

# PUBLIC POLICY

Public policy refers to the government's stance toward, and efforts to address, issues of public concern.

## DEFINITION

Peters defines public policy as "...the set of activities that governments engage in for the purpose of changing their economy and society" (2015). Public policy decisions are primarily made by the government, although they can sometimes involve non-profit organizations and citizens (experts, stakeholders, etc.) (Brandsen, 2022). Various scholars conceive public policy in different ways.

## EXAMPLE

**Public Health Policy:** The government's health policy covers aspects such as providing healthcare access to everybody, ensuring affordability and quality, tackling public health emergencies, and so on. Many countries, such as Canada and the United Kingdom, have centrally managed health systems with the goal of accessibility for all, while the USA has a more open-market system.

**Public Policies and Their Politics** Randall B. Ripley, 1966      Public Policies and Their Politics Randall B. Ripley, 1966

*Alaska Politics and Public Policy* Clive S. Thomas, Laura Savatgy, Kristina Klimovich, 2016-06-15 Politics in Alaska have changed significantly since the last major book on the subject was published more than twenty years ago with the rise and fall of Sarah Palin and the rise and fall of oil prices being but two of the many developments to alter the political landscape. This book the most comprehensive on the subject to date focuses on the question of how beliefs institutions personalities and power interact to shape Alaska politics and public policy. Drawing on these interactions the contributors explain how and why certain issues get dealt with successfully and others unsuccessfully and why some issues are taken up quickly while others are not addressed at all. This comprehensive guide to the political climate of Alaska will be essential to anyone studying the politics of America's largest and in some ways most unusual state.

Public Libraries, Public Policies, and Political Processes Paul T. Jaeger, Ursula Gorham, John Carlo Bertot, Lindsay C. Sarin, 2014-04-15 Drawing on two decades of original research conducted by the authors as well as existing research about the intersection of public policy political discourse and public libraries this book seeks to understand the origins and implications of the current standing of public libraries in public policy and political discourse. It both explains the complex current circumstances and offers strategies for effectively creating a better future for public libraries. The main message is that there is a pressing need for public librarians and other supporters of public libraries to be aware of the political process and its implications for libraries. Attuned to the interrelationships between policy and politics and engaged in the policy process to articulate the need for policies that support public libraries. The style is both scholarly and accessible to general readers with the goal of being useful to students educators researchers practitioners and friends of public libraries in library and information science. It will also be useful for those engaged in areas of public policy government economics and political science who are interested in the relationships between public libraries public policy and political processes. Building upon the discussion of the key issues the book offers proposals for professional policy making and political strategies that can strengthen the public library and its ability to meet the needs of individuals and communities. The discussion and analysis in the book draw upon data and real world examples from the many studies that the authors have conducted on related topics including libraries outreach to increasingly diverse service populations and efforts to meet community needs through innovative partnerships. As the intersection of politics policy and libraries has grown in importance and complexity in recent years the need for a book on their interrelationships is long overdue.

*Political Parties and Public Policy in the German Länder* E. Turner, 2011-08-26 Political Parties and Public Policy in the German Länder considers the extent to which and in what circumstances political parties affect public policy. Exploring the regional level in Germany using case studies in the areas of education childcare and family and labour market policy.

*Public Policy* Christopher A. Simon, 2015-11-17 Built on the premise that all public policy is ultimately grounded in the

philosophy of governance Christopher A Simon's second edition continues to approach policy by combining normative and empirical perspectives This deeply revised second edition continues to expose students to the basis of preferences policy making processes policy history and current policy decisions and outcomes Chapters conclude with a case studies engaging students in the application of their theoretical knowledge to the real world and encouraging them to be informed and active citizens Key Features Alternate tables of content are included to provide professors and students with flexible easy to implement options for approaching and assigning public policy Case studies provide real world examples that concretely illustrate theoretical concepts End of Chapter questions reinforce key concepts and encourage students to think critically about the chapter topics Each chapter ends with a two part summary that offers a review of the major chapter concepts Lessons Learned and puts them in context The Big Picture

