Public Opinion In Postcommunism

Stephen White, Daniel Nelson

Public Opinion In Postcommunism:

Public Opinion in Postcommunist Russia Matthew Wyman, 1996-12-03 This book is a comprehensive account of trends in Russian public opinion over the period 1988-94. Analysing data from Russian polling organizations it covers the development of a professional polling industry and looks at changing popular moods, the depth of democratic values, attitudes towards political institutions, the attempt to introduce a free market economy and views about the loss of empire. Concluding sections consider attitudinal differences between social groups and the impact of public opinion on postcommunist politics.

Postcommunism Michael Mandelbaum, 1996 This book offers distinctive perspectives by four leading students of politics on the single most important social, political and economic development of the 1990s: post-communist Eurasia.

Values and Political Change in Postcommunist Europe W. Miller, S. White, P. Heywood, 1998-01-19 This is a book about political values: socialist, nationalist, liberal and democratic values in five former communist countries: Russia, Ukraine, Hungary, Slovakia and the Czech Republic. Based on eleven surveys involving extended interviews with 7350 members of the public and 504 Members of Parliament, it provides an authoritative account of the extent to which politicians and the public in East-Central Europe and the Former Soviet Union have rejected communist ideals and adopted nationalist and/or liberal democratic values.

The Politics of the Postcommunist World Stephen White, Daniel Nelson, 2017-11-01 This title was first published in 2001. This series brings together the most significant journal articles to appear in the field of comparative politics since the 1970s. The aim is to render accessible to teachers, researchers and students an extensive range of essays as a basis for understanding established terrain and new ground.

The Ethics of Postcommunism S. Prozorov, 2009-04-08 Prozorov offers a radical reinterpretation of contemporary Russian politics in terms of Agamben's philosophy. Reconstructing Agamben's conception of the end of history that challenges the Hegelian thesis, Prozorov approaches post-communist Russia as a post-historical terrain in which the teleological dimension of politics has been deactivated.

The Political Analysis of Postcommunism Volodymyr Polokhalo, 1997 Transformation is still the order of the day in the politics of the former Soviet Union and Eastern Europe as they emerge from decades of communism and try to forge new identities, new economies, new societies. The Political Analysis of Postcommunism offers the perspectives of prominent political scientists, historians, sociologists, philosophers and others, each writing on a particular aspect of the transformation of society from communist to postcommunist forms. Originally published in English and Ukrainian in 1995 in Kiev by the editors of the Ukrainian journal Political Thought, this volume is written by those who have themselves lived through the changes. Political scientists, sociologists and others interested in the progress of postcommunist society in the independent formerly communist nations of Eastern Europe and Central Asia will profit from reading these thought-provoking early insights into the world to come.

Prospects for Constitutionalism in Post-Communist Countries Levent Gönenç, 2002-06-18 The last decade of the 20th century saw radical changes in Eastern Europe and the former USSR. Most of these countries made a transition from

totalitarianism or authoritarianism to democracy and from central planning to a market economy Adding to the latter a number of national entities gained their independence after the disintegration of the federative states of the USSR Yugoslavia and Czechoslovakia Many recent studies have focused on these double in some cases triple transitions and scholars from different fields analyzed the so called 1989 Revolution from different perspectives Rather less scholarly attention has been paid to the future of post communist constitutions and prospects for constitutionalism in these countries The main questions dealt with throughout this study can be formulated as follows Will liberal democratic constitutionalism take root in these countries Will new constitutions in Eastern Europe and the former USSR perish or survive This study also aims at contributing to the construction of a general constitutional theory by studying the causes and dynamics of constitutional change in general Such constitutional change is not only on the East European but also on the West European agenda The purpose of this study is not to introduce a general theory about constitutional in stability but studying post communist constitutions will help us to understand the causes and dynamics of constitutional change from a broader perspective

Wage Distribution Fairness in Post-Socialist Countries Zsófia Ignácz, 2017-10-30 Fairness of wage distribution or the perception of such is a phenomenon crucial for the stability of new democracies While theories exist about how change of the political system trickles down to the attitudinal level the systematic analysis of the effect of economic transition on public attitudes has been neglected to a large extent Wage Distribution Fairness in Post Socialist Countries proposes a conceptual framework to measure the fairness of wage distribution Indeed looking particularly at wage distribution fairness in three post socialist societies Hungary East Germany Czech Republic since the transition in 1989 this challenging monograph also aims to understand if and to what extent the experience of a socialist regime motivates individuals to consider wage distribution as fair Contributing to our understanding of the relevance of socialization and other situational factors influencing economic legitimacy Wage Distribution Fairness in Post Socialist Countries will appeal to undergraduate and postgraduate students as well as postdoctoral researchers interested in fields including Sociology Eastern European Studies and Political Economics

