably undermine democracies Drawing upon the insights of Alexis de Tocqueville Brian Danoff offers a compelling revisionist analysis of the role of leadership in democratic societies Rather than focusing on effectiveness or character to assess the quality of leaders in democracies Tocqueville suggests that great democratic leaders are those who educate elevate and empower their fellow citizens certain types of leadership enhance rather than diminish self rule Danoff then enriches and expands Tocqueville's perspective through the ideas of American theorists and statesmen such as Woodrow Wilson Abraham Lincoln and the Antifederalists Timely and necessary this book sheds new light on both Tocqueville and on the role of leadership in American democracy

The Ethical Dimensions of Global Development Verna V. Gehring, 2007 As a broad concept globalization denotes the declining significance of national boundaries At a deeper level globalization is the proposition that nation states are losing the power to control what occurs within their borders and that what transpires across borders is rising in relative significance The Ethical Dimensions of Global Development An Introduction the fifth book in Rowman Littlefield's Institute for Philosophy and Public Policy Studies series discusses key questions concerning globalization and its implications including Can general ethical principles be brought to bear on questions of globalization Do economic development and self government require a duty of care Is economic destiny crucial to individual autonomy This collection provides readers with current information and useful insights into this complex topic

Religion in Public Spaces Silvio Ferrari, Sabrina Pastorelli, 2016-04-08 This timely volume discusses the much debated and controversial subject of the presence of religion in the public sphere The book is divided in three sections In the first the public private distinction is studied mainly from a theoretical point of view through the contributions of lawyers philosophers and sociologists In the following sections their proposals are tested through the analysis of two case studies religious dress codes and places of worship These sections include discussions on some of the most controversial recent cases from around Europe with contributions from some of the leading experts in the area of law and religion Covering a range of very different European countries including Turkey the UK Italy and Bulgaria the book uses comparative case studies to illustrate how practice varies significantly even within Europe It reveals how familiarization with religious and philosophical diversity in Europe should lead to the modification of legal frameworks historically designed to accommodate majority religions This in turn should give rise to recognition of new groups and communities and eventually a more adequate response to the plurality of religions and beliefs in European society

Religion and Public Policy Sumner B. Twiss, Marian Gh. Simion, Rodney L. Petersen, 2015-02-26 This book pivots around two principal concerns in the modern world the nature and practice of human rights in relation to religion and the role of religion in perennial issues of war and peace It articulates a vision for achieving a liberal peace and a just society

firmly grounded in respect for human rights while working in tandem with the constructive roles that religion can play even amid cultural difference It explores topics including the status and justification of human rights the meaning and significance of religious liberty whether human rights protections ought to be extended to other species how the comparative study of religious ethics ought to proceed and the nature limits and future development of just war thinking Featuring a group of distinguished contributors this is a distinctive contribution that shows a multifaceted and original exploration of cutting edge issues with regards to the aforementioned themes New Directions in American Religious History Harry S. Stout,D. G. Hart,1998-01-01 The eighteen essays collected in this book had their origin in a conference of the same title held at the Wingspread Conference Center in October of 1993 Some of the most distinguished scholars in the field were invited to reflect on their specialties in American religious history in ways that summarized where the field is and where it ought to move in the decades to come Organized according to four general ways of looking at religious history places and regions universal themes transformative events and marginal groups and ethno cultural outsiders the essays address a wide range of topics including Puritanism religion and the Civil War Protestantism and economic behavior gender and sexuality in American Protestantism and the contemporary de Christianization of American culture Featuring contributions from David D Hall Donald G Matthews Allen C Guelzo Gordon S Wood Daniel Walker Howe Robert Wuthnow Jon Butler David A Hollinger and others this thought provoking and up to date collection will interest anyone involved in the study of American religion and history **The Book Review Digest** ,2006 **Book Review Index** ,2006 Every 3rd issue is a quarterly cumulation

Free Press and Diplomatic Review ,1856 **American Book Publishing Record** ,2006 *Religion Returns to the Public Square* Hugh Heclo,Wilfred M. McClay,2003-02-28 Despite talk of a naked public square religion has never really lost its place in American public life As the twenty first century opened it was re emerging in unexpected and paradoxical ways Religious institutions were considered for expanded roles in welfare and education at the same time that the limits of religious pluralism as for example in the relation of Islam to American values became a question of urgent public concern *Religion Returns to the Public Square Faith and Policy in America* explores how and why religion has to be mixed up with American politics Uncovering philosophical historical legal and social roots of this relationship these essays go beyond hot button issues to reflect on the current interactions and future possibilities of religion and politics in America **The Oxford Handbook of Religion, Conflict, and Peacebuilding** Atalia Omer,R. Scott Appleby,David Little,2015-03-02 This volume provides a comprehensive and interdisciplinary account of the scholarship on religion conflict and peacebuilding Looking far beyond the traditional parameters of the field the contributors engage deeply with the legacies of colonialism missionary activism secularism orientalism and liberalism as they relate to the discussion of religion violence and nonviolent transformation and resistance Featuring numerous case studies from various contexts and traditions the volume is organized thematically into five different parts It begins with an up to date mapping of scholarship on religion and violence and religion

and peace The second part explores the challenges related to developing secularist theories on peace and nationalism broadening the discussion of violence to include an analysis of cultural and structural forms In the third section the chapters explore controversial topics such as religion and development religious militancy and the freedom of religion as a keystone of peacebuilding The fourth part locates notions of peacebuilding in spiritual practice by focusing on constructive resources within various traditions the transformative role of rituals youth and interfaith activism in American university campuses religion and solidarity activism scriptural reasoning as a peacebuilding practice and an extended reflection on the history and legacy of missionary peacebuilding The volume concludes by looking to the future of peacebuilding scholarship and the possibilities for new growth and progress Bringing together a diverse array of scholars this innovative handbook grapples with the tension between theory and practice cultural theory and the legacy of the liberal peace paradigm offering provocative elastic and context specific insights for strategic peacebuilding processes

Corporeality, Medical Technologies and Contemporary Culture Francisco Ortega, 2013-12-17 Corporeality Medical Technologies and Contemporary Culture engages the confusions and contradictions in current attitudes to and practices of the body

Religion and the Politics of Development P. Fountain, R. Bush, M. Feener, 2015-04-07 This volume brings emerging research on religion and development into conversation with politics Deploying innovative conceptual frameworks and drawing on empirical research from across contemporary Asia this collection makes an incisive contribution to the analysis of aid and development processes