**Comparative Politics: Comparative public policy** Howard J. Wiarda, 2005 This collection reprints essential articles in the systematic study of all of the world's political systems The pieces here focus on issues such as public opinion formation interest group lobbying political party activity as well as the institutions of government including executives legislatures and legal systems br br The editors have also written an introductory volume explaining the history main approaches and controversies in the field covering the debates on formal legalism developmentalism dependency theory corporatism rational choice and much more *Political Economy for Public Policy* Ethan Bueno de Mesquita, 2016-08-23 The ideal introductory textbook to the politics of the policymaking process This textbook uses modern political economy to introduce students of political science government economics and public policy to the politics of the policymaking process The book's distinct political economy approach has two virtues By developing general principles for thinking about policymaking it can be applied across a range of issue areas It also unifies the policy curriculum offering coherence to standard methods for teaching economics and statistics and drawing connections between fields The book begins by exploring the normative foundations of policymaking political theory social choice theory and the Paretian and utilitarian underpinnings of policy analysis It then introduces game theoretic models of social dilemmas externalities coordination problems and commitment problems that create opportunities for policy to improve social welfare Finally it shows how the political process creates technological and incentive constraints on government that shape policy outcomes Throughout concepts and models are illustrated and reinforced with discussions of empirical evidence and case studies This textbook is essential for all students of public policy and for anyone interested in the most current methods influencing policymaking today Comprehensive approach to politics and policy suitable for advanced undergraduates and graduate students Models unify policy curriculum through methodological coherence Exercises at the end of every chapter Self contained appendices cover necessary game theory Extensive discussion of cases and applications **Kentucky Government, Politics, and Public Policy** James C. Clinger, Michael W. Hail, 2013-10-08 The cornerstone of the American republic is an educated active and engaged citizenry however the multifaceted inner workings of government and the

political forces that shape it are incredibly complex Kentucky Government Politics and Public Policy is the first book in nearly three decades to provide a comprehensive overview of the commonwealth's major governing and political institutions and the public policy issues that profoundly affect Kentuckians' daily lives In this groundbreaking volume editors James C Clinger and Michael W Hail have assembled respected scholars from across the state to inform citizens about their governing institutions the consequences of their policy choices and the intricacies of the political process They provide clear and authoritative information on Kentucky's government and explain significant trends and patterns exploring the legacy of the state's political history and illuminating the contributions of influential Kentucky politicians such as Henry Clay Abraham Lincoln and Jefferson Davis The contributors also address essential topics such as the structure and function of the three branches of government the constitution and federalism and intergovernmental relations as well as administration budgeting and finance They analyze key issues in education policy economic and community development and health care in great detail explaining persistently controversial topics such as campaign finance the cost of elections ethics and the oversight of regulatory agencies From the executive branch to the legislature from the court system to political parties there is no better primer on government in the commonwealth

The Behavioral Study of Political Ideology and Public Policy Formulation Carl Grafton, Anne Permaloff, 2005 This anthology focuses on the behavioral study of political ideology and its connection to public policy formulation The public policy implications of ideology largely ignored by textbooks on ideology have never been the purview of a single scholarly community Instead this area encompasses several specialties of political science public administration and economics Across these disciplines the behavioral study of political ideology appears fragmented This book is intended to pull these pieces together by showing the role of ideology in policy formulation and demonstrating methods by which the ideology public policy relationship can be studied

**Economics, Politics, and American Public Policy** James J. Gosling, Marc Allen Eisner, 2013 This text introduces students to the interrelationship of politics and economics in American public policymaking how economic concerns have been legislated into law since Franklin Roosevelt's time and how politics affects the economy and the making of public policy Topics covered include How to measure various indicators of economic performance How the U S economy works domestically and internationally How and why policymakers act to stabilize an economy in an economic downturn The book also covers major social insurance programs and the current fiscal issues concerning current and future costs The book concludes with a full chapter case study on the Obama administration's response to the Great Recession and its dealings with Congress including the implementation of the Affordable Care Act