Democratic Control of the Military in Postcommunist Europe A. Cottey, T. Edmunds, 2001-11-28 This major comparative study examines the challenges that the countries of postcommunist Central and Eastern Europe have faced in securing democratic control of their armed forces and establishing civilian control of defence policy This book explores how the interaction of the common challenges of postcommunism and the diverse circumstances of individual countries shape civil military relations in this changing region Detailed country case studies written by leading experts compare the experiences of the Central European states such as Poland and Romania the Baltic republics the former Yugoslavia republics Russia and Ukraine

Towards a Normal Stratification Order Ellu Saar, 2011 From a historical perspective the period between the fall of the Berlin Wall 1989 until the Wall Street crash of 2008 was brief but the social changes were far reaching and resulted in the profound alteration of institutional frameworks of post socialist

societies in Central and East European countries e g Estonia This book examines the transformation of Estonian society concentrating on changes in the stratification order The re distribution of the risks and opportunities between different groups in Estonian society the most neoliberal in the European Union and the perceptions about fairness of the most radical changes in post socialist world are the main issues of this volume **Women in the Politics of Postcommunist Eastern Europe** Marilyn Rueschemeyer,2016-09-16

During the Communist period in most of these contries even women with small children typically worked outside the home and their participation in formal institutions was virtually mandatory Today as they are being disproportionately affected by marketization downsizing the dramatic erosion of social services and as their sons are being drafted to participate in an unending series of border wars have women found a new political voice

Post-Communism and the Media in Eastern Europe Patrick H. O'Neil,2014-01-14 This investigation of the media in Poland the Czech Republic Slovakia Hungary Romania and Bulgaria seeks to outline the legacies of communism confronting media reform and how interaction between the media state society and market has led to the particular and unique dynamics in each case *The Challenge of Military Reform in Postcommunist Europe* A. Forster,T. Edmunds,2002-10-23 This major comparative study examines the challenges faced by countries of postcommunist Europe in reforming and professionalizing their armed forces It explores how the interaction of the common challenges of postcommunism and the diverse

circumstances of individual countries are shaping professionalization processes in this changing region The detailed country case studies in this volume written by leading experts to a common analytical framework compare the experiences of Poland the Czech Republic Slovakia Hungary Latvia Lithuania Romania Bulgaria Slovenia Croatia FRY Russia and Ukraine

Migration, Refugee Policy, and State Building in Postcommunist Europe Oxana Shevel,2011-10-24 Why do similar postcommunist states respond differently to refugees Why do some states privilege certain refugee groups while other states do not This book presents a theory to account for this puzzle and it centers on the role of the politics of nation building and of the office of the UN High Commissioner for Refugees UNHCR A key finding of the book is that when the boundaries of a nation are contested and thus there is no consensus on which group should receive preferential treatment in state policies a political space for a receptive and nondiscriminatory refugee policy opens up The book speaks to the broader questions of how nationalism matters after communism and under what conditions and through what mechanisms international actors can influence domestic polices The analysis is based on extensive primary research the author conducted in four languages in the Czech Republic Poland Russia and Ukraine Post-communist EU Member States Susanne Jungerstam-Mulders,2006

Providing insights into the parties and party systems of post communist EU member states within the framework of each country s specific conditions and developments this volume examines the cases of Estonia Lithuania Latvia Poland Czech Republic Slovakia Hungary and Slovenia It is suitable for courses on party systems and EU politics *Building a*

Trustworthy State in Post-Socialist Transition J. Kornai,2015-12-25 Building a Trustworthy State in Post Socialist Transition

considers the problems and prospects for creating trustworthy and reliable public institutions in the aftermath of the transition from socialism in Central and Eastern Europe The volume draws on the experience of those who have lived through and studied the transition and contrasts their insights with those of generalist scholars who study government accountability and democracy The contributions originated in the Collegium Budapest project on Honesty and Trust Theory and Experience in the Light of the Post Socialist Transition organized by J nos Kornai and Susan Rose Ackerman A second volume entitled Creating Social Trust in Post Socialist Transition is being published simultaneously