**Business, Politics and Public Policy** J. Marques, P. Utting, 2010-05-13 This is the second volume on the changing nature of state business relations This book examines how the dynamics of business have influenced public policy in the context of economic liberalization and democratization It identifies the circumstances under which business might support progressive policies in developing countries

**Politics, Public Policy and Social Protection in Africa**

Nicholas Awortwi, Emmanuel Aiyede, 2017-05-08 Africa is now in a much improved position to support its poor and vulnerable people. It has more money, more policy commitment and abundant intervention programmes. Yet the number of citizens living lives of desperation or at risk of destitution is at an all time high and still rising. What is turning such positive prospects into such a disappointing result? This book reveals key answers drawing on empirical studies of cash transfer programmes in Botswana, Ghana, Kenya, Nigeria and Uganda. The studies uncover the motives of donors, politicians and the poor themselves and why governments are not expanding the donor driven pilot programmes as expected. **Public Policy Praxis** Randy S. Clemons, Mark K. McBeth, 2015-08-26 This readable and conceptual approach to public policy carefully balances theory and practice to provide students at all levels with a solid grounding in policy analysis. Authors Randy S. Clemons and Mark K. McBeth explore the impact of mixed methodologies on policy analysis supported by interesting and useful teaching cases. Offering a balanced view of public policy, the text addresses the political basis of policy making and analysis and covers the limitations, practical problems and ethical implications of different techniques and methodologies. Models and tools are provided to help students develop the analytical skills necessary for policy analysis while engaging boxes and anecdotes relate concepts to specific examples. In addition to new coverage, this edition has been revised to make the book even more accessible to undergraduates without weakening its usefulness to graduate students. Handbook on Critical Political Economy and Public Policy Christoph Scherrer, Ana Garcia, Joscha Wullweber, 2023-01-20 This comprehensive and stimulating Handbook examines the contribution of political economy to public policy. It provides an overview of several strands of critical political economy supported by case studies from OECD countries, Latin America, South Africa and South and East Asia. **Politics, Values, And Public Policy** Frank Fischer, 2019-06-04 Addressed to the growing concerns about norms and values in policy assessment, this study develops a methodology for the political evaluation of public policy. It is designed to move policy evaluation beyond its current emphasis on efficient achievement of goals, focusing instead on the assessment of the acceptability of the goals themselves. **Catholics, Politics, and Public Policy** Clarke E. Cochran, David Carroll Cochran, 2003-01-01 Two political scientists show how principles of Catholic social teaching apply to contemporary political issues. **Politics, Policy, and Public Options** Ganesh Sitaraman, Anne Alstott, 2021-07 This volume is the first interdisciplinary collection to assess public options as a single category. This title is also available as Open Access on Cambridge Core. Public Policy R. K. Saprú, 2004 **Designing Public Policies**, 2010-12-17 This textbook provides a concise and accessible introduction to the principles and elements of policy design in contemporary governance. Howlett seeks to examine in detail the range of substantive and procedural policy instruments that together comprise the toolbox from which governments select specific tools expected to resolve policy problems. Guiding students through the study of the instruments used by governments in carrying out their tasks, adapting to and altering their environments, this book discusses several current trends in instrument use often linked to factors such as globalization and the increasingly networked nature

of modern society Considers the principles behind the selection and use of specific types of instruments in contemporary government Evaluates in detail the merits demerits and rationales for the use of specific organization regulatory financial and information based tools and the trends visible in their use Addresses the issues of instrument mixes and their re design in a discussion of the future research agenda of policy design Providing a comprehensive overview of this essential component of modern governance and featuring helpful definitions of key concepts and further reading this book is essential reading for all students of public policy administration and management