Soldiers and Societies in Postcommunist Europe A. Forster,T. Edmunds,2003-09-08 This major comparative study examines the development of military society relations in central and eastern Europe since the collapse of communism Soldiers and Societies in Post Communist Europe explores how the interaction of the common challenges of postcommunism and the diverse circumstances of individual countries are shaping patterns of military society relations in this changing region Detailed country case studies written by international experts to a common analytical framework compare the experiences of Poland the Czech Republic Slovakia Hungary Latvia Lithuania Romania Bulgaria Slovenia Croatia Yugoslavia and Ukraine

The Social History of Post-Communist Russia Piotr Dutkiewicz,Sakwa Richard,Kulikov Vladimir,2016-03-17 This book tells the untold story of how ordinary Russian people experienced and coped with Russia s transformations after the end of communism Unlike most studies of the subject which focus on high politics developments in the elite and events at the centre this book which includes findings from interviews memoirs public opinion surveys and press articles and documents from the regions portrays a multi ethnic multi confessional society with different groups affected by the deep and varied changes in diverse and different ways The book covers economic developments social changes how official policies played out at the grass roots level the psychological impact of the changes and the impact on public opinion and how different regions were affected differently Overall the book reveals the hidden dynamics of Russian society including its formal and informal mechanisms and rules for relating to the state and other citizens and shows how millions of Russians coped despite all the odds and maintained the integrity and stability of the country

How Russians Understand the New Russia Paul Chaisty,Stephen Whitefield,2025-02-25 The issues that are the most and the least divisive in Russia The collapse of the Soviet Union in 1991 created a new Russia with new territorial boundaries and new political and economic systems The hybrid political economy that emerged incorporated commitments to markets and democracy that were undermined by the state s economic interventions and authoritarian restrictions In this book Paul Chaisty and Stephen Whitefield argue that the hybridity of the post Soviet system provided a strong basis for the consolidation of Russian public opinion and for the management of contestation so that it did not threaten the system itself Drawing on almost thirty years of original public opinion research in Russia Chaisty and Whitefield also find however that the territorial dimension of Russia s postcommunist transformation has disrupted public support for the hybrid political economy In particular they trace the reopening of system

level disagreement between system supporters and system opponents to the nationalist turn in Russian politics that culminated in the 2014 annexation of Crimea and the reactivation of Soviet identities How Russians Understand the New Russia provides the first longitudinal study of Russian public opinion on the system of political and economic power that replaced communism It offers unique insights into how Russian citizens have adapted their views of the new Russia identifying the issues that are the most and the least divisive Chaisty and Whitefield track Russian public opinion on a broad range of policy questions discuss the political importance of both voting and not voting and consider problems of nation building and national identity Finally they weigh the impact of the Ukraine war on Russia s hybrid system and whether consolidation or further contestation is more likely

Agriculture and the State in Soviet and Post-Soviet Russia

Stephen Wegren, 2010-11-23 Winner 1999 Edward A Hewett Book Prize from AAASS A comprehensive original and innovative analysis of the social economic and political factors affecting contemporary Russian reform the book is organized around the central question of the role of the state and its effect on the course of Russian agrarian reform In the wake of the collapse of the USSR contemporary conventional wisdom holds the the Russian state is weak Stephen Wegren feels that the traditional approach to the weak strong state suffers from measurement and circular logic problems believing that the Russian state thought weaker than in its Soviet past is still relatively stronger than other actors The state s strength allows it to intervene in the rural sector in ways that other power contender cannot Specifically as a measure of state intervention Wegren analyzes how the state has influenced urban rural relations rural rural relations and the nonstate private agricultural sector Several dilemmas arose that have complicated successful agrarian reform as a result of the nature of state interventions how reform policies were defined and the incentives rhar arose from state sponsored policies During contemporary Russian agrarian reform urban rural differences have widened marked by a deterioration in rural standards of living and increased alienation of rural political groups from urban alliances At the same time within the rural sector reform failed to reverse rural egalitarianism In addition the nature of state interventions has undermined attempts to create a vibrant productive private rural sector based on private farming Wegren s research is based upon extensive field work interviews archival documents and published and unpublished source material conducted over a six year period and he demonstrates the link between agrarian reform and the success of overall reform in Russia This learned and often controversial volume will interest political scientists policy makers and scholars and students of contemporary Russia
